This year we received about 170 submissions to ICWL 2008. There were a total of 52 full papers representing an acceptance rate of about 30% plus one invited paper accepted for inclusion in this LNCS proceedings. The authors of these accepted papers came from many different countries. We would like to thank all the reviewers for spending their precious time reviewing the papers and for providing valuable comments that aided significantly in the paper selection process. Authors of the best papers presented in this conference will be invited to submit extended versions of their papers for possible publication in a special issue of IEEE Internet Computing. This was the second time that the ICWL conference was organized in China. It was particularly special this year to hold ICWL 2008 in China as the Beijing 2008 Olympic Games were co-located in the same country during the conference period. We would like to especially thank our Organization Co-chair Lanfang Miao for spending an enormous amount of effort in coordinating the local arrangements. In fact, we would like to thank the entire conference Organizing Committee for their hard work in putting together the conference. In particular, we would like to express our appreciation to our Registration Chairs Jiying Jean Wang and Lanfang Miao and Treasurer Howard Leung for their tremendous efforts in communicating with the authors regarding registration matters and maintaining the registration lists up to date.

Frontiers in Public Health: Editor's pick 2022-23 Paolo Vineis, 2024-11-01. Welcome to our Editor's Pick collection for Frontiers in Public Health showcasing a curated selection of the most impactful and innovative articles in the field. These articles were specially hand-picked by our Field Chief Editor Professor Paolo Vineis of Imperial College London. This compilation highlights the breadth and depth of contemporary public health research featuring studies that address pressing global health challenges and propose practical solutions. We have categorized the selected articles into 8 categories for ease of readership: Aging and Chronic Diseases, Child and Maternal Health, Environmental Health and Climate Change, Infectious Diseases, Implementation Science and Experimental Studies, Health Inequalities and Social Determinants of Health, Mental Health, and Emerging Public Health Issues. Each chosen article not only advances scientific understanding but also underscores the importance of evidence-based practices and policies in improving population health. We are proud to present this diverse array of research that not only reflects the current state of the field but also aims to inspire further inquiry and innovation. 2022 and 2023 were landmark years for the journal, which saw tremendous growth and interest in open access. Our goal is to spotlight the exceptional work of our authors, foster readership, and innovation through our open access principles, and extend our gratitude to our Editorial Board for their persistent dedication and teamwork.
