How To Research The Supreme Court

Lee Epstein, Stefanie A. Lindquist

How To Research The Supreme Court:

How to Research the Supreme Court Fenton S. Martin, Robert Goehlert, 1992 **Legal Research** Cara O'Neill, Jessica Gillespie, 2024-08-27 Legal Research empowers readers by explaining how to find accurate legal information including statutes regulations and case law in easy to understand language *The Oxford Handbook of U.S. Judicial Behavior* Lee Epstein, Stefanie A. Lindquist, 2017 The Oxford Handbook of U S Judicial Behavior offers readers a comprehensive introduction and analysis of research regarding decision making by judges serving on federal and state courts in the U S Featuring contributions from leading scholars in the field the Handbook describes and explains how the courts political and social context formal institutional structures and informal norms affect judicial decision making The Handbook also explores the impact of judges personal attributes and preferences as well as prevailing legal doctrine influence and shape case outcomes in state and federal courts The volume also proposes avenues for future research in the various topics addressed throughout the book Consultant Editor for The Oxford Handbooks of American Politics George C Edwards III

Handbook on Politics and Public Opinion Rudolph, Thomas J., 2022-08-18 Examining the nature of public opinion in democratic societies this Handbook succinctly illustrates the importance of public opinion as an instrument of popular control and democratic accountability Expert contributors in the field provide a thorough review of a variety of theoretical and methodological approaches to the study of this timely topic **Presidential Leadership** George C. Edwards, Kenneth R. Mayer, Stephen J. Wayne, 2022-04-06 With a focus on presidential leadership the authors address the capacity of chief executives to fulfill their tasks exercise their powers and utilize their organizational structures to affect the output of government This text examines all aspects of the presidency up to and including the administration of President Joe Biden

Judicial Decision-Making in a Globalised World Elaine Mak, 2014-07-04 Why do judges study legal sources that originated outside their own national legal system and how do they use arguments from these sources in deciding domestic cases Based on interviews with judges this book presents the inside story of how judges engage with international and comparative law in the highest courts of the United Kingdom Canada the United States France and the Netherlands A comparative analysis of the views and experiences of the judges clarifies how the decision making of these Western courts has developed in light of the internationalisation of law and the increased opportunities for transnational judicial communication While the qualitative analysis reveals the motives that judges claim for using foreign law and the influence of globalist and localist approaches to judging the author also finds suggestions of a convergence of practices between the courts that are the subject of this study This empirical analysis is complemented by a constitutional theoretical inquiry into the procedural and substantive factors of legal evolution which enable or constrain the development and possible convergence of highest courts practices The two strands of the analysis are connected in a final contextual reflection on the future development of the role of Western highest courts **The United States Air Force JAG Law Review** ,1972

Controversies in Equal Protection Cases in America Anne Richardson Oakes, 2016-03-03 This collection engages with current issues on equal protection in the USA as seen from the perspectives of leading academics in this area Contributors with a range of perspectives interrogate the legal theoretical and factual assumptions which shape case law and consider the extent to which they satisfactorily address contemporary concerns with social hierarchies and norms Divided into five parts the study focusses on the connections between equal protection jurisprudence discrimination in its contemporary manifestations the implications of identity politics and the moral and political conceptualizations of equality that represent the parameters of debate Drawing on historical analysis and disciplinary insights of the social sciences the book bridges the gap between theory and practice The themes presented and analyses developed are among some of the most contentious currently in America and will be of interest not just to lawyers and legal academics but also to inter disciplinary social science researchers including sociologists economists and political scientists Hearings, Reports and Prints of the Senate Committee on the Judiciary United States. Congress. Senate. Committee on the Judiciary, 1968 *Constitutional Courts, Media and Public Opinion* Angioletta Sperti, 2023-11-16 This book explores how constitutional courts have transformed communication and overcome their reluctance to engage in direct dialogue with citizens How has the information revolution affected the relationship of constitutional courts with the public and the media The book looks in detail at the communication strategies of the US Supreme Court the Supreme Court of Canada and in Europe the German Federal Constitutional Tribunal the French Conseil Constitutionnel and the Italian Constitutional Court arguing that when it comes to the relationship between courts and the media different jurisdictions share many similarities It focuses on the consequences of the communication revolution of courts both in terms of their relationship with public opinion and of the legitimacy of judicial review of legislation Some constitutional courts have attracted criticism by engaging in proactive communication and therefore arguably yielding to the temptation of public support The book argues that objections to the developing institutional communications employed by courts come from a preconceived notion of public opinion It considers the burden the communication revolution has placed on constitutional courts to achieve a balance between transparency and seclusion proximity and distance from public opinion It puts forward important arguments for how this balance can be achieved The book will interest scholars in constitutional law and public comparative law sociologists historians political scientists and scholars of media law and communication studies Routledge Handbook of Judicial Behavior Robert M. Howard, Kirk A. Randazzo, 2017-10-02 Interest in social science and empirical analyses of law courts and specifically the politics of judges has never been higher or more salient Consequently there is a strong need for theoretical work on the research that focuses on courts judges and the judicial process The Routledge Handbook of Judicial Behavior provides the most up to date examination of scholarship across the entire spectrum of judicial politics and behavior written by a combination of currently prominent scholars and the emergent next generation of researchers Unlike almost all other volumes this Handbook

examines judicial behavior from both an American and Comparative perspective Part 1 provides a broad overview of the dominant Theoretical and Methodological perspectives used to examine and understand judicial behavior Part 2 offers an in depth analysis of the various current scholarly areas examining the U S Supreme Court Part 3 moves from the Supreme Court to examining other U S federal and state courts and Part 4 presents a comprehensive overview of Comparative Judicial Politics and Transnational Courts Each author in this volume provides perspectives on the most current methodological and substantive approaches in their respective areas along with suggestions for future research The chapters contained within will generate additional scholarly and public interest by focusing on topics most salient to the academic legal and policy communities

Patent Law Revision United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Patents, Trademarks, and Copyrights, 1967 Considers S 1042 similar S 1691 S 2164 and S 2597 and related bills S 2 and S 1377 to revise the Patent Act to simplify the patent award process and to establish procedures to make patents less

vulnerable to court challenges

Judicial Individuality on the UK Supreme Court Lewis Graham, 2025-02-06 This book presents an empirical analysis of the UK Supreme Court's output over its first ten years with a specific focus on each individual judge's contribution to each case It shows that judges like all of us are human it would be difficult to imagine that any of us even in our most professional capacity could act completely independently of our predilections motivations and biases The same is true for the judges sitting on the UK's highest court Drawing on insights from a bespoke dataset of judgments this work discerns trends and tendencies across each judge's voting patterns and the reasoning they adopt when disposing of cases It not only highlights areas of divergence but also shows how each of the judges tended to vote in different contexts including which were more likely to overturn appeals from lower courts side with certain parties such as the state or underdogs and find liability in various areas tort contract criminal EU immigration and tax law with a special focus on human rights cases Another section illustrates the differences between the judges when it comes to judicial reasoning such as their approach to precedent and preferred methods of statutory interpretation This work shows that different judges exercise their power in different ways Some are more comfortable with pushing boundaries whilst others are more restrained Some grant the state a lot of leeway whilst others apply heavy scrutiny Some are as Lord Denning suggested bold spirits whilst others are timorous souls It shows at least when it comes to the Supreme Court that it matters who our judges are

California. Court of Appeal (1st Appellate District). Records and Briefs California (State)., *Hearings* United States. Congress Senate, 1968

New Directions in Judicial Politics Kevin T. McGuire, 2012-03-15 With its often vague legal concepts and institutions that operate according to unfamiliar procedures judicial decision making is in many respects a highly enigmatic process *New Directions in Judicial Politics* seeks to demystify the courts offering readers the insights of empirical research to address questions that are of genuine interest to students In addition to presenting a set of conclusions about the way in which courts operate this book also models the craft of political research illustrating how one can account for a variety of

factors that might affect the courts and how they operate The renowned scholars and teachers in this volume invite critical thinking not only about the substance of law and courts in America but also about the ways in which we study judicial politics

The United States Air Force Law Review , **Human Rights in the UK and the Influence of Foreign**

Jurisprudence Hélène Tyrrell, 2018-09-20 Longlisted for the 2022 Inner Temple Main Book Prize Human Rights in the UK and the Influence of Foreign Jurisprudence represents the first major empirical study of the use of foreign jurisprudence at the UK Supreme Court This book focuses on the patterns of use and non use of rulings from foreign domestic courts in human rights cases before the UK Supreme Court Results are drawn from quantitative and qualitative research presenting data from the first eight years of Supreme Court activity The evidence includes interviews with active and former members of the senior judiciary as well as a focus group including some of the Supreme Court Judicial Assistants It is argued that foreign jurisprudence is more intimately woven into the fabric of judicial reasoning and serves a wider range of functions than the term persuasive authority might imply Foreign jurisprudence is used mainly as a heuristic device providing judges with a fresh analytical lens Foreign jurisprudence is also important when interpreting a common legislative scheme supporting dialogue between the Supreme Court and supranational courts such as the European Court of Human Rights The perspectives offered by foreign jurisprudence can also support a stronger conception of domestic human rights In these ways this book addresses a broader political question about the source of human rights in the UK **Utility Corporations** United States. Federal Trade Commission, 1929 Judicial Branch of the Government Julia Hargrove, 2000-03-01 What is the function of the Supreme Court Why is the Bill of Rights so important What are your personal rights Explores the crucial role played by the Judicial Branch with fascinating facts research activities on Supreme Court cases a map exercise and more
