Hunslet Rugby League Club 1883-1973 Les Hoole, 1999 This book is part of the Images of Sport series which uses old photographs and archived images to show the history of various local sports in Great Britain *Hunslet Rugby League Football Club Match Reports 1965*, 1965 **Sport, Leisure and Culture in the Postmodern City** Stephen Wagg, Peter

Bramham, 2016-04-01 The widespread concept of the postmodern city is frequently linked to the decline of traditional manufacturing industries and a corresponding wane of white working class culture In place of these appear flexible working practices a diversified workforce and a greater emphasis on consumption leisure and tourism Illustrated by an interdisciplinary study of Leeds a typical postmodern city this volume examines how such cities have reinvented themselves commercially politically and spatially over the past two decades The work addresses issues like cultural policy city centre development sport leisure and identity and explores different urban processes in relation to changing configuration of class gender and ethnicity in the postmodern city **Rugby League in Twentieth Century Britain** Tony Collins, 2006-09-27

Called the greatest game of all by its supporters but often overlooked by the cultural mainstream no sport is more identified with England's northern working class than rugby league This book traces the story of the sport from the Northern Union of the 1900s to the formation of the Super League in the 1990s through war depression boom and deindustrialisation into a new economic and social age Using a range of previously unexplored archival sources this extremely readable and deeply researched book considers the impact of two world wars the significance of the game's expansion to Australasia and the momentous decision to take rugby league to Wembley It investigates the history of rugby union's long running war against league and the sport's troubled relationship with the national media Most importantly this book sheds new light on issues of social class and working class masculinity regional identity and the profound impact of the decline of Britain's traditional industries For all those interested in the history of sport and working class culture this is essential reading *You Should Have Seen the Caterpillar* Faye Helen Wardle, 2013-04-03

AN EARLY TRANSSEXUALS LONG INVOLVED JOURNEY FROM MALE TO FEMALE It shows the ups and downs of an involved existence both as male and female the joys and the sadness the achievements and the failures the laughs and the tears It is a tale of triumph against the odds an account of success but at great cost A story of a long journey littered with obstacles Finally she finds the self she had sought all her life with at times little prospect of finding Yet there it was so near and yet for most her life so distant *The Witchfinder General* Joyce Gould, 2016-01-14 Labour's octogenarian powerhouse weaves together eighty years of fascinating personal social and political history in her memoirs From Boots Girl to Baroness Joyce Gould boasts an impressive list of experiences and accomplishments Through sixty four years as a Labour Party member she has fought for universal equality for the right to a good standard of life for all and for the spirit of her beloved party The Witchfinder General is the political autobiography of the woman who notoriously made Labour electable again nicknamed the Witchfinder General for her determination to end

the debilitating discord of the 1980s by uncovering and removing the Militant Tendency and as such it is a tender and frank depiction of the party over the past six decades But more than that it is a social history as seen through the eyes of someone who lived it and a personal history of a pharmacist s apprentice turned political warrior who has dedicated her life to making the world a better place These memoirs document a long career in the fight for equality the building of the modern Labour Party and the creation of the Britain we know today British Sport: Local histories Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian *Working-Class Life in Northern England, 1945-2010* Tony Blackshaw,2013-07-30 Taking a fresh look the history of northern working class life in the second half of the twentieth century this book turns to the concept of generation and generational change The author explores Zygmunt Bauman s bold vision of modern historical change as the shift from solid modernity to liquid modernity **Sporting Nationalisms** Mike Cronin,David Mayall,2005-07-08 This volume examines the ways in which sport shapes the experiences of various immigrant and minority groups and in particular looks at the relationship between sport ethnic identity and ethnic relations The articles in this volume are concerned primarily with British American and Australian sporting traditions and the themes covered include the consolidation of ethnic identity in host societies through participation immigrant sports and exclusive sporting organizations assimilation into host societies through participation in indigenous national sports and the construction by outsiders of separate ethnic identities according to sporting criteria *On This Day In Leeds* James Rhodes,2019-04-14 Facts events and people from the history of Leeds for every day of the year James Rhodes is a local history writer blogger and speaker He is a self confessed Leeds obsessive *International Sport* Richard William Cox,2004 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new
