United States and far beyond Blood Runs Green tells the story of Cronin's murder from the police investigation to the trial. It is a story of hotheaded journalists in pursuit of sensational crimes of a bungling police force riddled with informers and spies and of a secret revolutionary society determined to free Ireland but succeeding only in tearing itself apart. It is also the story of a booming immigrant population clamoring for power at a time of unprecedented change. From backrooms to courtrooms, historian Gillian O'Brien deftly navigates the complexities of Irish Chicago, bringing to life a rich cast of characters and tracing the spectacular rise and fall of the secret Irish American society, Clan na Gael. She draws on real-life accounts and sources from the United States, Ireland, and Britain to cast new light on Clan na Gael and reveal how Irish republicanism swept across the United States. Destined to be a true crime classic, Blood Runs Green is an enthralling tale of a murder that captivated the world and reverberated through society long after the coffin closed. Blood of Ravens Jen

McIntosh, 2021-06-15 Hunted. Hidden. Scattered. But the old bloodlines hold true. And now is the time of the Rising. It's been a hundred years since the Shade King orchestrated the Fall of the Graced, a century since he tipped the balance in his favour and brought those magically gifted warriors to their knees. But now a new power is rising, and even the faintest ember buried amongst ash and ruin can reignite the flames of war. Renila remembers nothing of her life before the birth of her son, save the old stories she knows by heart. But when a stranger arrives at the castle, she calls home, her past begins to resurface, and with it, her power. Enslaved by his master's dark magic, the Shade King's general Alexan has been dispatched to hunt down the King's daughter and either return her to her father or kill her. His history with the Princess makes him well-suited to the task, but it may also be his undoing. Keriath, bastard daughter of the Shade King, has been hunted her entire life, and since she was old enough to wield the power in her veins, has dedicated herself to destroying the monster who claims to have sired her. But the events of a single night may change her fate forever. The twins, Lucan and Suriya, are plagued by nightmares, by visions of myth and monsters for which their mysterious yet domineering mother blames Renila and her stories. But there is something she is not telling them, and they are determined to find out what. This enthralling and immersive epic fantasy story is the first in the Rising Series and Jen McIntosh's debut novel. *New Blood* Eddie Falvey, Jonathan Wroot, Joe
