Encyclopedia of American Short Films, 1926-1959 Graham Webb,2020-07-10 Short subject films have a long history
in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that
would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle
any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent
of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films
using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity
of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by
the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the
1950s **Educational Music Magazine** ,1929
