spiritual growth is the knowledge that human beings long for love They desire to know their worth and value This seeking leads to a desire for a relationship with God In order to grow in faith to a deeper relationship with God it is important to first have a strong sense of one's own worth as a basis for growth This involves an accurate self perception and a loving self acceptance Affirmation can help to develop a loving self acceptance where one can experience feel and see one's worth Affirmation is a gift of love from one person to another where one receives oneself as one experiences one's own goodness and dignity from the other and one learns one is lovable Another key to spiritual growth is self knowledge Self acceptance and self knowledge are the beginning of the spiritual life Developing emotional awareness leads to greater self knowledge Emotions need to be listened to and interpreted as part of the development of self knowledge and self acceptance This emotional awareness is the beginning of understanding the negative patterns of behavior that comes out of one's woundedness With the healing presence of Christ through prayer one can experience God's love for them in one's woundedness and know that God dwells within and desires to transform and heal wounds with his love This affirms one in one's worthiness enabling one to be able to open to receive love and then return love In spiritual direction one seeks a relationship with God It is a sacred time of growth conversion and transformation It is a time when one looks at a relationship with self others and God One is empowered by the grace of God to enter this process and continue the development of these relationships The ministry of spiritual direction is called to be the sacred place where humanity in their fullness meets their God and accepts his mercy When one surrenders to this grace one is surrendering to love mercy and affirmation One's self image and relationship with others and God are touched and experienced in a new light

Daniels,2013-11-05 Every person s life is a profound mystery Deep and invisible currents make us who we are and the world

around us is full of secret purposes and laws One reaction to all this mystery is to treat it as a problem to be solved and to do everything possible to be informed and in control But another way is to bow down in ignorance and confess our limitations Religion and spirituality for eons has been closely connected and offered creative ways to become individuals of depth and compassion by embracing spirituality The religions have a cherished cargo but they often fail in their job by moralizing intellectualizing and defending themselves to such an extent that their real intention is clouded Today individuals all over the world are deserting the religions in disgust and anger Still everybody has an instinct for transcendence Individuals know that some kind of spiritual life is essential and so a lot of people are exploring on their own or joining new churches and communities They differentiate between their own personal spirituality they ve found and the religious institution they ve abandoned

The Succession Principle David L. McKenna, 2014-12-23 Succession is the hot topic in leadership development but the subject has rarely been addressed in Christian literature As a college university and seminary president who experienced three successions in leadership David McKenna is eminently qualified to speak on the subject He begins by introducing us to the Succession Principle What we bring to leadership is important What we do in leadership is more important What we leave from our leadership is most important of all Once our priority shifts from success to succession the door is open to read John 17 as the Prayer of Succession for Jesus In this final report Jesus transfers to his disciples and to us the same enduring trust transforming truth and unifying love that he has received for leadership from his Father With these legacies come specific gifts of succession to complete our task develop disciples advance the kingdom and see the fulfillment of Christ s promise Greater things than these shall you do Succession in the spirit of Christ then is written not in terms of success but in the seamless transition of sustainable gifts culminating in the gift of greater things
