*Author of Golf in the Kingdom*

The background of the cover is a photograph of a golf course at sunset. The sun is low on the horizon, casting a warm, orange glow across the sky and the grass. In the distance, two small figures of people can be seen on the course. A diamond-shaped kite, divided into four quadrants of different colors, is flying in the sky to the right of the title. A thin, green, swirling line extends from the kite, looping around the word 'Irons' in the title.

sports or other endeavors and Esalen Institute cofounder Michael Murphy carefully documents this phenomenon in one of the most comprehensive works of its kind. Murphy and coauthor Rhea A. White categorize twenty types of extraordinary athletic feats, exalted states of consciousness, and altered perceptions that they say evoke the richness of a spiritual practice.

This wide-ranging compendium includes insights from amateur Olympic and professional athletes such as Michael Jordan, Mario Andretti, Jack Nicklaus, and Arnold Schwarzenegger.

*Esalen* Jeffrey J. Kripal, 2011-09-07

Jeffrey Kripal here recounts the spectacular history of Esalen, the institute that has long been a world leader in alternative and experiential education and stands today at the center of the human potential movement. Forged in the literary and mythical leanings of the Beat Generation, inspired in the lecture halls of Stanford by radical scholars of comparative religion, the institute was the remarkable brainchild of Michael Murphy and Richard Price. Set against the heady backdrop of California during the revolutionary 1960s, Esalen recounts in fascinating detail how these two maverick thinkers sought to fuse the spiritual revelations of the East with the scientific revolutions of the West or to combine the very best elements of Zen Buddhism, Western psychology, and Indian yoga into a decidedly utopian vision that rejected the dogmas of conventional religion. In their religion of no religion, the natural world was just as crucial as the spiritual one; science and faith, not only commingled but became staunch allies, and the enlightenment of the body could lead to the full realization of our development as human beings.

An impressive new book, Kripal has written the definitive intellectual history of the ideas behind the institute. *San Francisco Chronicle*: Kripal examines Esalen's extraordinary history and evocatively describes the breech birth of Murphy and Price's brainchild. His real achievement, though, is effortlessly synthesizing a dizzying array of dissonant phenomena: Cold War espionage, ecstatic religiosity, incongruous pairings, Darwinism, Tantric sex, and otherwise schizy ephemera, psychedelic drugs, spaceflight, into a cogent, satisfyingly complete narrative.

*Atlantic Monthly*: Kripal has produced the first all-encompassing history of Esalen, its intellectual, social, personal, literary, and spiritual passages. Kripal brings us up to date and takes us deep beneath historical surfaces in this definitive, elegantly written book.

*Playboy* [The Life We Are Given](#) George Leonard, 2005-10-20

The author of *The Future of the Body* and the author of *Mastery* team up to present a proven method for reaching the next stage of human development. Can people with the time and energy-consuming concerns of job and family find a way to transform their lives through a regular, long-term program of body-mind-spirit development? Is it possible through conscious choice to participate in the next step of human evolution? Two of the most distinguished theorists and teachers of human transformation believe the answer to these questions is yes. In this inspiring and practical book, George Leonard and Michael Murphy offer a comprehensive program of Integral Transformative Practice (ITP) based on a two-year experimental class that grew out of their lifework. Drawing upon some seventy years of combined experience in the study of human potential along with the significant findings of their recent experiment, they present step-by-step instructions for joining body, mind, heart, and soul in an evolutionary adventure that has powerful personal and social

implications Their message will be especially refreshing to those who have become disillusioned by promises of immediate gratification instant learning and effortless enlightenment This book shows the way to profound and lasting transformation through long term practice It celebrates the day by day joys of the path while opening fresh vistas to human futures Jacob Atabet Michael Murphy, 2011-06-07 DIVDIVA spiritual thriller by the bestselling author of Golf in the Kingdom divDIV divDIVAs publisher writer and researcher Darwin Fall has gathered a wide range of evidence for human nature s supernormal capacities but his photographs and case stories can only take him so far He needs living proof So when a mysterious man named Jacob Atabet disturbs morning mass at a Catholic church in his neighborhood Fall thinks he may have found just what he s looking for setting in motion a quest that leads him to push beyond the limits of his own imagination divDIV divDIVDefying categorization Michael Murphy artfully maneuvers through the shoals of fiction science self knowledge and invention div div **Let There Be Pebble** Zachary M.
