Treasures of the Santa Catalina Mountains Robert E. Zucker, 2014 The famous legend of the Iron Door Mine a forgotten mission and a lost city somewhere in the Santa Catalina Mountains north of Tucson Arizona has lured prospectors and treasure hunters for hundreds of years The discoveries of early Spanish placer mining sites stone ruins and stories of the mountains only fueled speculation about the riches still left behind Common knowledge among the locals eventually gained legendary status Even more surprising was the abundance in gold silver and copper etched into the mountains These stories became embedded in Arizona's early history and were spun into some sensational legends and featured in numerous literary

and film adventures Treasures of the Santa Catalina Mountains explores the legends and history of the Catalinas compiled from out of print books magazines newspapers and recollections from local prospectors More than 430 pages and over 1 200 references

Stories and Stone Reuben J. Ellis, 1997. Chaco Canyon, Canyon de Chelly, Mesa Verde, Hovenweep. For many, such historic places evoke images of stone ruins, cliff dwellings, pot shards, and petroglyphs. For others, they recall ancestry. Remnants of the American Southwest's ancestral Puebloan peoples, sometimes known as Anasazi, have mystified and tantalized explorers, settlers, archaeologists, artists, and other visitors for centuries. And for a select group of writers, these ancient inhabitants have been a profound source of inspiration. Collected here are more than fifty selections from a striking body of literature about the prehistoric Southwest: essays, stories, travelers' reports, and poems spanning more than four centuries of visitation. They include timeless writings such as John Wesley Powell's *The Exploration of the Colorado River and Its Tributaries* and Frank Hamilton Cushing's *Life at Zuni*, plus contemporary classics ranging from Colin Fletcher's *The Man Who Walked Through Time* to Wallace Stegner's *Beyond the Hundredth Meridian* to Edward Abbey's *The Great American Desert*. Reuben Ellis's introduction brings contemporary insight and continuity to the collection, and a section on reading in place invites readers to experience these great works amidst the landscapes that inspired them. For anyone who loves to roam ancient lands steeped in mystery, *Stories and Stone* is an incomparable companion that will enhance their enjoyment.

The Battle for Liberty Sara Beth Parker, 2017-01-29. She danced upon rays of Sunshine and drank the wine of time. Naught in the world could touch her high in her lofty place among princes of the stars and potentates of the mountains. Starlit flowers wove her blankets, and wholesome creatures befriended her; she rested her head upon daisies in the evening and clothed herself in grasses of the morning. She was the Wild Miss; she was Liberty. Far from the verdant lands of Liberty's freedom across sundry wonders of her sweet time, an evil ancient as the days grew in the darkest corner of Whenua Kino. It was called, and it hibernated within the blackened depths of Mont Ata. With the greatest power of the deities in its emblematic hands, this Kino abided below until that idyllic time when the stolen treasure would rise to its utmost potency. When that time arrived, naught in the world could have stayed Kino's cursed hand. Nevertheless, Liberty had to try.

Nogales Jane Eppinga, 2002. Nogales inhabits La Frontera, the Arizona-Mexico border country that exists as much as a state of mind as a place. Here, among the saguaro under the Sonoran desert sun, came conquerors under the flags of Spain, Mexico, the United States, and the Confederate States. From the arrival of Fray Marcos de Niza in the Ambos Nogales territory in 1539, when Nogales was part of New Spain, through the marches of Conquistadores along Spain's El Camino Real or Royal Road to the exploits of Apache

warriors and the Mexican revolutionary Pancho Villa Nogales has been at the center of life on the frontier Nogales Life and Times on the Frontier explores the rich history of this area seasoned by cultures from across the border and around the world Tales of the bustling ranching railroad mining military and produce industries are brought to life through the eyes of figures like rancher Pete Kitchen and West Point's first African American graduate Henry Ossian Flipper These unique stories are highlighted by striking images from vintage postcards period photographs detailed maps and other illustrations that chronicle the journey from lonely Spanish outpost to thriving modern gateway

Standing on Common Ground Geraldo L. Cadava, 2013-11-01 Under constant increasingly militarized surveillance the Arizona-Sonora border is portrayed in the media as a site of sharp political and ethnic divisions But this view obscures the region's deeper history Bringing to light the shared cultural and commercial ties through which businessmen and politicians forged a transnational Sunbelt *Standing on Common Ground* recovers the vibrant connections between

Tucson Arizona and the neighboring Mexican state of Sonora Gerald L Cadava corrects misunderstandings of the borderland s past and calls attention to the many types of exchange beyond labor migrations that demonstrate how the United States and Mexico continue to shape one another In the 1940s a flourishing cross border traffic developed among entrepreneurs tourists and students as politicians on both sides worked to cultivate a common ground of free enterprise However the modernizing forces of manufacturing ranching and agriculture marginalized the very workers who propped up the regional economy and would eventually lead to the social and economic instability that has troubled the Arizona Sonora corridor in recent times Standing on Common Ground clarifies why we cannot understand today s fierce debates over illegal immigration and border enforcement without identifying the roots of these problems in the Sunbelt s complex pan ethnic and transnational history Mission to Taff N.D. Pete,2023-12-23 Galactic odyssey of love duty and power unfolds in a web of cosmic mysteries **Report** Ontario. Department of Mines,1912 **Report** Ontario.
