The Stikeman Professorship David S. Mulder, 2020-04-09 When Richard Alan Stikeman an incredible businessman, community leader and family man died from malignant mesothelioma his family, friends and community established the Stikeman Fund for Surgical Advancement and the Stikeman Visiting Professorship in order to commemorate him. Dr Dag Munro Stikeman's treating surgeon proposed the concept of an annual visiting professor as a unique way to honour his patient. The primary goal of the fund was to enhance surgical education for students, residents and faculty in the McGill University Division of Cardiovascular and Thoracic Surgery. In the words of one of the founders Richard's brother Heward Stikeman it should sharpen people and keep McGill's program at the forefront of cardiothoracic education. Former residents were invited to return on an annual basis. Surgical research was added to the program and benefited from the wisdom of fifty world class visitors. This contributed to a high degree of loyalty, adhesion and philanthropy to the division. The Stikeman Visiting Professorship has thus unified cardiothoracic surgery under the McGill umbrella. Dr A R C Dobell identified the professorship
