She's moving in with her boyfriend Dan, she has a stable job and a great group of friends. But she's stuck in what she refers to as meta life, the plight of overthinking and second-guessing to the point of self-sabotage. One day at work, Nora decides to thwart her meta life by following her instincts. In what feels like a moment of revelation, she quits her job. Immediately her meta life goes into overdrive. What on earth was she thinking and what is she going to do now? Fortunately, when a friend asks Nora to rewrite her Internet dating profile, she realizes that not only is she good at it, but she really enjoys it. Billing herself as a Cyrano de Bergerac for the lovelorn, Nora finally begins to find professional success. But soon Nora's meta life has latched onto the question she's asked so many clients: What are the five things she can't live without? Is her flourishing business one of them? Is Dan? With each new client and each step she takes in her own relationship, she must confront her biggest demon: her self-sabotaging meta life. But will she be able to slay it forever?      [The Story Digest](#)
