Engineering & Raising Children Who Succeed! Suzzie Santos, 2015-12-16 It has been shown many times over in studies that parents involved in their kids education and training have a positive influence on their child success and development It

s reflected in better grades and test scores solid participation higher college graduation rates superior mindsets and behaviors in the child and the child being more likely to join positive extra curricular activities Send the message early in your child education that your household is involved and active in their learning and development If you re too tolerant or expect too little your child could find himself herself being a mess or unmotivated If we re too inflexible and rigorous it could cause undue tension or cause your child to feel unable to deliver on your expectations So what s the best way to bring forth a favorable learning environment for your child at home Here is a preview of what you ll soon learn The Positive Influence Of Being Involved In Your Child s Education Raising Children To Succeed How Do We Define Success What Don t Children Need Expect Only The Best From Your Child What They Do Need Boundaries Routines Rules Responsibility Safeguard Your Child s Emotional Wellbeing Creating Your Child s Healthy Sense Of Self Esteem Ways To Develop Self Esteem In Your Child Get Involved In Your Child Activities Hobbies And School The Importance Of Crystal Clear Rules For Your Child Successful Two Way Communications With Your Children Educating Social Skills The Legacy Of Books The Power Of Role Models and much much more

*Motivate Your Child* Elaine Williams, 2015-09-20 Motivate Your Child How to release your child s inner drive and help them succeed in life Part of the Life Psychology Series books written by Psychologists who have practical experience bringing together the latest thinking and practice in a simple and easy to read format aimed at people who need a simple but effective guide for addressing their problems Do you have a child who is lacking in motivation listless and purposeless Are they unhappy and you they don t know why They make very little effort in any of their hobbies or interests or don t have any They are not doing well at school How can we get our children to engage with life To strive to achieve their hidden hopes and dreams It is what every parent wants for their children to use all their potential and have a fulfilling and positive life The reality for many parents in this modern world of mobile phones social media and computer games can seem very different with parents fighting a losing battle to help their children get off the sofa and push themselves a little bit to follow what they really want deep down This guide written with practical experience of what actually works will help you incorporating the latest thinking in motivation and covering all the key years from very young children to young adults and beyond Reconnect with your children understand what drives them and help them be who they really can be Motivate Your Child examines how parents can help a child become more motivated it covers three main age ranges from young children to teenagers and then young adults It challenges some of the traditional thinking regarding motivation that rewards can actually be damaging to motivation and that there may be better long term ways to tap into a child s own internal motivation What others say about Motivate Your Child Our young child became very dependent on rewards to do anything and expected rewards for everything this book helped us realise there are better ways to motivate our child A great book linking theory to daily examples and a useful summary at the end of each chapter it is hard to motivate a teenager but this book actually helped them to motivate themselves Our son was playing computer games all the time and had no interest in school or extra

curricular activities we were worried it's not easy getting them to understand their own motivation especially when competing with his games but it helped us definitely get him moving again and making more effort in other parts of his life A good review of modern and compassionate thinking for motivating children through the various ages with the theory wrapped up with some practical examples and how to's I really struggled with one of my children who seemed so listless it gave me some great insight and I really started to make some headway with getting them to want to do things instead of me just telling them An excellent and practical guide it's not easy but I really did start to understand what motivated my different children and it wasn't always the same thing
