Hunted Heretic The Life Death Of Micha:

Hunted Heretic Roland Herbert Bainton,1953 *Hunted Heretic* Roland Herbert Bainton,2005-01-01 **Michelangelo and the English Martyrs** Anne Dillon,2016-12-05 In May 1555 a broadsheet was produced in Rome depicting the torture and execution in London and York of the Carthusians of the Charterhouses of London Axeholme Beauvale and Sheen during the reign of Henry VIII This single page martyrology provides the basis for an in depth exploration of several interconnected artistic scientific and scholarly communities active in Rome in 1555 which are identified as having being involved in its production Their work and concerns which reflect their time and intellectual environment are deeply embedded in the broadsheet especially those occupying the groups and individuals who came to be known as Spirituali and in particular those associated with Cardinal Reginald Pole who is shown to have played a key role in its production Following an examination of the text and a discussion of the narrative intentions of its producers a systematic analysis is made of the images This reveals that the structure content and intention of what at first sight seems to be nothing more than a confessionally charged Catholic image of the English Carthusian martyrs typical of the genre of propaganda produced during the Reformation is astonishingly dominated by the most celebrated name of the Italian Renaissance the artist Michelangelo Buonarroti Not only are there direct borrowings from two works by Michelangelo which had just been completed in Rome The Conversion of St Paul and The Crucifixion of St Peter in the Pauline Chapel but many other of his works are deliberately cited by the broadsheet s producers Through the use of a variety of artistic scientific and historical approaches the author makes a compelling case for the reasons for Michelangelo s presence in the broadsheet and his influence on its design and production The book not only demonstrates Michelangelo s close relationship with notable Catholic reformers but shows him to have been at the heart of the English Counter Reformation at its inception This detailed analysis of the broadsheet also throws fresh light on the Marian religious policy in England in 1555 the influence of Spain and the broader preoccupations of the Counter Reformation papacy while at the same time enriching our understanding of martyrology across the confessional divide of the Reformation **postChristian** Christian Piatt,2014-08-12 It s the end of Christianity as we know it But it s not a catastrophe it s an opportunity Thousands are walking away from the church Christians are grappling with their faith And both believers and nonbelievers wondering what s coming next Fearless and provocative spiritual trailblazer Christian Piatt offers a roadmap to the future of faith with an unflinching examination of the church today What s left Pairing the best virtues and worst scandals of Christianity Piatt invites us to abandon institutional religion for deeper truer faith Can we fix it Guided by the biggest historical religious and pop cultural pioneers of the post Christian era he demonstrates how to save the best of what Christianity has to offer and how to rediscover and reinvent the rest Do we care There s plenty of good left in Christianity if we dare to be as scandalously graceful and loving as Jesus Himself Bold and insightful Postchristian dares Christians to break out of the box and invites outsiders into the fold as we revolutionize faith for a postmodern world

Vittoria Colonna was one of the best known and most highly celebrated female poets of the Italian Renaissance Her work went through many editions during her lifetime and she was widely considered by her contemporaries to be highly skilled in the art of constructing tightly controlled and beautifully modulated Petrarchan sonnets In addition to her literary contacts Colonna was also deeply involved with groups of reformers in Italy before the Council of Trent an involvement which was to have a profound effect on her literary production In this study Abigail Brundin examines the manner in which Colonna's poetry came to fulfil in a groundbreaking and unprecedented way a reformed spiritual imperative disseminating an evangelical message to a wide audience reading vernacular literature and providing a model of spiritual verse which was to be adopted by later poets across the peninsula She shows how through careful management of an appropriate literary persona Colonna's poetry was able to harness the power of print culture to extend its appeal to a much broader audience In so doing this book manages to provide the vital link between the two central facets of Vittoria Colonna's production her poetic evangelism and her careful construction of a gendered identity within the literary culture of her age The first full length study of Vittoria Colonna in English for a century this book will be essential reading for scholars interested in issues of gender literature religious reform or the dynamics of cultural transmission in sixteenth century Italy It also provides an excellent background and contextualisation to anyone wishing to read Colonna's writings or to know more about her role as a mediator between the worlds of courtly Petrarchism and religious reform **Blood, Sweat and Tears - The Changing**

Refusing to Kiss the Slipper Michael W. Bruening,2021-03-19 History has long viewed French Protestants as Calvinists Refusing to Kiss the Slipper re examines the Reformation in francophone Europe presenting for the first time the perspective of John Calvin s evangelical enemies and revealing that the French Reformation was more complex and colorful than previously recognized Michael Bruening brings together a cast of Calvin s opponents from various French speaking territories to show that opposition to Calvinism was stronger and better organized than has been recognized He examines individual opponents such as Pierre Caroli Jerome Bolsec Sebastian Castellio Charles Du Moulin and Jean Mor ly but more importantly he explores the anti Calvinist networks that developed around such individuals Each group had its own origins and agenda but all agreed that Calvin s claim to absolute religious authority too closely echoed the religious sovereignty of the pope These oft neglected opponents refused to offer such obeisance to kiss the papal slipper arguing instead for open discussion of controversial doctrines They believed Calvin s self appointed leadership undermined the bedrock principle of the Reformation that the faithful be allowed to challenge religious authorities This book shows that the challenge posed by these groups shaped the way the Calvinists themselves developed their reform strategies Bruening s work demonstrates that the breadth and strength of the anti Calvinist networks requires us to abandon the traditional assumption that Huguenots and other francophone Protestants were universally Calvinist

Partakers of the Divine Nature Michael J. Christensen,Jeffery A. Wittung,2007 This critical volume focuses on the issue of continuity and discontinuity of the Christian concept of theosis or deification in the intellectual history of ideas It addresses the origin development and function of theosis from its antecedents in ancient Greek philosophy to its nuanced use in contemporary theological thought Often seen as a heresy in the Protestant West the revival of interest in deification in both lay and scholastic circles heralds a return to foundational understandings of salvation in the Christian church before the divisions of East and West Catholic and Protestant
