Smith, 2014-03-10 What is faith In what ways might faith be a virtue a component of a life well lived How might faith be corrupted and become a vice In *Why Faith Is a Virtue* Philip D. influenced by his experiences in the islands His firsthand knowledge of the region s landscapes and cultures imbues the text with authenticity and depth Frisbie s unique blend of wistfulness and realism reflects his own struggles with identity and belonging making this work not only a narrative of escapism but also a personal exploration of self discovery amidst the allure of the tropical paradise I wholeheartedly recommend *The Island of Desire* to readers who seek both adventure and introspection Frisbie s evocative storytelling will captivate those yearning for a deeper understanding of the nuances of desire offering not only a glimpse into a forgotten world but also timeless insights into the human condition

Prophecy in a Secular Age David True,2021-02-09 The place of religion within a secular society has been much discussed in recent years fueled in part by Charles Taylor s *Secular Age* 2007 The

conversation surrounding Taylor's work suggests a widespread interest in religion in secular or post secular contexts. Even as scholars have become increasingly interested in emerging and novel forms of religion, prophecy has continued to be depicted in traditional forms employed to further partisan agendas. In place of secularity as religious declension and culture clash, this volume explores prophetic works in a variety of forms including satire, tragedy, the novel, Native American tradition, science fiction, the Bible, and higher education itself. Together, the contributors demonstrate that there is much to learn from both religious and secular prophecy. The book is inspired by the idea that prophetic works are a promising subject area for a diverse audience in both higher education and the church. The volume's contributors demonstrate as much in that they work in a wide range of disciplines including religious studies, biblical studies, theology, American studies, literature, philosophy, and political theory.
