Karolides,2014-05-14 Articles examine the history and evolution of censorship presented in A to Z format **I am curious (Yellow); a film by Vilgot Sjöman** V. Sjöman,1968 **Make Love, Not War** David Allyn,2016-05-23 When Helen Gurley Brown s Sex and the Single Girl hit bookstores in 1962 the sexual revolution was launched and there was no turning back Soon came the pill the end of censorship the advent of feminism and the rise of commercial pornography Our daily lives changed in an unprecedented time of sexual openness and experimentation Make Love Not War is the first serious treatment of the complicated events ideas and personalities that drove the sexual revolution forward Based on first hand accounts diaries interviews and period research it traces changes in private lives and public discourse from the fearful fifties to the first tremors of rebellion in the early sixties to the heady heyday of the revolution Bringing a fresh perspective to the turbulence of these decades David Allyn argues that the sexual revolutionaries of the 60s and 70s by telling the truth about their own histories and desires forced all Americans to re examine the very meaning of freedom Written with a historian s attention to nuance and a novelist s narrative drive Make Love Not War is a provocative vivid and thoughtful account of one of the most captivating episodes in American history Also includes an 8 page insert

Nordic Film Cultures and Cinemas of Elsewhere Anna Westerstahl Stenport, 2019-09-27 Nordic Film Cultures and Cinemas of Elsewhere introduces a new concept to Nordic film studies as well as to other small national transnational and world cinema traditions Examining overlooked elsewheres the book presents Nordic cinemas as international cosmopolitan diasporic and geographically dispersed from their beginnings in the early silent period to their present 21st century dynamics Exploring both canonical works by directors like Ingmar Bergman and Lars von Trier as well as a wide range of unknown or overlooked narratives of movement synthesis and resistance the book offers a new model of inquiry into a multi varied Scandinavian cultural lineage and into small nation and pan regional world cinemas

Swinging Single Hilary Radner, Moya Luckett, 1999 Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure In contrast the essays in Swinging Single attribute the new sexual mores of that era not to its political upheavals but to a confluence of social cultural and economic factors that encouraged personal gratification and altered traditionally defined gender roles Contributors analyze a broad range of topics the commercialization of avant garde and exploitation films new visions of female sexuality in *That Girl* and *The Avengers* the social context of such cultural icons as Hugh Hefner and Charles Manson the intersection of race and sexuality in *Eldridge Cleaver's Soul on Ice* and depictions of sexual pleasure in pornography and scientific films
