Back to Blood Tom Wolfe, 2012-10-23 A colorful cast of residents and visitors to Miami go about their daily activities both legal and illegal in this new novel from the author of *The Right Stuff* and *The Electric Kool Aid Acid Test* general fiction Simultaneous

The Pursuit of Happiness and the American Regime Elizabeth Amato, 2018-02-28 The Declaration of Independence claims that individuals need liberty to pursue happiness but provides little guidance on the what of happiness Happiness studies and liberal theory are incomplete guides Happiness studies offer insights into what makes people happy but happiness policy risks becoming doctrinaire Liberal theory is better on personal liberty but weak on the what of happiness My argument is that American novelists are surer guides on the pursuit of happiness Treated as political thinkers my book offers a close reading of four American novelists Tom Wolfe Walker Percy Edith Wharton and Nathaniel Hawthorne and their critique of the pursuit of happiness With a critical and friendly eye they present the shortcomings of pursuing happiness in a liberal nation but also present alternatives and correctives possible in America Our novelists point us toward each other in friendship as our greatest resource to guide us towards happiness

Until Proven Innocent Stuart Taylor, Jr., K. C. Johnson, 2008-09-30 Brutally honest unflinching exhaustively researched and compulsively readable 2 *Until Proven Innocent* 2 excoriates those who led the stampede in the Duke Lacrosse rape case but it also exposes the cowardice of Duke's administration and faculty John Grisham

Critical Approaches to American Working-Class Literature Michelle Tokarczyk, 2012-03-29 This book is one of the first collections on a neglected field in American literature that written by and about the working class Examining literature from the 1850s to the present contributors use a wide variety of critical approaches expanding readers understanding of the critical lenses that can be applied to working class literature Drawing upon theories of media studies postcolonial studies cultural geography and

masculinity studies the essays consider slave narratives contemporary poetry and fiction Depression era newspaper plays and ethnic American literature Depicting the ways that working class writers render the lives the volume explores the question of what difference class makes and how it intersects with gender race ethnicity and geographical location The Church and the Surprising Offense of God's Love (Foreword by Mark Dever) Jonathan Leeman, 2010-01-08 When the world speaks of love it often means unconditional acceptance Many churches have adopted this mind set in their practice of membership and discipline if they have not done away with such structures entirely Yet God's love and God's gospel are different than what the world expects writes Jonathan Leeman They're centered in his character which draws a clear boundary between what is holy and what is not It's this line that the local church should represent in its member practices because the careful exercise of such authority is God's means for guarding the gospel marking off a people and thereby defining his love for the world So how should churches receive and dismiss members How should Christians view their submission to the church Are there dangers in such submission The Church and the Surprising Offense of God's Love responds with biblical theological and practical guidance from both corporate and individual perspectives It's a resource that will help pastors and their congregations upend worldly conceptions and recover a biblical understanding and practice of church authority

A Report from the Front Lines Michael Shahan, 2009 In tribute to the ongoing influence of Robert Benne director of the Center for Religion and Society at Roanoke College fourteen of his friends and colleagues have produced A Report from the Front Lines in which they consider the role of theology in the public arena at this turn of the twenty first century They speak powerfully to the cultural paralysis of the Western world where educated leaders claim that morality must not interfere with science or public policy by showing the relevance of orthodox Christianity to humanity's most pressing problems The constant theme weaving through the volume is Benne's own conviction that Christians can and must engage in the public square with positions forged out of their religious commitments using arguments whose presuppositions allow room for special revelation but whose resultant logic is translated into a shared universal rationality

Tom Wolfe's America Kevin T. McEneaney, 2009-04-30 While *The Right Stuff* and *The Bonfire of the Vanities* remain perhaps his best known works Tom Wolfe's journalism and fiction continues to enjoy a large audience perhaps chiefly because of the variety of his subjects and his controversial approach to them Here McEneaney offers an account of the man and his works explaining along the way Wolfe's use of irony his obsessive themes and even his use of pranks More comprehensive in scope than any preceding book on Wolfe it offers accurate and accessible commentary based upon what Wolfe admits about his own work In this new book Wolfe's work is put in journalistic and literary context The reliability of Wolfe's journalism is discussed especially when there are alternative narrations to events he has depicted McEneaney also examines the Wolfe's use of pranks that he plays on readers at times and uncovers the influences on Wolfe that have contributed to his unique style Finally the author discusses Wolfe's impact on other writers Readers will gain access into Wolfe's world through this detailed and colorful work

Readers will relish his fresh approach to subjects like time and memory, the rituals that carry us through the year, our obsession with health and fitness, the horrors of travel, and the many annoyances of modern life. [House Signs and Collegiate Fun](#) Chaise LaDousa, 2011-06-24 It's no secret that fun is important to American college students, but it is unusual for scholars to pay attention to how undergraduates represent and reflect on their partying. Linguist and anthropologist Chaise LaDousa explores the visual manifestations of collegiate fun in a Midwestern college town where house signs on off-campus student residences are a focal point of college culture. With names like *Boot N Rally*, *The Plantation*, and *Crib of the Rib*, house signs reproduce consequential categories of gender, sexuality, race, and faith in a medium students say is benign. Through his analysis of house signs and what students say about them, LaDousa introduces the reader to key concepts and approaches in cultural analysis. **Media Freedom and Contempt of Court** Eric Barendt, 2017-07-05 The essays discuss the restrictions imposed by contempt of court and other laws on media freedom to attend and report legal proceedings. Part I contains leading articles on the open justice principle. They examine the extent to which departures from that principle should be allowed to protect the rights of parties, in particular the accused in criminal proceedings, to a fair trial and their interest in being rehabilitated in society after proceedings have been concluded. The essays in Part II examine the topical issue of whether open justice entails a right to film and broadcast legal proceedings. The articles in Part III are concerned with the application of contempt of court to prejudicial media publicity; they discuss whether it is possible to prevent prejudice without sacrificing media freedom. Another aspect of media freedom and contempt of court is canvassed in Part IV: whether journalists should enjoy a privilege not to reveal their sources of information.
