**Twenty-First-Century Psalter** Sherryl Brown,2020-01-14 This volume is structurally similar to the 150 ancient songs of the Bible attributed to King David However the content is based on modern thought in the continuing quest for spiritual enlightenment The songs turn away from revenge and fear giving today s reader a contemporary approach to sustaining their faith Each stanza was written as a prayer or a plea to God not just for mercy for us but for strength to be merciful to others Just as the twenty third psalm comforts us in our grief so do these psalms show us a pathway to healing when death robs us of those we love Each song has been written from a theme that was chosen for its relevance Kings, Queens and Fallen Monarchies Robert Stove,2024-12-30 Explores the interwar movements to restore Europe s deposed royal houses examining their political significance and influence on global power dynamics Among the great hidden narratives of twentieth century history are the movements in Europe which between the two world wars aimed to restore the royal and imperial houses forced out of power in 1918 or in Portugal s case eight years earlier These efforts acquired media coverage and often strategic importance far greater than would be now supposed from the cursory often dismissive treatment which they have received from most historians since Campaigns to reinstate such dynasties as the Hohenzollerns the Habsburgs the

Wittelsbachs the Bragan as and even France s House of Orl ans were taken seriously at the highest governmental and journalistic levels in London and Paris not to mention the Holy See Upon the whole phenomenon this book seeks to shed light It discusses both the phenomenon s soft power manifestations the designs of newspaper tycoon Lord Rothermere upon the Hungarian throne for his son for instance and the phenomenon s hard power manifestations among which probably the most dramatic were the successful monarchical campaigns in Albania and Greece With a cast that includes not only the monarchist candidates themselves but Churchill Lloyd George Hitler Mussolini and Franco this is a drama that embraces a continent and forces thorough reappraisals of events which we thought we knew No one can read it without acquiring a firmer grasp of political power s very nature and the sheer narrowness of the gap between victory and defeat
