Spain Cath Senker, 2009 Geography *Prieto* Henry B.

Lovejoy, 2018-11-14 This Atlantic world history centers on the life of Juan Nepomuceno Prieto c 1773 c 1835 a member of the West African Yor b people enslaved and taken to Havana during the era of the Atlantic slave trade Richly situating Prieto's story within the context of colonial Cuba Henry B Lovejoy illuminates the vast process by which thousands of Yor b speakers were forced into life and death struggles in a strange land In Havana Prieto and most of the people of the Yor b diaspora were identified by the colonial authorities as Lucum Prieto's evolving identity becomes the fascinating fulcrum of the book Drafted as an enslaved soldier for Spain Prieto achieved self manumission while still in the military Rising steadily in his dangerous new world he became the religious leader of Havana's most famous Lucum cabildo where he contributed to the

development of the Afro Cuban religion of Santería. Then he was arrested on suspicion of fomenting slave rebellion. Trial testimony shows that he fell ill but his ultimate fate is unknown. Despite the silences and contradictions that will never be fully resolved, Prieto's life opens a window onto how Africans creatively developed multiple forms of identity and resistance in Cuba and in the Atlantic world more broadly. *Oduduwa's Chain* Andrew Apter, 2018. Representative of a new wave of anthropological research on religion in Vietnam, *Modernity and Re-enchantment* brings together in a single book the latest and best research available on this topic. With case studies into a great variety of religious practices, it covers more ground than the small handful of single-authored books currently available on religion in Vietnam. *Brief History of Vietnam* Bill Hayton, 2022-10-25. A comprehensive guide to understanding Vietnam's long and tumultuous history. *A Brief History of Vietnam* explores the turbulent history of a land that has risen from the ashes of war to become the newest Asian tiger economy. This book expertly examines the history of a people and a nation with ancient roots which only took its current shape in the 19th century under French colonial rule and its current name in 1945. Before that, Vietnam was known by many names under many rulers. Located in the geographic center of Southeast Asia, the country we call Vietnam was ruled by China, then by a series of Vietnamese emperors, and by the French. A devastating decades-long conflict for independence ensued, ending with the conclusion of the Vietnam War in 1975. Key topics discussed in this fascinating book include China's ancient conquest of Vietnam and the millennia-long struggle of the Vietnamese for independence from their powerful neighbor to the north. The reign of the Nguyễn dynasty, the last dynasty to rule Vietnam with its capital at the ancient city of Hue (today a UNESCO World Heritage Site). The story of Ho Chi Minh, educated in France, who attended the Treaty of Versailles to advocate for independence and became Vietnam's first president after the French were defeated. The country's miraculous emergence from three decades of war and how it has embarked on the path to becoming one of the world's fastest-growing economies today. Journalist Bill Hayton's accessible prose makes *A Brief History of Vietnam* an essential study of a complex culture at the heart of Southeast Asia and the roots of its current economic dynamism. **Vietnam** James Sullivan, 2022-09-13T00:00:00+02:00.
