Kings Beasts And Heroes:

Kings, beasts and heroes Gwyn Jones, 1968 *Kings, Beasts and Heroes* Gwyn Jones, 1972 **The Germanic Hero** Brian Murdoch, 1996-07-01 In this study the author looks at the role the warrior hero plays within a set of predetermined political and social constraints The hero if not a sword wielding barbarian bent only upon establishing his own fame such fame seekers including some famous medieval literary figures might even fall outside the definition of the Germanic hero the real value of whose deeds are given meaning only within the political construct Individual prowess is not enough The hero must conquer the blows of fate because he is committed to the conquest of chaos and over all to the need for social stability Even the warrior hero's concern with his reputation is usually expressed negatively that the wrong songs are not sung about him The author discusses works in Old English Old and Middle High German Old Norse Latin and Old French deliberately going beyond what is normally thought of as heroic poetry to include the German so called minstrel epic and a work by a writer who is normally classified as a late medieval chivalric poet Konrad von Wurzburg the comparison of which with Beowulf allows us to span half a millennium **The Epic Hero** Dean A. Miller, 2003-05-22 Selected by Choice Magazine as an Outstanding Academic Title From Odysseus to Aeneas from Beowulf to King Arthur from the Mahabharata to the Ossetian Nart tales epic heroes and their stories have symbolized the power of the human imagination Drawing on diverse disciplines including classics anthropology psychology and literary studies this product of twenty years scholarship provides a detailed typology of the hero in Western myth birth parentage familial ties sexuality character deeds death and afterlife Dean A Miller examines the place of the hero in the physical world wilderness castle prison cell and in society among monarchs fools shamans rivals and gods He looks at the hero in battle and quest at his political status and at his relationship to established religion The book spans Western epic traditions including Greek Roman Nordic and Celtic as well as the Indian and Persian legacies A large section of the book also examines the figures who modify or accompany the hero partners helpers animals and sometimes monsters foes foils and even antitypes The Epic Hero provides a comprehensive and provocative guide to epic heroes and to the richly imaginative tales they inhabit **King Arthur** Richard Barber, 1986 Provides information on the actual life of King Arthur along with the development of the legends that surround his life **Gods, Heroes, & Kings** Christopher R. Fee, 2004-03-18 The islands of Britain have been a crossroads of gods heroes and kings those of flesh as well as those of myth for thousands of years Successive waves of invasion brought distinctive legends rites and beliefs The ancient Celts displaced earlier indigenous peoples only to find themselves displaced in turn by the Romans who then abandoned the islands to Germanic tribes a people themselves nearly overcome in time by an influx of Scandinavians With each wave of invaders came a battle for the mythic mind of the Isles as the newcomer's belief system met with the existing systems of gods legends and myths In Gods Heroes and Kings medievalist Christopher Fee and veteran myth scholar David Leeming unearth the layers of the British Isles unique folkloric tradition to discover how this body of seemingly disparate tales developed The

authors find a virtual battlefield of myths in which pagan and Judeo Christian beliefs fought for dominance and classical Anglo Saxon Germanic and Celtic narrative threads became tangled together The resulting body of legends became a strange but coherent hybrid so that by the time Chaucer wrote *The Wife of Bath's Tale* in the fourteenth century a Christian theme of redemption fought for prominence with a tripartite Celtic goddess and the Arthurian legends of Sir Gawain itself a hybrid mythology Without a guide the corpus of British mythology can seem impenetrable Taking advantage of the latest research Fee and Leeming employ a unique comparative approach to map the origins and development of one of the richest folkloric traditions Copiously illustrated with excerpts in translation from the original sources *Gods Heroes and Kings* provides a fascinating and accessible new perspective on the history of British mythology *Hunters, Heroes, Kings* Hallie M. Franks, 2012-10-01 This monograph considers the painted frieze on the facade of Tomb II at Vergina ca 330-280 B.C. as a visual document that offers vital evidence for the public self-stylings of Macedonian royalty in the era surrounding the reign of Alexander the Great The hunting scene on the frieze reflects the construction of Macedonian royal identity through the appeal to specific and long-standing cultural traditions which emerged long before Alexander's reign out of a complex negotiation of claims to heroic and local dynastic pasts regional ideals of kingship and models of royal behavior provided by the East **Arthurian Literature XXX** Elizabeth Archibald, David F. Johnson, 2013-12 Arthurian Literature has established its position as the home for a great diversity of new research into Arthurian matters It delivers fascinating material across genres periods and theoretical issues **TIMES LITERARY SUPPLEMENT** The GERMAN HERO: POLITICS & PRAGMATISM Brian Murdoch, 1996-01-01 In *The Germanic Hero* Brian Murdoch looks at the role the warrior hero plays within a set of predetermined political and social constraints the hero is not a sword-wielding barbarian bent only upon establishing his own fame such fame-seekers including some famous medieval literary figures might even fall outside the definition of the Germanic hero the real value of whose deeds are given meaning only within the political construct Individual prowess is not enough The hero must conquer the blows of fate because he is committed to the conquest of chaos and over all to the need for social stability Brian Murdoch discusses works in Old English Old and Middle High German Old Norse Latin and Old French deliberately going beyond what is normally thought of as heroic poetry to include the German so-called minstrel epic and a work by a writer who is normally classified as a late medieval chivalric poet Konrad von Würzburg the comparison of which with *Beowulf* allows us to span half a millennium *Approaches to Religion and Mythology in Celtic Studies* Alexandra Bergholm, Katja Ritari, 2009-03-26 This publication is the first interdisciplinary collection of articles focusing on religion and mythology in Celtic studies The first part presents various current viewpoints within the field from scholars of history art history and literary studies In addition to more traditional approaches the other two parts of the book illustrate the possibilities of applying new theories and methods from the discipline of Comparative Religion to the analysis of Celtic materials They introduce previously unpublished results of the international research network *The Power of Words* in

Traditional European Cultures and the research project Religion Society and Culture Defining the Sacred in Early Irish Literature funded by the Academy of Finland at University of Helsinki The present collection serves as a significant contribution towards a better understanding of issues that have not been previously brought together in a single volume As such it is of interest to scholars in Celtic studies as well as other related disciplines

Poet and Hero in the Persian Book of Kings Olga M. Davidson, 2019-07-15 A masterpiece of Persian Classical epic the Shahnama or Book of Kings was composed by Abu l Qasem Ferdowsi at the beginning of the eleventh century Because the Shahnama presents itself as a chronicle of the reigns of the shahs from the primordial founders to the Sasanian dynasty which ended in 651 scholarly attention has centered on the question of its historical accuracy Addressing the literary as well as the historical and mythological aspects of the Shahnama Olga M Davidson makes this centerpiece of Iranian culture accessible to Western readers Drawing on recent work in epic studies and oral poetics Davidson considers analogies with Classical and medieval European narratives as she investigates the poem's social contexts Her interpretation of the Shahnama focuses on both the figure of the poet himself and on his protagonists the superhuman hero Rostam and the historical or historicized shahs Exploring the Shahnama as an example of court poetry designed to glorify the idea of empire Davidson identifies as a driving force of Ferdowsi's narrative a strong current of antagonism between king and hero Ironically she shows it is the epic hero himself who poses the greatest threat to the concept of kingship that he is sworn to defend *Poet and Hero in the Persian Book of Kings* will be welcomed by readers working in such fields as comparative literature Middle Eastern Studies folklore literary theory and comparative religion
