Wendel, 2015-09      German for Reading John R. Wendel, Karl C. Sandberg, 2015-09-05 German for Reading presupposes no previous acquaintance with German and can be used with equal effectiveness by graduate students in the arts and sciences who are preparing to pass a reading knowledge examination or by undergraduates who are beginning to deal seriously with the problems of reading Its programmed format permits it to be used either as a classroom text or by individuals working on their own The second edition builds on strengths of the first while updating outdated terminology removing terms and phrases no longer in use and incorporating many revisions made in light of suggestions from readers      **Reading for Professional Purposes** A. German Programs explores recruitment curricular design and student retention in modern language instruction by sharing best practices and a wide variety of pragmatic initiatives from teacher scholars who have been involved in the successful building of German programs With German programs facing dwindling grant monies as students across the country shift from the liberal arts into career oriented fields it is paramount to promote German programs vigorously to offer courses that reflect and compel students interest to keep students engaged in extracurricular activities and to establish a community of like minded language learners The combination of curriculum based strategies coupled with innovative projects and extracurricular and outreach activities is intended to serve as a guideline for teachers and scholars alike who are in need of best practices they can use to boost enrollment and attract and retain more students **National Union Catalog** ,1978

Effectiveness of the Interactive Videodisc-enhanced German Gateway Program Ana G. Ekstrom,Dwight J. Goehring,1988  
Integration of emerging instructional technologies into existing training programs has the goal of improving training while reducing costs Evaluation of new systems in the context of the training program is the best method for determining if this goal is being achieved The Defense Language Institute DLI developed an interactive videodisc IVD system for use in the German Gateway course The IVD system was evaluated in a field test The objectives of the research were 1 to compare the effectiveness and acceptability of the video enhanced German Gateway program with the existing German Gateway program and 2 to identify user issues in the adoption of the interactive video course materials Group comparability was assessed for demographic and German language experience measures Students German proficiency and attitudes about the course were compared Language proficiency was measured both by self report and by pairs of trained raters in an Oral Proficiency Examination The two groups were comparable on precourse measures with the exception of time in Germany However the final examination for the course was changed at the same time as the introduction into the course of the IVD materials and probably contributed to the effect Listening comprehension of German was also better for the IVD Field Test group than for the Baseline group **Resources in Education** ,1999-10 **Language Development Program** United States.
