Local Labour And Local Government

S. Lee, D. McCann

Local Labour And Local Government:

Local Democracy and Local Government Lawrence Pratchett, David Wilson, 1996-10-23 The transformation of local governance in the 1980s and 1990s has put the nature and prospects for local democracy in question Drawing together original research by leading academics commissioned by the Commission for Local Democracy this book presents in a lively and accessible form the clearest available picture of the problems of participation representation and accountability besetting local government their consequences and possible avenues for reform *Explaining Local Government* J. A. Chandler, 2007 In this work J A Chandler explains how local government in Britain has evolved from a structure that appeared to be relatively free from central government interference to as John Prescott observes one of the most centralised systems of government in the Western world **Decentralization and Local Government** Jerzy Regulski, 2024-11-01 *Schizophrenic Women* is a fascinating report on the lives of seventeen families that suffered the experiences associated with the hospitalization of the wife and mother for mental illness A description and analysis of representative experiences is presented here in an attempt to investigate various key issues the patterns of family living preceding the crisis leading to medical hospitalization how the patterns fell apart how personal and family crises became psychiatric emergencies how the hospital experiences modified both the immediate crises and the earlier patterns of living and how durable those changes were once the patients had returned home **Party Politics and Local Government** Colin Copus, 2004-08-21 This book is an explanation of the long standing interrelationship between local government and political parties It examines and outlines the differences between the political party outside the council and the political party group of councillors within the council It explores the impact that the party groups have on the conduct of council business decision making and policy development and the impact they have on local representation It addresses two questions that are fundamental to local representative democracy who or what is it that the councillor represents and are councillors elected to govern or to serve Democratic Theory and Local Government Dilys M. Hill, 2024-12-06 Originally published in 1974 this book filled a gap in its examination and evaluation of the way in which English local government forms a part of democratic society Modern society is complex and although local government brings many benefits to ordinary people it also circumscribes what they may do particularly with regard to planning education housing conservation and the environment Local government is judged by its ability to raise the necessary finance set its priorities and successfully provide services for local people It is also judged by those democratic criteria of justice impartiality fairness and openness that are a mark of democratic society in all its aspects This book examines these issues in the light of the reformed local government of the late 20th Century and traces the roots of the present system into the ideals and achievements of the great Victorian reformers **Workers' Control** Ernie Roberts, 2017-10-03 This book first published in 1973 sets out the reason why workers control is the necessary alternative to the present system It describes the struggle of the workers through their organizations to achieve a greater control over

their lives and it discusses the practical steps which need to be taken to achieve complete workers control Practicality is the keynote of this book which starts from the reality of the 1970 s and progresses towards the essence of socialism workers control

Reform of Local Government Finance in Britain Ronan Paddison,S. J. Bailey,2013-10-15 First Published in 1988 This book of readings was compiled during the period between publication of the Green Paper Paying for Local Government Cmnd 9714 in January 1986 and the passage of the English and Welsh Community Charge Poll Tax Bill through Parliament during the first half of 1988 The Scottish Bill reached the statute book in May 1987 Whilst the Scottish Bill had a fairly easy passage through Parliament that for England and Wales generated a particularly contentious debate centred on the lack of account taken of the ability to pay the tax This book provides the reader with a balanced and comprehensive examination of the British Poll Tax system

East London for Mosley Thomas P. Linehan,2012-11-12 Between 1932 and 1940 the British Union of Fascists established a vigorous and active presence in East London and South West Essex This text considers the emergence development and character of local Mosleyite fascism from a perspective sensitive to the region s varied municipal environment

Confronting Discrimination and Inequality in China Errol P. Mendes,Sakunthala Srighanthan,2009-04-18 Confronting Discrimination and Inequality in China focuses on the most challenging areas of discrimination and inequality in China including discrimination faced by HIV AIDS afflicted individuals rural populations migrant workers women people with disabilities and ethnic minorities The Canadian contributors offer rich regional national and international perspectives on how constitutions laws policies and practices both in Canada and in other parts of the world battle discrimination and the conflicts that arise from these The Chinese contributors include some of the most independent minded scholars and practitioners in China Their assessments of the challenges facing China in the areas of discrimination and inequality not only attest to their personal courage and intellectual freedom but also add an important perspective on this superpower Published in English

Councils in Conflict Stewart Lansley,Sue Goss,Christian Wolmar,1989-10-01 This book is a detailed examination of the rise of the Left in local councils the subsequent battles with Mrs Thatcher s government and the lessons gained from this experience

New Labour's Pasts James E. Cronin,2016-09-17 Where other books are either highly partisan dismissals or appreciations of the Third Way or dull sociological accounts this book gets behind the clich s in order to show just what is left of Labour party ideology and what the future may hold New Labour has changed the face of Britain Culture class education health the arts leisure the economy have all seen seismic shifts since the 1997 election that raised Blair to power The Labour that rules has distanced itself from the failed Labour of the 70s and 80s but the core remains Labour remains gripped by its own past unable and unwilling to shed its ties to the old Labour party but determined to avoid the mistakes of which lead to four electoral defeats between 1979 and 1992 Cronin covers the full history of the party from its post war triumph through decades of shambolic leadership against ruthless and organised opposition to the resurgent New Labour of the 90s that finally took Britain into the new

millennium Towards a Post-Fordist Welfare State? Roger Burrows, Brian D Loader, 2003-09-02 There is no doubt that significant socio economic changes have occurred over the last twenty years in the UK and other advanced capitalist societies Consequently Fordism a bureaucratic hierarchical model of industrial development has matured into Post Fordism with its greater emphasis on the individual freedom of choice and flexibility generating fresh debate and analysis Towards a Post Fordist Welfare State represents leading authors from a number of disciplines social policy sociology politics and geography who have played a key role in promoting and criticising Post Fordist theorising and presents a thorough examination of the implications of applying Post Fordism to contemporary restructuring of the British welfare state The work will appeal to a wide ranging readership providing the first social policy text on Post Fordism It will be key reading for undergraduates postgraduates and lecturers in social policy and administration sociology politics and public sector economics

Metropolitan Maternity Lara V. Marks, 2020-01-29 For centuries London has been at the centre of the social and economic fabric of British life and its empire London has not only been renowned for its pivotal role in the world of finance and politics but also for its acute problems of overcrowding and social and economic dislocation Starting in 1902 and ending just before the outbreak of the Second World War *Metropolitan Maternity* highlights the distinct role London played in these years within the debates and policies concerning the economic and military future and physical welfare of the nation Focusing on the expansion of maternal and child health and welfare services in the early twentieth century this book shows that London mothers and children tended to be better served than those in provincial cities or rural areas Yet even in London some areas were better served than others A central theme of the book is the complexity of socio economic and political forces that determined the differing levels of provision and health standards within the city The book also examines the increasing emphasis placed on state sponsorship of health services in the early twentieth century and the growing willingness to involve and listen to mothers and their needs in the planning and development of services **Critical Legal**

Perspectives on Global Governance Gráinne de Búrca, Claire Kilpatrick, Joanne Scott, 2013-12-20 This book of essays written in honour of Professor David Trubek explores many of the themes which he has himself written about most notably the emergence of a global critical discourse on law and its application to global governance As law becomes ever more implicated in global governance and as processes related to and driven by globalisation transform legal systems at all levels it is important that critical traditions in law adapt to the changing legal order and probl matique The book brings together critical scholars from the EU and North and South America to explore the forms of law that are emerging in the global governance context the processes and legal roles that have developed and the critical discourses that have been formed By looking at critical appraisals of law at the global regional and national level the links among them and the normative implications of critical discourses the book aims to show the complexity of law in today s world and demonstrate the value of critical legal thought for our understanding of issues of contemporary governance and regulation Scholars from many

countries contribute critical studies of global and regional institutions explore the governance of labour and development policy in depth and discuss the changing role of lawyers in global regulatory space **COVID-19 and Social**

Determinants of Health Adrian Bonner, 2023-01-20 Health and socio economic consequences of the COVID 19 pandemic have been exacerbated by central government imposed austerity budgeting by local authorities and the health service This book part of the Social Determinants of Health series extends the ideas developed in the previous volumes by reviewing the impact of COVID 19 on local and national governance from the perspectives of public health social care and economic development Drawing on case studies from across the UK and beyond it explores the pandemic and other wicked issues including climate change homelessness unemployment and domestic abuse through the lens of relationalism and proposes necessary system changes The New British Politics Ian Budge, David McKay, Kenneth Newton, John Bartle, 2013-12-16 The

New British Politics is one of the most comprehensive and successful introductions to British politics ever published Now available in a fully revised and updated fourth edition this clear lively and authoritative text has an emphasis on law and order and the historical context of British politics Written by internationally known specialists the book combines incisive and original analysis with direct presentation **China** Ross Garnaut, Jane Golley, Ligang Song, 2010-07-01 China has made some remarkable achievements during the first three decades of economic reform and opening up rising to become one of the world's most dynamic and globally integrated market economies Yet there remains much unfinished business on the reform and development agenda coupled with newly emerging challenges CHINA THE NEXT TWENTY YEARS OF REFORM AND DEVELOPMENT highlights how the deepening of reforms in critical areas such as domestic factor markets the exchange rate regime and the health system combined with the strengthening of channels for effective policy implementation will enable China to cope with the challenges that lie ahead These include responding to the pending exhaustion of the unlimited supply of labour playing a constructive role in reducing global trade imbalances enhancing firms ability to innovate coping with migration urbanisation and rising inequalities on scales unknown in world history and dealing with rising energy and metal demand in an era in which low carbon growth has become a necessity rather than a choice **OECD Reviews on Local Job**

Creation Employment and Skills Strategies in Canada OECD, 2014-06-11 This report delivers evidence based and practical recommendations on how to better support employment and economic development in Canada *Half a Century of Municipal Decline* Martin Loughlin, M. David Gelfand, Ken Young, 2013-06-17 Local government passed unscathed through the political and economic upheavals which followed the Great Depression Contemporary commentators had every reason to look forward to continued growth and expansion in the role of local government which was seen as the main vehicle for the social programmes of the coming Welfare State That optimism was misplaced Many of the trends of the early twentieth century have been reversed From the vantage point of 1985 local government was in crisis so severe that its continued existence was called into question In this unique book eleven authors explain what happened and how the local government system

weakened Political financial economic and legal issues are explored as are factors such as housing planning and social welfare This book was first published in 1985 *Regulating for Decent Work* S. Lee,D. McCann,2011-06-07 Regulating for Decent Work is a response to the dominant deregulatory approaches that have shaped labour market regulation in recent years The inter disciplinary and international approach invigorates current debates through the identification of new challenges subjects and perspectives
