p o e m s

"Dunn's wit, command of language and form, and laser-sharp discernment of the human condition have never been keener than in this thrillingly lucid collection." —Joanna Seaman, *Booklist*

STEPHEN DUNN
Winner of the Pulitzer Prize

Local Visitations

Hans J. Hillerbrand

Local Visitations:

Historical Dictionary of the Reformation and Counter-Reformation Hans J. Hillerbrand, 2013-04-03 The Reformation of the 16th century has always been seen as one of the pivotal events in European history Lord Acton the famous 19th century British historian compared the importance of Martin Luther's speech at the diet at Worms in 1521 with Napoleon's defeat at the Battle of Waterloo in 1813 Lord Acton's may or may not be an extravagant claim but it is certainly true that the events of the 16th and 17th centuries now called the Reformation and Counter Reformation changed forever the religious and political history of the West The Historical Dictionary of the Reformation and Counter Reformation provides a one volume balanced alternative to the overwhelming amounts of literature on the events of the time and the theological and political debates that spawned those events The American Journal of Sociology Albion W. Small, Ellsworth Faris, Ernest Watson

Burgess, Herbert Blumer, 1910 Established in 1895 as the first U S scholarly journal in its field AJS remains a leading voice for analysis and research in the social sciences presenting work on the theory methods practice and history of sociology AJS also seeks the application of perspectives from other social sciences and publishes papers by psychologists anthropologists statisticians economists educators historians and political scientists

A Magnificent Faith Bridget Heal, 2017 The first comprehensive history of the Reformation origins and flourishing of Lutheran baroque while the Protestant reform movements are generally associated with iconoclasm this book studies art religion and politics to show that in Lutheran Germany a rich visual culture developed despite theologians ambivalent attitude towards images The use of visiting judges in the federal district courts Jennifer Evans Marsh, 2003 **Ways of Knowing** Mary Lindemann, 2021-10-01 Knowing

itself is a problematic concept and what was once seen as the clear objective of knowing that is to discover truth or reality has become increasingly less certain This is even more the case when scholars move from the present to examine epistemology in the past Two fundamental questions arise What constituted knowledge in the context of early modern Germany and how was knowledge gathered assembled organized deployed and interpreted Ways of Knowing seeks to answer these questions Taking their cues from a range of interdisciplinary perspectives including art German literature social political medical and religious history the contributors offer readers a rich and insightful portrait of knowing and knowledge in early modern Germany Investigators look at what people knew in early modern Germany and how they knew it Four essays in part one consider how knowledge was created and organized In part two six authors examine how knowledge was evaluated and how it functioned especially in the realms of belief law politics and medicine Contributors include Robert Beachy Susan R Boettcher Jason Coy Pia F Cuneo Mitchell Lewis Hammond Mary Lindemann Francisca Loetz Terence McIntosh Janice L Neri Elisabeth W gh Il Nivre and Helen Watanabe O Kelly *Social England* Henry Duff Traill, 1903

From the accession of Edward the First to the death of Henry the Seventh Henry Duff Traill, James Saumarez Mann, 1902

Suicide, Law, and Community in Early Modern Sweden Riikka Miettinen, 2019-02-22 This book explores the judicial

treatment of suicides in early modern Sweden with a focus on the criminal investigation and selective treatment of suicides in the lower courts in the seventeenth and early eighteenth centuries Riikka Miettinen shows that reactions and attitudes towards suicides varied considerably despite harsh condemnation by officials The indictment investigation and classification of suspected suicides and the mental state of a person already deceased were challenging and depended on local co operation and lay testimonies Not all suicides were considered alike a widespread view on the heinousness of suicide was not the same as agreement about specific cases and did not result in uniform handling of them The social status and local ties of the deceased influenced the interpretations and responses at the local lower courts and communities Esteemed local community members had a better defence and greater chance to escape the shameful penalties
