## **Existential Man:**

**Irrational Man** William Barrett, 1962-07-01 Widely recognized as the finest definition of existentialist philosophy ever written this book introduced existentialism to America in 1958 Barrett speaks eloquently and directly to concerns of the 1990s a period when the irrational and the absurd are no better integrated than before and when humankind is in even greater danger of destroying its existence without ever understanding the meaning of its existence *Irrational Man* begins by discussing the roots of existentialism in the art and thinking of Augustine Aquinas Pascal Baudelaire Blake Dostoevski Tolstoy Hemingway Picasso Joyce and Beckett The heart of the book explains the views of the foremost existentialists Kierkegaard Nietzsche Heidegger and Sartre The result is a marvelously lucid definition of existentialism and a brilliant interpretation of its impact

**Existential America** George Cotkin, 2003 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus

**My Existentialism** Leslie Herzberger, 2006-04-01 The history of the United States in the last thirty years its preoccupation with the Vietnam War and the devastating affects of that war on the psyche of this nation is evidence of a foreign policy tragedy Foreign policy tragedy brings domestic tragedy in its wake The purpose of this study is to work out why the approaches to social revolution and that is what the Vietnam War was about have been wrong on both sides of the ideological spectrum the last thirty years in the U S point out why they were wrong point to where they were wrong and point to the consequences of acting in a society when the perceptions are in certain respects wrong Let me sum up my perception on what went wrong in Vietnam It was a Right wing war fought on Left wing premises It was a war that could not have been won because those who designed it would not or could not win it but were also afraid of losing it It was a war that was wrongly perceived by both sides of the ideological spectrum The Liberal argument was that America tried everything and still lost it The Conservative argument was that it could have been won if the opposition had not tied their hands keeping them from an all out effort that would have been required to win it The war was started in earnest by the Liberals under Kennedy The strategy was to roll up the enemy by hitting on the peasant and through it cut off the leaders Pacification education re education indoctrination and the introduction of self defense techniques to the South Vietnamese peasants was meant to stop the revolution exported from the North in its tracks The U S policy was predicated on the assumption that the peasants really had something to do with the ruling functions of the North Vietnamese revolution after Thermidor that after the onset of Thermidor after the institutionalization of the revolution in Hanoi the revolution was still revolution The Liberal approach has believed that revolution is tantamount to Mao's view of it

in China peasants all immersed in the revolutionary process as fish in the sea And so you would have to drain the very ocean itself to stop it Our approach to the post revolutionary process is that after the onset of Thermidor in a society revolution is a bunch of terror informed super bureaucrats at the center of a society increasingly cut off from the periphery In a post revolutionary society it is the leaders that matter not the fish in the sea So bombing the small fish into fish soup hell in response as did the West in Vietnam in that war every tree every outhouse every shack and every village until they drop so much ordinance that the entire region is brain dead from defoliants and pockmarks and natural calamities while leaving the center untouched would seem insane Yet that was the policy in Vietnam of America And then nothing happened Nothing happened week after week year after year except that America itself was being driven mad doing the same thing and expecting it to come out different That as the President elect said in 1993 was and is insanity But what choice did they all have The pro war liberal American leadership that designed the war in Vietnam did not dare bomb Hanoi the capitol of North Vietnam for fear of triggering World War III with Red China and with Soviet Russia both of whose client North Vietnam was So they tied their own hands figuring that by coming through the back door fish in the sea style piece by piece nobody will notice in China and Russia ergo no World War III So they took a strategy that was insane and made a virtue out of its necessity They     *Infallibility: An Inescapable Concept* R. J. Rushdoony, 2018-01-03 The doctrine of the infallibility of Scripture can be denied but the concept of infallibility as such cannot be logically denied Infallibility is an inescapable concept If men refuse to ascribe infallibility to Scripture it is because the concept has been transferred to something else The word infallibility is not normally used in these transfers the concept is disguised and veiled but in a variety of ways infallibility is ascribed to concepts things men and institutions This is one of two Systematic Theology booklets that would later become part of R J Rushdoony s larger Systematic Theology set     **Existentialism Now** Christopher Bek, 2018-12-06 Existentialism Now brings the reader face to face with the stunning realization that each of us has total freedom and total responsibility for the entire world Setting this realization of salvation in motion is easily arrived at by simply challenging students to take responsibility for planet Earth This singular existential flap of a butterfly s wings ultimately saves the world     *What Is Existential Anthropology?* Michael Jackson, Albert Piette, 2015-04-01 What is existential anthropology and how would you define it What has been gained by using existential perspectives in your fieldwork and writing Editors Michael Jackson and Albert Piette each invited anthropologists on both sides of the Atlantic to address these questions and explore how various approaches to the human condition might be brought together on the levels of method and of theory Both editors also bring their own perspective while Jackson has drawn on phenomenology deploying the concepts of intersubjectivity lifeworld experience existential mobility and event Piette has drawn on Heidegger s Dasein analysis and developed a phenomenographical method for the observation and description of human beings in their singularity and ever changing situations     **Man's Search For Ultimate Meaning** Viktor E. Frankl, 2018-09-11 Viktor Frankl bestselling author of Man s

Search for Meaning explains the psychological tools that enabled him to survive the Holocaust Viktor Frankl is known to millions as the author of Man's Search for Meaning his harrowing Holocaust memoir In this book he goes more deeply into the ways of thinking that enabled him to survive imprisonment in a concentration camp and to find meaning in life in spite of all the odds He expands upon his groundbreaking ideas and searches for answers about life death faith and suffering Believing that there is much more to our existence than meets the eye he says No one will be able to make us believe that man is a sublimated animal once we can show that within him there is a repressed angel In Man's Search for Ultimate Meaning Frankl explores our sometimes unconscious desire for inspiration or revelation He explains how we can create meaning for ourselves and ultimately he reveals how life has more to offer us than we could ever imagine **Remarks On**

*Praisesong of Survival* Richard Kenneth Barksdale, 1992 **Latin America and Existentialism** Edwin Murillo, 2023-06-15 Latin America and Existentialism is a preliminary intellectual history prioritising literature and contextualising Latin American philosophical contributions from the 1860s to the late 1930s decades that coincide with the canon's foundational years This study takes a Pan American approach to move the critical focus away from the River Plate a region that has received some critical attention In doing so it focuses on existentially neglected writers such as Brazil's Machado de Assis and Graciliano Ramos Jos Asunci n Silva from Colombia Cuba's Enrique Labrador Ruiz and the Chilean Mar a Luisa Bombal Underappreciated Latin American philosophical voices and existentialism's canonical perspectives allow

the author to discuss the many problems concerning the experiencing I of these authors and to consider such existential themes as ethical vacuity forlornness the crisis of insufficiency the conundrum of choice and the enigma of authentic being The concentration on Latin America's existentially hued interest in the human condition is an invitation to the reader to reconsider the peripheral status in the existentialism canon
