Existential Trash:

An Ontology of Trash Greg Kennedy, 2012-02-01 Plastic bags newspapers pizza boxes razors watches diapers toothbrushes What makes a thing disposable Which of its properties allows us to treat it as if it did not matter or as if it actually lacked matter Why do so many objects appear to us as nothing more than brief flashes between checkout line and landfill In *An Ontology of Trash* Greg Kennedy inquires into the meaning of disposable objects and explores the nature of our prodigious refuse He takes trash as a real ontological problem resulting from our unsettled relation to nature The metaphysical drive from immanence to transcendence leaves us in an alien world of objects drained of meaningful physical presence Consequently they become interpreted as beings that somehow essentially lack being and exist in our technological world only to disappear Kennedy explores this problematic nature and looks for possibilities of salutary change

Existential Trash X. J. Storm, 2005-03 Here is the account of a soul in search of the Lord in search of his call a call which has always been with him a writer a hermit in the midst of the city a heart at rest in the arms of Jesus and His Blessed Mother By way of pilgrimage to Medjugorje at the end of a Holy Year through a stay in a desert hermitage where he must face the darkness and drink it in to the finding of joy in suffering of new life in death with Christ here the journey is laid bare in mystical detail for the soul of any other on the way Greater love has no man than this that a man lay down his life for his friends Jn 15 13 <http://home.earthlink.net/works/jameskurt> **The Fifth Modality** Carl W. PC Worlds Jonathan Friedman,2019-07-18 This provocative work offers an anthropological analysis of the phenomenon of political correctness both as a general phenomenon of communication in which associations in space and time take precedence over the content of what is communicated and at specific critical historical conjunctures at which new elites attempt to redefine social reality Focusing on the crises over the last thirty years of immigration and multiculturalist politics in Sweden the book examines cases some in which the author was himself involved but also comparative material from other countries
