The Fertility Handbook Joseph H. Bellina, Josleen Wilson, 1986 Understanding the Sociology of Health Anne-Marie Barry, Chris Yuill, 2016-09-24 Understanding the Sociology of Health continues to offer an easy to read introduction to sociological theories essential to understanding the current health climate Up to date with key policy and research and including case studies and exercises to critically engage the reader this book shows how sociology can answer complex questions about health and illness such as why health inequalities exist To better help with your studies this book contains a global perspective with international examples a new chapter on health technologies online access to videos of the author discussing key topics as well as recommended further readings a glossary chapter summaries and reflective questions to help you engage with the subject Though aimed primarily at students on health and social care courses and professions allied to medicine this textbook provides valuable insights for anyone interested in the social aspects of health **Male Infertility - Men Talking** Mary-Claire Mason, 2003-09-02 How do men react to diagnosis of male infertility and how if at all are all their lives affected by it Male infertility is commonplace yet the male experience of it has been woefully neglected Male Infertility Men Talking explores these issues by gathering together men s stories and seeing what common strands if any exist between them Mary Claire Mason explores the past and present medical management of male infertility as this forms an essential backdrop to the men s stories but the main emphasis is on how men s lives are affected In the first half of this book the discovery of sperm and the man s role in reproduction is considered together with a review of how the past affects the present medical management of male infertility and the problems that bedevil it The male voice predominates in the second painful events and relationships with families and friends their feeling of isolation their medical experiences the importance of biological fatherhood and their hopes for the future **Situated Lives** Louise Lamphere, Helena Ragon e, Patricia Zavella, 2014-04-08 Situated Lives brings together the most important recent feminist and critical research that situates gender in relationship to the historical and material circumstances where gender race class and sexual orientation intersect and shape everyday interaction Contributors include Barbara Babcock Jean Comaroff Sarah Franklin Faye Ginsburg Matthew Gutmann Faye V Harrison Louise Lamphere Ellen Lewin Jos e Lim on Iris Lopez Emily Martin Mary Moran Kirin Narayan Aihwa Ong Devon G Pe na Beatriz Pesquera Helena Ragon e Rayna Rapp Judith Rollins Leslie Salzinger Denise Segura Carol Stack Ann Stoler Donald D Stull Brett Williams Patricia Zavella **The Boston IVF Handbook of Infertility** Steven Bayer, 2017-09-01 Based on the gold standard procedures and protocols developed at Boston IVF this new edition of a bestselling text continues to provide a structured approach to treating the infertile couple that can be of benefit to the gynecologist reproductive endocrinologist and reproductive medicine nurse alike Both clinical and laboratory techniques are included with material on preconception care New to this edition are chapters on fertility care for the LGBT community endometriosis elective egg freezing and effective nursing *New Reproductive Technologies* Maureen McNeil, 1990-04-12

This collection of essays provides an overview of the social developments associated with the new reproductive technologies. It assesses the significance of these new technologies for the field of the sociology of technology as a whole. **Embodied**

Progress Sarah Franklin, 2002-09-11 New reproductive technologies such as in vitro fertilization have been the subject of intense public discussion and debate worldwide. In addition to difficult ethical, moral, personal and political questions, new technologies of assisted conception also raise novel socio-cultural dilemmas. How are parenthood, kinship and procreation being redefined in the context of new reproductive technologies? Has reproductive choice become part of consumer culture? Embodied Progress offers a unique perspective on these and other cultural dimensions of assisted conception techniques. Based on ethnographic research in Britain, this study foregrounds the experiences of women and couples who undergo IVF whilst also asking how such experiences may be variously understood. *Infertility Survival Handbook* Elizabeth Swire Falker, 2004-04-06 An engaging guide to navigating the challenges of infertility. After seven years of tests and more tests, treatments and more treatments, Elizabeth Swire Falker understands what it means to struggle with infertility. In this frank, reassuring and thoroughly researched handbook, she shares her own personal experience and offers insight into what challenges to expect along the way, from getting support to finding the right doctor to dealing with insurance. **Handbook**

of Gestational Surrogacy E. Scott Sills, 2016-10-06 There is an increasing demand for gestational surrogacy in current reproductive medicine practice. Infertile couples often engage overseas surrogates, which increases the risk for legal and ethical complications. This book provides clinical guidance on the provision of gestational surrogacy on a worldwide basis, with brief summaries of the legal position within countries where it is offered. This volume provides a comprehensive overview of surrogacy for clinicians, counsellors, attorneys, legislators and anyone interested in reproductive health policy, by filling an immediate niche as a resource for those interested in third-party reproductive treatments. **Organization and**

Management of IVF Units Steven D. Fleming, Alex C. Varghese, 2016-08-23 Bringing together the latest information on the organization, management and quality of in vitro fertilization (IVF) units, this is the first true field guide for the clinician working in assisted reproductive technologies (ART). Divided thematically into four main sections, part one discusses the establishment and organization of the IVF unit, including location, design and construction, practical considerations for batching IVF cycles and regulations, and risk management. Part two, the largest section, covers the many aspects of overall quality management and its implementation, staff and patient management, cryobank and PGD/PGS management and data management, as well as optimization of treatment outcomes and statistical process control analysis to assess quality variation. Part three addresses the relationship between IVF units and society at large, including the ethics of IVF treatment, as well as public, low-cost and private corporate IVF units. Advertising and marketing for IVF units is discussed in part four, including the building and managing of websites and the use of traditional print and social media. With approximately five thousand IVF units worldwide and a growing number of training programs, *Organization and Management of IVF Units* is a key resource for
