Mass Customization Flavio S. Fogliatto, Giovanni J.C. da Silveira, 2010-11-09 Mass customization MC has been hailed as a successful operations strategy across manufacturing and service industries for the past three decades However the wider implications of using MC approaches in the broader industrial and economic environment are not yet clearly understood *Mass Customization Engineering and Managing Global Operations* presents emerging research on the role of MC and personalization in today's international operations context The chapters cover MC in the context of global industrial economics and operations Moreover the book discusses MC topics that are relevant to the manufacturing and service sectors such as product platforms learning curve modeling additive manufacturing and service customization Case studies in manufacturing e.g. apparel and transportation and services e.g. banking and virtual worlds are also included *Mass Customization Engineering and Managing Global Operations* is a valuable text for mass customization researchers and practitioners Researchers will find a selection of chapters prepared by internationally renowned authors comprising most of their recent research in MC Engineering professionals will be drawn by the vivid discussion of operational aspects and methods of MC as well as by the selection of cases illustrating their practical application

New Technical Books New York Public Library, 1983 **Creative Ship Model Making** Gerhard O.W. Fischer, It is often annoying that every kit model built from the same kit of the same company is like one egg from the other This is what creative ship modelling aims to change Using prefabricated hulls it is mainly a

matter of the superstructure which must be redesigned, sawn out and further processed and further processed without the need for a construction template. The conversion of kit models shows how to convert ready built models to a completely new model by converting them to jet propulsion. Finally, the author presents four examples how larger display models can be converted into real driving models to properly running RC ship models by installing a remote control system. From the content: Construction of models according to own designs. Building description of two creative models. Building a police boat according to own ideas. Two creative construction models. The MULTIBOAT A speedboat and a mega luxury yacht. Conversion of kit models. The FLORIDA as a jet model. The RAPIDO 600 as a jet model. A customs cruiser and a fishery protection boat. Conversion of display models to RC models. Cruise ship QUEEN MARY 2. Sea rescue cruiser HERMANN MARWEDE. German submarine class VII C. American submarine GATO class REVELL. RC ship model already at the end of the 50s. *Subject Catalog* Library of Congress, 1982. **Subject Catalog, 1982** Library of Congress, 1982. *Digital Sketching* John Bacus, 2020-12-08.
