Young,2022-01-21 The first thought after any arrest is usually how long will it take to get out Whether in jail or prison your sole focus is getting out Recent statistics shows that three out of every four persons incarcerated always end up returning behind bars within the first three years of release A large percentage of these people are from low income communities where access to financial capital education and job opportunities are limited and family ends up getting stuck in a deep cycle of poverty that they

found extremely difficult to break out from Arrested for crimes often sponsored by poverty and the dire economic conditions that defined them they are taken through a criminal justice system that is far more interested in keeping them in the poverty incarceration cycle than rehabilitating them and giving them a better chance at life With no income and criminal history after release they are unable to pay for food housing and health needs And what happens eventually They slip back into a life of crime and the cycle continues It is high time we nullified this poverty incarceration two feeder system How By dealing with the root which is poverty So how do you break the cycle of poverty You may want to get out of jail or prison but are you ready to get out of poverty How The answers are found here in learning how to experience your own economic development post incarceration Do you feel stuck Are you tired of going in and out of jail Or are you an ex offender who have found it difficult to progress because of barriers associated with your criminal history This book is the clear road map to creating generational wealth and living the kind of life you deserve This book is the guide to finding a way up not just a way out Rich Dad's Retire Young, Retire Rich Robert T.
