**First Contacts** Murray Leinster,1998      **First Contacts: The Essential Murray Leinster** Murray Leinster,2020-03-10

A collection of the trend setting stories from the Dean of Science Fiction which opened and explored such topics as first contact with aliens the Internet transfers among parallel universes and many more The best of these stories are remarkable inventions providing a window on to science fiction s first Golden Age that demonstrates exactly what made it golden Kirkus Review      Murray Leinster Billee J. Stallings,Jo-an J. Evans,2011-08-12 Will F Jenkins known to science fiction fans by his penname Murray Leinster was among the most prolific American writers of the 20th century The Dean of Science Fiction as he was sometimes known published more than 1 500 short stories and 100 books in a career spanning more than fifty years This biography written by his two youngest daughters chronicles Murray Leinster s private and literary life from his first writings for The Smart Set and early pulp magazines such as Argosy Amazing Stories and Astounding Stories through the golden age of science fiction in the 1930s through the 1950s to his death in 1975 Included as appendices are his famous 1946 story A Logic Named Joe and 1954 essay To Build a Robot Brain      **Science Fiction and Futurism** Ace G.

Pilkington,2017-03-05 Science and science fiction have become inseparable with common stories interconnected thought experiments and shared language This reference book lays out that relationship and its all but magical terms and ideas Those who think seriously about the future are changing the world reshaping how we speak and how we think This book fully covers the terms that collected clarified and crystallized the futurists ideas sometimes showing them off sometimes slowing them down and sometimes propelling them to fame and making them the common currency of our culture The many entries in this encyclopedic work offer a guided tour of the vast territories occupied by science fiction and futurism In his Foreword David Brin says Provocative and enticing Filled with huh moments and leads to great stories That describes this volume

**Off the Main Sequence** Tom Easton,2006-10-01 Tom Easton has served as the monthly book review columnist for Analog Science Fiction for almost three decades having contributed during that span many hundreds of columns and over a million words of penetrating criticism on the best literature that science fiction has to offer His reviews have been celebrated for their wit humor readability knowledge and incisiveness His love of literature particularly fantastic literature is everywhere evident in his essays Easton has ever been willing to cover small presses obscure authors and unusual publications being the only major critic in the field to do so on a regular basis He seems to delight in finding the rare gem among the backwaters of the publishing field A reviewer s job he says is not to judge books for the ages but to tell readers enough about a book to give them some idea of whether they would enjoy it And this he does admirably whether he s discussing the works of the great writers in the field or touching upon the least amongst them This companion volume to Periodic Stars Borgo Wildside collects another 250 of Easton s best reviews from the last fifteen years of The Reference Library No one does it better and no other guide provides such lengthy or discerning commentary on the best SF works of

recent times Complete with Introduction and detailed Index      Historical Dictionary of Science Fiction in Literature M. Keith Booker, 2014-10-01 The Historical Dictionary of Science Fiction in Literature is a useful reference to the broad and burgeoning field of science fiction literature Science fiction literature has gained immensely in critical respect and attention while maintaining a broad readership However despite the fact that it is a rapidly changing field contemporary science fiction literature also maintains a strong sense of its connections to science fiction of the past which makes a historical reference of this sort particularly valuable as a tool for understanding science fiction literature as it now exists and as it has evolved over the years The Historical Dictionary of Science Fiction in Literature covers the history of science fiction in literature through a chronology an introductory essay and an extensive bibliography The dictionary section has over 300 cross referenced entries including significant people themes critical issues and the most significant genres that have formed science fiction literature This book is an excellent access point for students researchers and anyone wanting to know more about this subject      *A History of Virginia Literature* Kevin J. Hayes, 2015-05-19 A History of Virginia Literature chronicles a story that has been more than four hundred years in the making It looks at the development of literary culture in Virginia from the founding of Jamestown in 1607 to the twenty first century Divided into four main parts this History examines the literature of colonial Virginia Jeffersonian Virginia Civil War Virginia and modern Virginia Individual chapters survey such literary genres as diaries histories letters novels poetry political writings promotion literature science fiction and slave narratives Leading scholars also devote special attention to several major authors including William Byrd of Westover Thomas Jefferson Ellen Glasgow Edgar Allan Poe and William Styron This book is of pivotal importance to the development of American literature and of American studies more generally      **The Good Old Stuff** Gardner Dozois, 2013-12-10 Nineteen ninety nine looms near and yet the stars are still far away but this anthology brings them closer with more than a dozen of the best SF adventure stories ever written Among the gems collected here are The New Prime by Jack Vance Fritz Leiber's Moon Duel and The Sky People by Poul Anderson along with masterpieces by less familiar names such as Murray Leinster and James H Schmitz With more than a dozen stories written between 1940 and 1970 from greats such as Brian W Aldiss Leigh Brackett L Sprague de Camp and A E van Vogt this anthology ranges throughout our galaxy and into the stars Whether you're revisiting past adventures or discovering these stories for the first time you're sure to thrill to these wonderful adventures across the vast expanse of space      *The Duplicators* Murray Leinster, 2022-03-08 Link Denham needs a job Any job When he's offered the position of navigator on board the leaky rickety Glamorgan he takes it without asking too many questions The destination A planet that has barely been contacted in two hundred years in a dystopic system isolated from the rest of the galaxy What he thought would be a simple job quickly turns into something far more complicated as he finds himself embroiled in a complex web of treachery double crossing and alien politics And what of this infamous machine the natives have which can replicate anything put inside Murray Leinster was a prolific figure in pulp fiction writing short stories

and novels across many genres *The Duplicators* is a science fiction romp in his characteristic style and a wonderful example of 1960s pulp science fiction

**Space Oddities** Marie Lathers, 2010-11-04 *Space Oddities* examines the representation of women in outer space films from 1960 to 2000 with an emphasis on films in which women are either denied or given the role of astronaut Marie Lathers traces an evolution in this representation from women as aliens and or assistant astronauts to women as astronaut wives to women as astronauts themselves Many popular films from the era are considered as are earlier films from *Aelita Queen of Mars* to *Devil Girl From Mars* and historical records literary fiction and television shows especially *I Dream of Jeannie* Early 1960s attempts by women pilots to enter the Space Race are considered as is the media drama surrounding the death of Christa McAuliffe In addition to its insightful film scholarship this is an important addition to current reassessments of the Space Race By applying insights from contemporary gender race and species theories to popular imaginings of women in space the status of the Space Race as a cultural construct that reproduces and or warps terrestrial gender structures is revealed

**The Year's Best Science Fiction: Sixteenth Annual Collection** Gardner Dozois, 1999-07-30 The past through tomorrow are boldly imagined and reinvented in the twenty five stories collected in this showcase anthology Many of the field's finest practitioners are represented here along with stories from promising newcomers including William Barton Rob Chilson Tony Daniel Cory Doctorow Jim Grimsley Gwyneth Jones Chris Lawson Ian McDonald Robert Reed William Browning Spencer Allen Steele Michael Swanwick Howard Waldrop Cherry Wilder Liz Williams A useful list of honorable mentions and Dozois's insightful summation of the year in sf round out this anthology making it indispensable for anyone interested in SF today
