Secularization and the World Religions Hans Joas, Klaus Wiegandt, 2022-04-01 The question of religion its contemporary and future significance and its role in society and state is currently perceived as an urgent one by many and is widely discussed within the public sphere But it has also long been one of the core topics of the historically oriented social sciences The immense stock of knowledge furnished by the history of religion and religious studies theology sociology and history has to be introduced into the public conscience today This can promote greater awareness of the contemporary global religious situation and its links with politics and economics and counter rash syntheses such as the clash of civilizations This volume is concerned with the connections between religions and the social world and with the extent limits and future of secularization The first part deals with major religious traditions and their explicit or implicit ideas about the individual social and political order The second part gives an overview of the religious situation in important geographical areas Additional contributions analyze the legal organization of the relationship between state and religion in a global perspective and the role of the natural sciences in the process of secularization The contributors are internationally renowned scholars like Winfried Brugger Jos Casanova Friedrich Wilhelm Graf Hans Joas Hans G Kippenberg Gudrun Kr mer David Martin Eckart Otto and Rudolf Wagner

A Short History of Secularism Graeme Smith, 2007-11-28 What does it mean to call Western society secular What is secularism And how should we understand the concept of secularism in international relations particularly the clash between radical Islam and the West The Latin term from which the word secular is derived saeculum means generation or age and came to mean that which belongs to this life to the here and now in this world It is widely used as a shorthand for the ideology which shapes contemporary society without reference to the divine However according to Graeme Smith secularism represents a great deal more He offers a radical reappraisal of the notion of secularism and its history beginning with the Greeks and proceeding to modernity and the contemporary period The assumption that the West is becoming increasingly secular is often unquestioned By contrast Dr Smith discerns a different kind of society one informed by a historical legacy which makes sense only when it is appreciated that it is religious Secularism was born of Christianity Daringly and very originally Smith argues that it is impossible to understand the idea of the secular without appreciating that at root it is Christian *A Short History of Secularism* will fundamentally reshape discussions of western culture religion and politics It will have strong appeal to students of religion political philosophy and the history of ideas

The Joy of Secularism George Levine, 2021-05-11 The case for a thoughtful secularism from some of today s most distinguished

scientists philosophers and writers Can secularism offer us moral aesthetic and spiritual satisfaction Or does the secular view simply affirm a dog eat dog universe At a time when the issues of religion evolution atheism fundamentalism Darwin and science fill headlines and invoke controversy The Joy of Secularism provides a balanced and thoughtful approach for understanding an enlightened sympathetic and relevant secularism for our lives today Bringing together distinguished historians philosophers scientists and writers this book shows that secularism is not a mere denial of religion Rather this positive and necessary condition presents a vision of a natural and difficult world without miracles or supernatural interventions that is far richer and more satisfying than the religious one beyond From various perspectives philosophy evolutionary biology primate study Darwinian thinking poetry and even bird watching the essays in this collection examine the wealth of possibilities that secularism offers for achieving a condition of fullness Factoring in historical contexts and ethical and emotional challenges the contributors make an honest and heartfelt yet rigorous case for the secular view by focusing attention on aspects of ordinary life normally associated with religion such as the desire for meaning justice spirituality and wonder Demonstrating that a world of secular enchantment is a place worth living in The Joy of Secularism takes a new and liberating look at a valuable and complex subject The contributors are William Connolly Paolo Costa Frans de Waal Philip Kitcher George Levine Adam Phillips Robert Richards Bruce Robbins Rebecca Stott Charles Taylor and David Sloan Wilson

The History of Scottish Theology, Volume III David Fergusson,Mark Elliott,2019-10-31 This three volume work comprises over eighty essays surveying the history of Scottish theology from the

early middle ages onwards Written by an international team of scholars the collection provides the most comprehensive review yet of the theological movements figures and themes that have shaped Scottish culture and exercised a significant influence in other parts of the world Attention is given to different traditions and to the dispersion of Scottish theology through exile migration and missionary activity The volumes present in diachronic perspective the theologies that have flourished in Scotland from early monasticism until the end of the twentieth century The History of Scottish Theology Volume I covers the period from the appearance of Christianity around the time of Columba to the era of Reformed Orthodoxy in the seventeenth century Volume II begins with the early Enlightenment and concludes in late Victorian Scotland Volume III explores the long twentieth century Recurrent themes and challenges are assessed but also new currents and theological movements that arose through Renaissance humanism Reformation teaching federal theology the Scottish Enlightenment evangelicalism mission biblical criticism idealist philosophy dialectical theology and existentialism Chapters also consider the Scots Catholic colleges in Europe Gaelic women writers philosophical scepticism the dialogue with science and the reception of theology in liturgy hymnody art literature architecture and stained glass Contributors also discuss the treatment of theological themes in Scottish literature

Philosophy of Religion for a New Century Jeremiah Hackett, Jerald Wallulis, 2004-04-30 *Philosophy of Religion for a New Century* represents the work of nineteen scholars presented at a conference in honor of Eugene T Long at the University of South Carolina April 5 6 2002 This volume is a good example of philosophy in dialogue there is both respect and genuine disagreement First an account of our present situation in the Philosophy of Religion is given leading to a discussion of the very idea of a Christian Philosophy and the coherence of the traditional concept of God The implications of science and a concern for the environment in our concepts of God are carefully examined A discussion follows on the possibility of speech about God and silence about God Since much of modern European philosophy is concerned with the Death of God theme the positions of Nietzsche and some of his twentieth century interpreters are presented There are presentations on Feminist Approaches to Philosophy of Religion and Comparative Religion is examined in relation to cultures and the demands of rationality The volume concludes with a critical dialogue on the relation of Religious Discourse to the Public Sphere Developing global awareness has led to significant change in the Philosophy of Religion One dimensional approaches have given way to honest dialogue The traditional boundaries between the secular and the religious have shifted and new approaches to traditional problems are required This volume presents examples of these new approaches

Secularisation in the Christian World Callum G. Brown, Michael Francis Snape, 2010 *Secularisation in the Christian World* brings together leading scholars in the social history of religion and the sociology of religion to explore what we know about the decline of organised Christianity in Britain Europe the United States Canada and Australia With contributors from eight countries the volume also brings together many nations for the first consolidated international consideration of recent themes in de Christianisation

Periodizing Secularization Clive D. Field, 2019-10-31

Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de siècle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author's previous volumes on the chronology of British secularization Britain's Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880-1980

Nineteenth-Century British Secularism Michael Rectenwald, 2016-03-08 Nineteenth Century British Secularism offers a new paradigm for understanding secularization in the nineteenth century It addresses the crisis in the secularization thesis by foregrounding a nineteenth century development called Secularism the particular movement and creed founded by George Jacob Holyoake from 1851 to 1852 Nineteenth Century British Secularism rethinks and reevaluates the significance of Holyoake's Secularism regarding it as a historic moment of modernity and granting it centrality as both a herald and exemplar for a new understanding of modern secularity In addition to Secularism proper the book treats several other moments of secular emergence in the nineteenth century including Thomas Carlyle's natural supernaturalism Richard Carlile's anti theist science advocacy Charles Lyell's uniformity principle in geology Francis Newman's naturalized religion or primitive Christianity and George Eliot's secularism and post secularism *The Expository Times* James Hastings, Ann Wilson Hastings, Edward Hastings, 1909 *Church History, Volume Two: From Pre-Reformation to the Present Day* John D. Woodbridge, Frank A. James III, 2013-08-08 Church History Volume Two chronicles the events the triumphs and the struggles of the Christian movement from the years leading up to the Reformation through the next five centuries to the present day Looking closely at the integral link between the history of the world and that of the church Church History paints a portrait of God's people within the context of the times cultures and developments that both influenced and were influenced by the church FEATURES Maps charts and illustrations spanning the time from the thirteenth century to today Explanations of all

the major denominational movements traditions and schisms during and after the Reformation Overviews of the Christian movement in Africa eastern Europe Asia and Latin America to cover the scope of the ecumenical environment of the twenty first century Insights into the role and influence of politics culture and societal norms and technology on the Western church Unbiased details on the major theological controversies and issues of each period **AUTHORS PERSPECTIVE** Authors John D Woodbridge and Frank A James III wrote this history of the church from the perspective that such a history is the story of the greatest movement and community the world has known as imperfect as it still is It s a human story of a divinely called people who want to live by a divine revelation It s a story of how they succeeded and how they failed and of how they are still trying to live out their calling From the Reformation theologians in Europe to the revivalists apologists and Christian thinkers all over the world the historical figures detailed are people who have struggled with the meaning of the greatest event in history the coming of the Son of God and with their role in that event and in the lives of God s people *The Expository Times* ,1909 **From Crisis to Creation** Mark T. B. Laing,2012-09-05 Lesslie Newbigin 1909 1998 was one of the seminal theologians of mission in the twentieth century and perhaps the most important in the English speaking world His thinking was anchored in the practice of mission he was a missionary in India a bishop of the Indian church and a leader in emerging international mission structures In his late years he pioneered research on how the gospel could engage with Western culture For many he is the founding father of the missional church movement This book is the first to address the crucial role Newbigin played in shaping ecumenical thinking on mission during the twentieth century filling an important gap in our knowledge of the development of twentieth century missional theology It does so by seeking to answer a central question in Newbigin s thinking How does mission relate to church Taking the integration of the International Missionary Council with the World Council of Churches as its central focus this book provides a unique history of crucial events in the ecumenical movement But more importantly through a study of Newbigin s role in the theological debate this book demonstrates how missional theology evolved during the postwar period when there was a sea change in understandings both of mission and church **A Documentary History of Lutheranism, Volumes 1 and 2** Mark A. Granquist,Eric Lund,2017-11-10 This unique collection of excerpts from Lutheran historical documents many translated here for the first time presents readers with a full picture of how the Lutheran movement developed in its thought and practice Covering not only theology but also church life popular piety and influential historical events the primary documents include theological treatises confessional statements liturgical texts devotional writings hymns letters and diaries satirical polemics political documents woodcuts and pamphlet literature This first volume covers the chronological period from Luther s first calls for reform to the development of Lutheran Orthodoxy and Pietism during the seventeenth century The judiciously selected and carefully translated texts as well as the contextualizing information provided in each chapter s introductory essay acquaint readers with the turbulence and fervor of this revolutionary Christian movement its struggles for survival and consolidation and its further evolution up to

the dawn of the Enlightenment *Salvation in the World* Stephan van Erp, Christiane Alpers, Christopher Cimorelli, 2017-09-07 What happens when Edward Schillebeeckx's theology crosses paths with contemporary public theology This volume examines the theological heritage that Schillebeeckx has left behind as well as it critically assesses its relevance for temporary theological scene In tracing the way s in which Schillebeeckx observed and examined his own context s increasing secularization and concomitant development toward atheism the contributors to this volume indicate the potential directions for a contemporary public theology that pursues the path which Schillebeeckx has trodden The essays in the first part of this volume indicate a different theological self critique undertaken in response to developments in the public sphere This is followed by a thorough examination of the degree to which Schillebeeckx succeeded in leading Christian theology ahead without merely accommodating the Christian tradition to current societal trends The third part of the volume discusses the issues of climate change social conceptions of progress as well as the evolutionary understandings of the origins and purpose of religions The final part examines Schillebeeckx's soteriology to contemporary discussions about wholeness **History, Metaphors, Fables** Hans Blumenberg, 2020-06-15 History Metaphors and Fables collects the central writings by Hans Blumenberg and covers topics such as on the philosophy of language metaphor theory non conceptuality aesthetics politics and literary studies This landmark volume demonstrates Blumenberg's intellectual breadth and gives an overview of his thematic and stylistic range over four decades Blumenberg's early philosophy of technology becomes tangible as does his critique of linguistic perfectibility and conceptual thought his theory of history as successive concepts of reality his anthropology or his studies of literature History Metaphors Fables allows readers to discover a master thinker whose role in the German intellectual post war scene can hardly be overestimated The Diversity of History John Elliott, H G Koenigsberger, 2016-04-14 Each of the essays in this volume originally published in 1970 touches upon a historical theme which Herbert Butterfield illuminated It covers a wide range of topics from music and religion in modern European history to the scientific revolution of the 17th century **Popular Religion and Liberation** Michael R. Candelaria, 1990-01-01 El tema del libro es la ambivalencia de la religiosidad popular para la teología de la liberación y para la liberación misma Enfoca el asunto en dos posiciones de opuesta apreciación de la religiosidad popular la de Juan Carlos Scannone y la de Jua
