Buffoon John, 2014-04-01 The strangest most original book to ever come out of Africa and possibly the most important This is a tale of redemption after a descent into the ether set against a primal African backdrop it purports to be a good read but also to have redeeming social value by providing insight into the solution of a fatal and universal malady by turns humorous dark historically informative and just possibly uplifting Briefly the story given in monologue by an anti hero begins in eastern Zimbabwe with the drinking night that had everything including a brush with death via car accident It sets the tragic comic theme of alcoholism in a setting that is luxurious exotic and violent The narrative maintains momentum throughout and connects the disparateness of crime killing genius and sainthood through a sequence of travel to all corners of the world There is a strong metaphysical overprint to this true life journey and the readers will come out the other side able to identify at some level with the text somewhat refreshed enlightened and made stronger in their life s affirmation In

essence this is the purpose of Buffoon and the basis of its claim to be one of a kind It is also a love story Response to date from 20 30 readers of ages varying from 25 85 including eight different nationalities essentially the intelligent layman architect lawyer surgeons businessmen has been astonishing
