Mindful leadership for sustainable peace Thich Duc Thien, Thich Nhat Tu, 2019-04-16 EDITORS INTRODUCTION BACKGROUND We are experiencing an unprecedented period where wide ranging and disruptive major global change is taking place around us In this context the theme of Mindful Leadership and Sustainable Development provides a point of reference and pathway for understanding the contemporary chaotic situations These disruptive changes challenge our understanding and meaning of humanity and truly question whether or not we are able to live in a society where justice equality peace and prosperity abound In the Buddhist light a focus is placed on understanding the Buddhist teachings to develop solutions for dealing with these wide ranging problems Both the scope of change and the response from a Buddhist approach are core to the content of this volume It is of paramount importance that any investigation and development of solutions for the changes taking place require guidance from the Buddhist philosophy As a starting point for discussion an initial focus is placed on providing a thorough and critical understanding of the character and context of change In doing so we also seek to clarify and outline the nature of a Buddhist approach In completing this review it is productive to see that given the complex issues being dealt with the papers do generate different frameworks and viewpoints within the broad term of approach The frameworks based on the Buddha's teachings are not fully

fixed and agreed upon by all Therefore our term approach refers to a set of arrangements and viewpoints that act to inspire further discussion and development Given the above context this volume is a collection of conference papers presented and published for the panel on the first sub theme of UNDV 2019 on Mindful Leadership for Sustainable Peace on 13 May 2019 at the Tam Chuc International Convention Center Ha Nam Vietnam The panel commemorates the occasion of the 16th United Nations Day of Vesak Celebrations 2019 Through the contributions of participants and their papers at this workshop this volume provides a diverse and rich range of thinking and wisdom rather than more traditional mainstream thinking or conventional wisdom Treating the Buddha s teachings as a basic theoretical reconstruction we examine the relationships between societies and Buddhism We combine the analyses of the conflicts trends and dynamics affecting future global development with focused studies on a range of policy areas for improving societies In the Buddhist light our two most crucial aims in this period of disruption are to greatly increase the influence and impact of Buddhism as our foremost duty and that the Buddhist responsibility contributes to creating a new foundation for Mindful Leadership and Sustainable Development

Peace Education, 3d ed. Ian M. Harris, Mary Lee Morrison, 2014-01-10 Now in its third edition Peace Education provides a comprehensive approach to educating for a just and sustainable future It begins with religious and historical trends that have molded our understanding of peace and then presents a variety of ways to practice peace education in schools and communities and explains how it can motivate students The teaching and practice of peace education provides a basis of valuable knowledge about resolving conflicts and transforming violence without the use of force Instructors considering this book for use in a course may request an examination copy here [Building a Peaceful Society](#) Laura L. Finley, 2011-07-01 To truly move toward a more peaceful society it is imperative that peace education better address structural and institutional violence This requires that it be integrated into institutions outside of schools and universities Doing so will be challenging as many of these institutions are structured on domination and control not on partnership and shared power In particular U S criminal justice social services and prevention programs and sport have tended to be dominator modeled This book offers analysis and suggestions for overcoming these challenges and for integrating peace education into important social institutions Creativity will be one of the most useful assets in moving peace education from schools to other institutions This book argues that with creative visioning collaboration and implementation peace education can be integrated into the most challenging situations and provide hope for holistic changes in our society *Call Me by My True Names* Thich Nhat Hanh, 2001-08-09 A collection of poetry by the renowned Zen meditation teacher peace activist and author of *The Miracle of Mindfulness* Though he is best known for his groundbreaking and accessible works on applying mindfulness to everyday life Thich Nhat Hanh is also a distinguished poet and Nobel Peace Prize nominee This stunning poetry collection explores these lesser known facets of Nhat Hanh s life revealing not only his path to becoming a Zen meditation teacher but his skill as a poet his achievements as a peace activist and his experiences as a young refugee

Through over fifty poems Nhat Hanh reveals the stories of his past from his childhood in war torn Vietnam to the beginnings of his own spiritual journey and shares his ideas on how we can come together to create a more peaceful mindful world Uplifting insightful and profound *Call Me By My True Names* is at once an exquisite work of poetry and a portrait of one of the world's greatest Zen masters and peacemakers The clear still mind of this meditation teacher gives rise to piercing images time and time again Nhat Hanh seems an inherently skilled poet It is these poetic works more than his essays or lectures that show Thich Nhat Hanh clearly to be a Zen mystic *San Francisco Chronicle* Thich Nhat Hanh's poems have an almost uncanny power to disarm delusion awaken compassion and carry the mind into the immediate presence of meditation Thich Nhat Hanh writes with the voice of the Buddha Sogyal Rinpoche *Peace Education from the Grassroots* Ian Harris, 2013-09-01 Historians often ignore the day to day struggles of ordinary people to improve their lives They tend to focus on the accomplishments of illustrious leaders *Peace Education from the Grassroots* tells the stories of concerned citizens teachers and grassroots peace activists who have struggled to counteract high levels of violence by teaching about the sources for violence and strategies for peace The stories told here come from the grass roots meaning the educators are close to the forms of violence they are addressing This collection of essays tells how citizens at the grassroots level developed peace education initiatives in thirteen different nations Belgium Canada El Salvador Germany India Jamaica Japan Mexico the Philippines South Korea Spain Uganda and the United States A fourteenth article describes the efforts of the International Red Cross to implement a human rights curriculum to teachers on the ground in the Balkans Iran Senegal and the United States These chapters describe a variety of schools colleges peace movement organizations community based organizations and international nongovernmental organizations engaged in peace education **The Mindful Interview Method** Gil Zamora, 2023-07-19 *The Mindful Interview Method* Retrieving Cognitive Evidence provides investigators with a proven methodology to gather authentic reliable information from eyewitnesses to help identify potential suspects The book offers police and non law enforcement readers step by step techniques to improve gathering reliable evidence through a mindful interview process The author also provides an assessment component that can measure the reliability of previous interviews performed and further help to improve the interview process the skills of the investigator and thus the reliability of cognitive evidence gathered from future interviews It is notable that there is minimal to no instruction or training currently offered to those individuals most often tasked with interviewing an eyewitness about a crime as part of criminal investigations Despite the lack of training and certification we allow interviewers to conduct questioning in the face of well established research as to the malleability of human memory The assumption is that officials trained in the rules of evidence will innately ask the right questions and in the proper manner without the proper understanding of the fragility of human memory or the proper training That assumption is false and the reality is quite the opposite In fact we learn of cases commonplace in the media that frequently involve questionable interview tactics misidentifications and wrongful convictions

of innocent people The Mindful Interview Method uses cognitive research to inform the methods and principles for a mindful approach to gathering only the information the subject remembers This is the best way to use evidence based lines of questioning to perform interviews that elicit the most reliable accounts and information for investigative purposes Considering current reforms on best practices throughout the criminal justice system the book provides a path forward for professional interviewers to adopt interview methodologies that guide the practitioner to question anyone in a mindful manner *Being Peace (EasyRead Edition)* Nhất Hạnh (Thích.),2008 This recording offers the rare opportunity to listen to Thich Nhat Hanh deliver the teachings that inspired the creation of his best selling and perhaps most well known book Being Peace considered a classic of contemporary religious literature An assembly of 700 people gathered at Green Gulch Farm in Muir Beach California on November 3 1985 to listen to the wisdom and guidance of this world renowned Vietnamese Buddhist monk In this talk Thich Nhat Hanh shows how our state of mind and body can make the world a peaceful place and teaches us how to transform the very situations that pressure and antagonize us into opportunities for practicing mindfulness

Old Path White Clouds Thich Nhat Hanh,2010-04-20 Old Path White Clouds presents the life and teachings of Gautama Buddha Drawn directly from 24 Pali Sanskrit and Chinese sources and retold by Thich Nhat Hanh in his inimitably beautiful style this book traces the Buddha s life slowly and gently over the course of 80 years partly through the eyes of Svasti the buffalo boy and partly through the eyes of the Buddha himself Old Path White Clouds is destined to become a classic of religious literature I have not avoided including the various difficulties the Buddha encountered both from his own disciples and in relation to the wider society If the Buddha appears in this book as a man close to us it is partly due to recounting such difficulties **Love in Action, Second Edition** Thich Nhat Hanh,2024-07-16 Be inspired by 21 key writings on nonviolence and reconciliation by Vietnamese peace activist and refugee advocate Zen master Thich Nhat Hanh The essence of nonviolence is love Thich Nhat Hanh says Out of love and the willingness to act selflessly strategies tactics and techniques for a nonviolent struggle arise naturally Collecting essays written by Thich Nhat Hanh at crucial moments of social transformation Love in Action is an important resource for anyone engaged in social work community organizing political action and cause oriented movements Reflecting on the devastation of war Thich Nhat Hanh makes the strong argument that ethics and altruistic love based on mindfulness and insight are the only truly sustainable bases for political action Having played a central role in the Buddhist nonviolent movement for peace in Vietnam during the 1960s and serving as Chair of the Buddhist Peace delegation to the Paris Peace Accords in 1973 Thich Nhat Hanh speaks with the voice of experience There is no way to peace Peace is the way Together with essays on the connections between outer engagement and the inner work for peace this anthology also features poetry and the script of the hauntingly beautiful 1972 play The Path of Return Continues the Journey The play s characters are drawn from the author s own life the young men and women of his School of Youth for Social Service many of whom were killed for their social actions At 12 30 a m on July 5 1967 in the village of Binh Phuoc Gia

Dinh Province a group of strangers abducted five young men brought them to the bank of the Saigon River and shot them reports Thich Nhat Hanh All five were volunteer workers in the School of Youth for Social Service a nonviolent organization that sought only to heal the wounds of war and reconstruct the villages An elegy and a prayer for peace the script shows a less known side of the young Thich Nhat Hanh grieving profoundly in touch with his sorrow and pain and channeling his anguish into art inspired by love
