The House of Service David Tittensor, 2014-02-28 David Tittensor offers a groundbreaking new perspective on the G len movement a Turkish Muslim educational activist network that emerged in the 1960s and has grown into a global empire with an estimated worth of 25 billion Named after its leader Fethullah G len the movement has established more than 1 000 secular educational institutions in over 140 countries aiming to provide holistic education that incorporates both spirituality and the secular sciences Despite the movement s success little is known about how its schools are run or how Islam is operationalized Drawing on thirteen months of ethnographic fieldwork in Turkey Tittensor explores the movement s ideo theology and how it is practiced in the schools His interviews with both teachers and graduates from Africa Indonesia Central Asia and Turkey show that the movement is a missionary organization but of a singular kind its goal is not simply widespread religious conversion but a quest to recoup those Muslims who have apparently lost their way and to show non Muslims that Muslims can embrace modernity and integrate into the wider community Tittensor also examines the movement s operational side and shows how the schools represent an example of Mohammad Yunus s social business model a business with a social cause at its heart *The House of Service* is an insightful exploration of one of the world s largest transnational Muslim associations and will be invaluable for those seeking to understand how Islam will be perceived and practiced in the future

The Spirituality of Responsibility Simon Robinson, 2017-05-18 Turkish Islamic leader Fethullah G len offers a distinctive view of responsibility which is explored here for the first time Simon Robinson shows how G len s writings influenced by both orthodox Islam and the Sufi tradition contribute a dynamic holistic and interactive view of responsibility which locates personal identity agency and freedom in plural relationships *The Spirituality of Responsibility* also explores the practice of responsibility in G len s life and in the Hizmet movement which he founded G len has been at the centre of many controversies including in his Movement s relationship with the Turkish government Charting G len s response from the Israeli Gaza blockade through to more recent crises the book critiques aspects of both this practice and underlying ideas and argues that responsibility focused in dialogue and peace building is continuing to evolve in the leadership and practice of the movement providing a challenge to conventional views of governance and responsibility This book is an important contribution both to the theological and philosophical debate about responsibility but also to the practice of responsibility focused in creative action debates in business and contemporary society about responsible governance and enterprise

Peace and Dialogue in a Plural Society Thomas Michel, 2014-12-07 In a world that is too often seen as a

clash of civilizations some believe there is another way a path that involves engagement dialogue and respect In Thomas Michel s new book *Peace and Dialogue in a Plural Society* he explores how Fethullah Gulen is one of those speaking most vocally in favor of a world community where different faiths and nations can come together at one table to solve the multitude of problems facing today s world Exploring the spiritual roots of Gulen and the Hizmet Movement as well as drawing parallels between his own work as a Catholic priest Michel shows how Hizmet has helped build a blueprint for intercultural communication in a time when too many voices are trying to stoke the fires of discord Through education dialogue and a respect for basic human dignity Michel finds a foundation in Gulen s faith and Hizmet s service upon which a healthy diverse society can be built **Muslim Citizens of the Globalized World** Robert Hunt,Yuksel Aslandogan,2007-12-01 Exploring the response and contributions of Muslims and Turkish Muslims to globalization including areas such as democratization scientific revolution changing gender roles and religious diversity this study identifies the common values and visions of peace Muslims share This study places specific analysis on the Glen movement a growing approach to the reunification of faith and reason with hopes for a peaceful coexistence between liberal democracies and the religiously diverse **Renewing Islam by Service** Pim Valkenberg,2015-07 *Renewing Islam by Service* offers a theological account of the contemporary Turkish faith based service movement started by Fethullah G len and placed against the backdrop of changes in modern Turkish society The life and works of G len are analyzed against the background of developments in Turkish society and of spiritual Islamic tendencies in the transition from the Ottoman empire to the secular republic Pim Valkenberg includes stories of his personal experiences with supporters of this movement in a number of dierent countries and analyzes the spiritual practices and the faith based service of this movement that is also compared to some important Christian religious movements **Sufism** Alexander Knysh,2019-03-19 A pathbreaking history of Sufism from the earliest centuries of Islam to the present After centuries as the most important ascetic mystical strand of Islam Sufism saw a sharp decline in the twentieth century only to experience a stunning revival in recent decades In this comprehensive new history of Sufism from the earliest centuries of Islam to today Alexander Knysh a leading expert on the subject reveals the tradition in all its richness Knysh explores how Sufism has been viewed by both insiders and outsiders since its inception He examines the key aspects of Sufism from definitions and discourses to leadership institutions and practices He devotes special attention to Sufi approaches to the Qur an drawing parallels with similar uses of scripture in Judaism and Christianity He traces how Sufism grew from a set of simple moral ethical precepts into a sophisticated tradition with professional Sufi masters shaykhs who became powerful players in Muslim public life but whose authority was challenged by those advocating the equality of all Muslims before God Knysh also examines the roots of the ongoing conflict between the Sufis and their fundamentalist critics the Salafis a major fact of Muslim life today Based on a wealth of primary and secondary sources Sufism is an indispensable account of a vital aspect of Islam [A Muslim Sage Among Peers](#) John D.

Barton, 2017-10-01 This volume puts Fethullah Gulen and the Hizmet movement in dialogue with Christian theologians, philosophers and organizations concerning areas of shared interest. The Christian voices represented in these constructed dialogues are diverse, contemporary and historical, Catholic and Protestant, theological and pragmatic. While all of the essays explore overlaps and similarities between Gulen and these dialogue partners, they also bring to the surface differences and critical assessments. The result is a multi-faceted conversation that invites us all into deeper levels of historical and theological imagination, self-reflection and collaborative service. The Gulen Hizmet Movement and Its Transnational Activities Sophia Pandya, Nancy Gallagher, 2012 This volume of essays on the Gulen or Hizmet service movement, a Turkish Sufi Muslim and humanitarian civil society group, looks at the recent activities of its followers to practice their form of Islam and carry out collective interfaith projects at the international level. It adds to the newly burgeoning discourse by focusing on the ways in which participants challenge ideological and sectarian boundaries. Included are essays which discuss how the movement is organized, structured and institutionalized in many parts of the world, explore Turkey's global influence, evaluate criticisms of the movement and suggest directions for further research. While most previous scholarly attention has focused on the theological and philosophical ideas of Fethullah Gulen, the movement's inspirational figure, less attention has been paid to the ways in which participants have interpreted and carried out Gulen's messages in the contemporary world.
