*Executive Diplomacy and the Art of Strategic Negotiations* Marc Burbridge, 2020-11-02 Executive Diplomacy and the Art of Strategic Negotiations By Marc Burbridge What does it take for a manager or executive to be something more than just another in the myriad of those who make up corporate leadership or for a corporate culture to be more than just one more follow me This book provides a new fresh look at how things can be and it does so by simple taking a few lessons from the ancient art of diplomacy and applying them to the Executive Diplomat and a corporate culture described as Executive Diplomacy Typically corporate executives are taught and encouraged to be assertive bordering on aggressive and so they often are They do so without realizing that one can easily be assertive while failing to be effective In the same manner they celebrate the signing of a contract while ignoring that the objective is not the signing of the contract but rather its effective implementation Often their bonus blinds them from the value of a more diplomatic approach a more lucrative one We invite the reader to step beyond yesterday and explore something new and innovative where empowered executive alignment opens the pathway to a more meaningful corporate culture and better results in high value strategic negotiations in the new reality We suggest you start with the Preface of this book or by visiting [www.executivediplomacy.org](http://www.executivediplomacy.org)

**The Yoga of Divorce** Mike MacConnell,2016-08-31 So far lawyers are the only ones getting any money There s no middle ground We only talk through lawyers I open my mouth and we end up screaming at each other Sound familiar What if there was a way to divorce with a minimum of hostility time and expense It is attainable even if you are working towards these goals without the cooperation of your spouse The Yoga of Divorce advocates that we shift our reactions and embrace the notion of cooperative opposition the idea that the same non adversarial process that works on the yoga mat can be used at the negotiation table The key to The Yoga of Divorce s strategy is to park ego at the door If we stop trying to win but instead seek a solution that is fair to both sides we make much smoother progress The mindful practice of cooperative opposition can simultaneously resolve physical stress and social conflict by intentionally balancing opposite forces It might seem simple but it takes conscious effort We urgently need to make calm decisions at those times when being calm is most difficult such as in the midst of emotional crisis When stakes are highest we feel most triggered to attack For the sake of our children our wealth and our personal well being we need to work past negative emotions and put ego in its place Only then will we find lasting peace and amicable resolutions [Handbook of Conflict Analysis and Resolution](#) Dennis J.D.
