Is It Possible To Be Christian And Modern:

Is it Possible to be Christian and Modern? Wayne W. Mahan, 1993 This book deals with the question Is it possible to be Christian and modern without being schizophrenic or dishonest This question is necessary because Christianity is the only major religion that has had to face the challenge of the Age of Reason not because it wanted to but because Christianity dominated the culture in which the Age of Reason arose That challenge took the form of the rise of natural science which questioned the Biblical cosmology and Biblical scholarship and which challenged the historical sources to the books within the Bible itself Mahan seeks to be honest both to the findings of Biblical scholarship and to the genius of Christianity at its best Christianity in the Modern World Ambrose Mong, 2022-01-27 The influence of religion on culture is as strong as ever

but the shape of that influence is unique in today's pluralistic society In Christianity in the Modern World Ambrose Mong examines critically themes of religious commitment and tolerance attitudes towards other religions and the sociological aspects of religion and inter religious dialogue He provides an overview of factors that challenge traditional religion from the relationship between monotheistic and polytheistic beliefs to the history of tolerance and intolerance in the church and the future of secularism Following the global ethics formulated by the late Hans Kung Mong also engages with the dialogue between Jurgen Habermas and Joseph Ratzinger to provide an extensive defence of the importance of inter religious dialogue with particular relevance to multiple religious belonging in the Asian context Scholars of world religions will find Mong's analysis compelling while students will find his introduction to the historical dialectics underlying many of today's tensions illuminating **The Numinous and Modernity** Todd A. Gooch, 2012-08-09 The author traces the development of Rudolf Otto's attempt to construct a normative science of religion This should respond to concerns facing Protestant theologians in Germany at the turn of the century Moreover he examines the reception of Otto's ideas after World War One The volume contains name and subject indexes Innovation in the Orthodox Christian Tradition? Trine Stauning Willert, Lina

Molokotos-Liederman, 2016-05-23 The relationship between tradition and innovation in Orthodox Christianity has often been problematic filled with tensions and contradictions starting from the Byzantine era and running through the 19th and 20th centuries For a long period of time scholars have typically assumed Greek Orthodoxy to be a static religious tradition with little room for renewal or change Although this public perception continues the immutability of the Greek Orthodox tradition has been questioned by several scholars over the past few years This book continues this line of reasoning but brings it into the centre of contemporary discussion Presenting case studies from different periods of history up to the present day the authors trace different aspects in the development of innovation and renewal in Orthodox Christianity in the Greek speaking world and among the Diaspora A Catholic Modernity? James L. Heft, 1999-09-30 This book offers a series of reflections on the state of Christianity and especially Catholicism in the world today The centerpiece of the volume is a lecture by the renowned philosopher Charles Taylor from which the title of the book is taken The lecture delivered at Dayton University in

January of 1996 offered Taylor the opportunity to speak about the religious dimensions of his intellectual commitment dimensions left implicit in his philosophical writing In fact this is the only place where Taylor a Roman Catholic spells out his theological views and his sense of the cultural placement of Catholicism its history and trajectory He uses the occasion to argue against the common claim that obstacles to religious belief in modern culture are epistemic that they have to do with the triumph of the scientific worldview The real obstacles says Taylor are moral and spiritual having to do with the historic failures of religious institutions Four well known commentators on religion and society two Protestant two Catholic were invited to respond to Taylor s lecture William M Shea George Marsden Jean Bethke Elshtain and Rosemary Luling Haughton Their chapters offer a variety of astute reflections on the tensions between religion and modernity and in particular on the role that Catholicism can and should play in contemporary society The volume concludes with Taylor s perceptive and thoughtful response to his interlocutors A Catholic Modernity provides one of the most thoughtful conversations to date about the place of the Catholic Church in the modern world and more generally about the role of religion in democratic liberal societies

The Resilience of Christianity in the Modern World Joseph B. Tamney, 1992-01-01 This book develops a theoretical framework for understanding the popularity of religion in its particular social contexts The author provides analyses of examples of religious renaissance such as the relation of the Catholic Church to Poland s Solidarity Movement and the counterculture and Protestant theology He appraises the appeal of the Christian Right in contemporary American culture and the relationship between the Political Right and the Christian Right

A Liberalism Safe for Catholicism? Daniel Philpott, Ryan T. Anderson, 2017-06-30 This volume is the third in the Perspectives from The Review of Politics series following *The Crisis of Modern Times* edited by A James McAdams 2007 and *War Peace and International Political Realism* edited by Keir Lieber 2009 In *A Liberalism Safe for Catholicism* editors Daniel Philpott and Ryan Anderson chronicle the relationship between the Catholic Church and American liberalism as told through twenty seven essays selected from the history of the Review of Politics dating back to the journal s founding in 1939 The primary subject addressed in these essays is the development of a Catholic political liberalism in response to the democratic environment of nineteenth and twentieth century America Works by Jacques Maritain Heinrich Rommen and Yves R Simon forge the case for the compatibility of Catholicism and American liberal institutions including the civic right of religious freedom The conversation continues through recent decades when a number of Catholic philosophers called into question the partnership between Christianity and American liberalism and were debated by others who rejoined with a strenuous defense of the partnership The book also covers a wide range of other topics including democracy free market economics the common good human rights international politics and the thought of John Henry Newman John Courtney Murray and Alasdair MacIntyre as well as some of the most prominent Catholic thinkers of the last century among them John Finnis Michael Novak and William T Cavanaugh This book will be of special interest to students and scholars of political science journalists and policymakers church leaders and

everyday Catholics trying to make sense of Christianity in modern society Contributors Daniel Philpott Ryan T Anderson Jacques Maritain Alvan S Ryan Heinrich Rommen Josef Pieper Yves R Simon Ernest L Fortin John Finnis Paul E Sigmund David C Legee Thomas R Rourke Michael Novak Michael J Baxter David L Schindler Joseph A Komonchak John Courtney Murray Samuel Cardinal Stritch Francis J Connell Carson Holloway James V Schall Gary D Glenn John Stack Glenn Tinder Clarke E Cochran William A Barbieri Jr Thomas S Hibbs Paul S Rowe and William T Cavanaugh *The Social Teaching of the Christian Churches* Ernst Troeltsch, 1992-01-01 In this landmark work Ernst Troeltsch offers a history of Christian ethics This expansive volume relates Christian ethical ideas to the changing structures of church and society from the period of early Christianity to the end of the eighteenth century Troeltsch's classic work first published in 1931 continues to speak to the present condition of the church and culture The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field

Formations of European Modernity Gerard Delanty, 2018-08-24 This book presents a historical and political sociology of European history and society It offers a critical interpretation of the course of European history looking at the emergence of the idea of Europe and the formation of modernity Now fully updated Delanty's second edition features commentary on Brexit populism the refugee crisis and secessionism as well as additional coverage of colonialism and the wider global context The book will be an invaluable resource for advanced undergraduates and postgraduate students of historical sociology the history of Europe nations and modernity political sociology and political and social theory *Is there a Judeo-Christian Tradition?* Emmanuel Nathan, Anya Topolski, 2016-03-21 The term Judeo Christian in reference to a tradition heritage ethic civilization faith etc has been used in a wide variety of contexts with widely diverging meanings Contrary to popular belief the term was not coined in the United States in the middle of the 20th century but in 1831 in Germany by Ferdinand Christian Baur By acknowledging and returning to this European perspective and context the volume engages the historical theological philosophical and political dimensions of the term's development Scholars of European intellectual history will find this volume timely and relevant *Mediating Modernity* Lauren B. Strauss, Michael Brenner, 2008-06-02 Scholars of Jewish studies German history and religious history will appreciate this timely volume *The Theological Origins of Modernity* Michael Allen Gillespie, 2008-09-15 Exposing the religious roots of our ostensibly godless age Michael Allen Gillespie reveals in this landmark study that modernity is much less secular than conventional wisdom suggests Taking as his starting point the collapse of the medieval world Gillespie argues that from the very beginning moderns sought not to eliminate religion but to support a new view of religion and its place in human life He goes on to explore the ideas of such figures as William of Ockham Petrarch Erasmus Luther Descartes and Hobbes showing that modernity is best understood as a series of attempts to formulate a new and coherent metaphysics or theology Bringing the history of political thought up to

date and situating it against the backdrop of contemporary events Gillespie's analyses provide us a way to begin to have conversations with the Islamic world about what is perhaps the central question within each of the three monotheistic religions if God is omnipotent then what is the place of human freedom Joshua Mitchell Georgetown University

Christianity and Constitutionalism Nicholas Aroney, Ian Leigh, 2022 The first volume of its kind Christianity and Constitutionalism explores the contribution of Christianity to constitutional law and constitutionalism as viewed from the perspectives of history law and theology The authors examine a wide range of key figures including Augustine Thomas Aquinas Moses Martin Luther and Roger Williams offering innovative and thoughtful analyses of the relationship between religious thought and constitutional law Part I features contributions from historians and is focused on the historical influence of Christianity on constitutionalism recounting how the relationship between the Christian faith and fundamental ideas about law justice and government has evolved from era to era Part II offers the analyses of constitutional lawyers focusing on the normative implications of Christianity for particular themes or topics in constitutional law The chapters in this section orbit around several central doctrines and principles of this field including sovereignty the rule of law democracy the separation of powers human rights conscience and federalism evaluating them from a range of Christian perspectives Part III rounds out the study with theologians focused on particular Christian doctrines exploring their constructive and sometimes critical implications for constitutionalism As a whole Christianity and Constitutionalism breaks new ground by offering wide ranging interdisciplinary contributions to the study of the relationship between the Christian religion and constitutional law

The Journey of Modern Theology Roger E. Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity

The Possibility of Salvation Among the Unevangelized Daniel Strange, 2007-01-01 In the area of systematics known as the theology of religions those who affirm the particularity of Christ in terms of truth revelation and salvation have always had to deal with the problem of the unevangelized those who have never heard of Christ through no fault of their own For evangelical theologians this issue impinges on fundamental tenets of evangelical identity Recently the fate of the unevangelized has received detailed attention from evangelicals and has been fiercely debated because of the wider doctrinal issues it raises The position known as inclusivism has been most fully developed by Clark H Pinnock an influential and controversial evangelical theologian known as being the leading spokesman of Arminianism and a new theistic paradigm entitled the trinitarian openness of God Through a detailed analysis and critique of his work this book examines a cluster of issues surrounding the unevangelized and its implications for Christology soteriology and evangelical identity

A Study of Early Christianity Joseph B. Tyson, 1973

Atheism and Salvation John J. Pasquini, 2000 Atheism and Salvation is an original and unique work that explores in detail Karl Rahner's understanding of atheism within the

context of anonymous Christianity In light of Vatican II Rahner contends that atheism cannot simply be understood as ignorance or willful rebellion against God Instead he argues that one can be an atheist on a categorical level and still be a person of supernatural faith and a Christian albeit in an implicit or anonymous way In addition to masterfully explaining anonymous Christianity and modern atheism *Atheism and Salvation* provides a succinct summary of the traditional proofs for the existence of God Intended for those who have an interest in the future of theology religion and philosophy this insightful work will leave its readers seeing reality in a new light *Nothing Absolute* Alex Dubilet, Kirill Chepurin, 2021-02-09

Featuring scholars at the forefront of contemporary political theology and the study of German Idealism *Nothing Absolute* explores the intersection of these two flourishing fields Against traditional approaches that view German Idealism as a secularizing movement this volume revisits it as the first fundamentally philosophical articulation of the political theological problematic in the aftermath of the Enlightenment and the advent of secularity *Nothing Absolute* reclaims German Idealism as a political theological trajectory Across the volume s contributions German thought from Kant to Marx emerges as crucial for the genealogy of political theology and for the ongoing reassessment of modernity and the secular By investigating anew such concepts as immanence utopia sovereignty theodicy the Earth and the world as well as the concept of political theology itself this volume not only rethinks German Idealism and its aftermath from a political theological perspective but also demonstrates what can be done with or against German Idealism using the conceptual resources of political theology today Contributors Joseph Albernaz Daniel Colucciello Barber Agata Bielik Robson Kirill Chepurin S D Chrostowska Saitya Brata Das Alex Dubilet Vincent Lloyd Thomas Lynch James Martel Steven Shakespeare Oxana Timofeeva Daniel Whistler

Christian Wisdom Meets Modernity, 2016-05-05 The *Illuminating Modernity* series examines the great but lesser known thinkers in the Romantic Thomist tradition such as Erich Przywara and Fernand Ulrich and shows how outstanding 20th century theologians like Ratzinger and von Balthasar have depended on classical Thomist thought and how they radically reinterpreted this thought The chapters in this volume are dedicated to the encounter between the presuppositions and claims of modern intellectual culture and the Christian confession that the crucified and resurrected Jesus is the power and wisdom of God and is the lord of history and of his church The scholars contributing to this discussion do not assume that Christianity and modernity are two discrete entities which can be readily defined nor do they presume that Christian wisdom and modernity meet each other only in conflict or by coincidence They engage with a variety of great figures Kierkegaard Heidegger Rahner Przywara Guardini Karl Barth and Karol Wojtyla to illustrate the connection between modernism and Christian wisdom The volume concludes with a programmatic statement for the renewal of Christian philosophy that has been able to retain the cosmo theological vision as outlined by Mezei in the final chapter **Contemporary Australian Literature** Nicholas Birns, 2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century

writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In *Contemporary Australian Literature A World Not Yet Dead* Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella
