Practical Criticism V 4 I. A Richards,2014-05-12 This is Volume four of ten of the selected works of I A Richards from 1919 to 1938 Originally published in 1929 this study looks at literary judgement The Practical Criticism experiment began to take shape in late 1923 A C Benson then Master of Magdalene College records in his diary for the 13th of October that at dinner Richards had suggested as a good examination for English students to print five extracts of poetry and prose with no clue as to author and date and containing one really worthless piece and ask for comments and opinion This volume is the evidence of that experiment

Richards and His Influence on the New Critics Stanley Roger Stoga, 1965 **Professing Criticism** John Guillory, 2022-12-30 A sociological history of literary study both as a discipline and as a profession As the humanities in higher education struggle with a labor crisis and with declining enrollments the travails of literary study are especially profound No scholar has analyzed the discipline s contradictions as authoritatively as John Guillory In this much anticipated new book Guillory shows how the study of literature has been organized both historically and in the modern era both before and after its professionalization The traces of this volatile history he reveals have solidified into permanent features of the university Literary study continues to be troubled by the relation between discipline and profession both in its ambivalence about the literary object and in its anxious embrace of a professionalism that betrays the discipline s relation to its amateur

precursor criticism In a series of timely essays *Professing Criticism* offers an incisive explanation for the perennial churn in literary study the constant revolutionizing of its methods and objects and the permanent crisis of its professional identification It closes with a robust outline of five key rationales for literary study offering a credible account of the aims of the discipline and a reminder to the professoriate of what they already do and often do well **The Literary Criticism of T.S. Eliot**, 2014-01-13 In his time T S Eliot established a new critical orthodoxy by which no major modern critic in England or America remained unaffected but a decade has passed since his death and a generation or more since his extraordinary influence was at its height It has therefore seemed worth attempting a fresh historical revaluation of Eliot s critical achievement and the nine distinguished scholars whom Dr Newton De Molina approached responded readily to his invitation that they undertake such a project Their essays range widely over the various aspects of Eliot s critical activity and place it in the context not only of his endeavours as poet and dramatist but also of his formal training as a philosopher and of his conversion to Christianity They contrast the early and later work not forgetting Eliot s own retrospective comments on the former consider its relation to the English critical and poetic tradition and seek to show in what ways criticism may derive new impetus from the example both of Eliot s strengths and of his limitations *Foundations Aesthetics V 1* John Constable, 2013-09-13 This is Volume I of ten in the selected works of I A Richards 1919 to 1938 This set gathers the major writings of I A Richards between 1919 and 1938 including a large proportion of his periodical journalism together with a selection from previously unpublished manuscript articles now held in the Richards Collection of Magdalene College Cambridge The aim of this edition has been to provide modernised and corrected standard texts of these classics of twentieth century literary theory and also to make available for research less accessible books and articles [The Letters of T. S. Eliot](#) T. S. Eliot, 2013-07-16 DIV T S Eliot writes the letters contained in this volume during a period of weighty responsibilities as husband and increasing demands as editor and publisher He cultivates the support of prominent guarantors to secure the future of his periodical *The Monthly Criterion* even as he loyally looks after his wife Vivien now home after months in a French psychiatric hospital Eliot corresponds with writers throughout Great Britain Europe and the United States while also forging links with the foremost reviews in London Berlin Paris Madrid and Milan He generously promotes many other writers among them Louis Zukofsky and Edward Dahlberg and manages to complete a variety of writings himself including the much loved poem *A Song for Simeon* a brilliant introduction to Wilkie Collins s *The Moonstone* and many more div *The Literary Criticism of F. R. Leavis* R. P. Bilan, 1979-10-18 A comprehensive analysis and assessment of the many strands of Leavis s work emphasising the basic unity of his ideas
