Juggling Truths:

Ritual Murder and Witchcraft in Southern Africa in relation to Unity Dow's "The Screaming of the Innocent" Jessica Narloch, 2012-03-02 Seminar paper from the year 2007 in the subject English Language and Literature Studies Literature grade 1 7 University of Duisburg Essen language English abstract In 2002 Unity Dow's book *The Screaming of the Innocent* was published. It deals with the topic of ritual murder in Botswana and gives detailed descriptions of the South African belief in witchcraft, traditional healing, and ritual murder. Since the book is not based on a true story, it is interesting to find out whether the themes Dow writes about are fictitious as well or if they can be related to Botswana's every day life. In an interview, Unity Dow claims that ritual murder actually still happens in Southern Africa. This essay will have a closer look on some relevant passages of the book *The Screaming of the Innocent* and will relate them to the religion, the witchcraft belief, the belief in witchdoctors, and the topic of ritual murder in Botswana. A comparison will show whether there are parallels between the fictitious story of the book and the real life in this specific area of Southern Africa. *The Risen* David Anthony Durham, 2017-04-18 It is one of the most storied uprisings of classical times. Spartacus, the visionary captive and gladiator, used his toughness and charisma to turn a prison break into a revolt that would threaten the Roman empire. Now, with verve and intelligence, David Anthony Durham brings us a thrilling retelling that gives voice not only to Spartacus himself but also to Asteria, Spartacus's oracle consort, Nonus, a Roman soldier working both sides of the conflict, Laelia, and Hustus, two slave children drawn into the ranks of the rebellion, Kaleb, secretary to the Roman senator and commander saddled with the task of quashing the insurrection, and many others in a vast spectacle of bloodshed, heroism, and treachery. **Knowing Differently** G. N. Devy, Geoffrey V. Davis, K. K. Chakravarty, 2015-08-12 This book offers a bold and illuminating account of the worldviews nurtured and sustained by indigenous communities from across continents through their distinctive understanding of concepts such as space, time, joy, pain, life, and death. It demonstrates how this different mode of knowing has brought the indigenous into a cultural conflict with communities that claim to be modern and scientific. Bringing together scholars, artists, and activists engaged in understanding and conserving local knowledge that continues to be in the shadow of cultural extinction, the book attempts to interpret repercussions on identity and cultural transformation and points to the tragic fate of knowing the world differently. The volume inaugurates a new thematic area in post colonial studies and cultural anthropology by highlighting the perspectives of marginalized indigenous communities often burdened with being viewed as primitive. It will be useful to scholars and students of anthropology, sociology, cultural studies, history, linguistics, literature, and tribal studies. **Historical Dictionary of Botswana** Fred Morton, Jeff Ramsay, Part Themba Mgadla, 2008-04-23 In September 2006 Botswana celebrated its 40th anniversary of independence. During its four decades of freedom, the average individual annual income in Botswana has risen from less than 500 in 1966 in today's prices to more than 5 000 in 2006. It has held nine open and free national elections; it has expanded the provision of electricity, water, education, and health.

services to most of its people and it has become an archetype for other nations wanting to put the profits from its natural resources back into the nation's development. While much has improved in the country, Botswana still faces three major issues: the AIDS epidemic, the tens of thousands of refugees from South Africa, Namibia, and Zimbabwe, and conflict diamonds. The fourth edition of the *Historical Dictionary of Botswana* through its chronology, introductory essay, appendixes, map, bibliography, and hundreds of cross-referenced dictionary entries on important persons, places, events, institutions, and significant political, economic, social, and cultural aspects provides an important reference on this burgeoning African country.

Muehleisen, 2006. Recent crime fiction increasingly transcends national boundaries with investigators operating across countries and continents. Frequently the detective is a migrant or comes from a transcultural background. To solve the crime, the investigator is called upon to decipher the meanings hidden in clues and testimonies that require transcultural forms of understanding. For the reader, the investigation discloses new interpretive methods and processes of social investigation, often challenging facile interpretations of the postcolonial world order. Under the rubric *postcolonial postmortems*, this collection of essays seeks to explore the tropes, issues, and themes that characterise this emergent form of crime fiction. But what does the postcolonial bring to the genre, apart from the well-known and valid discourses of resistance, subversion, and ethnicity? And why *postmortems*? A dissection and medical examination of a body to determine the cause of death, the postmortem of the postcolonial not only alludes to the investigation of the victim's remains but also to the body of the individual text and its contexts. This collection interrogates literary concepts of postcoloniality and crime from transcultural perspectives in the attempt to offer new critical impulses to the study of crime fiction and postcolonial literatures. International scholars offer insights into the postcolonial postmortems of a wide range of texts by authors from Africa, South Asia, the Asian and African Diaspora, and Australia, including Robert G. Barrett, Unity Dow, Wessel Ebersohn, Romesh Gunasekera, Kazuo Ishiguro, Sujata Massey, Alexander McCall Smith, and Michael Ondaatje. **Index to the Heavenly Arcana Contained in the Sacred**
