Julian Reconsidered:

Julian Reconsidered Sister Benedicta Ward SLG, Kenneth Leech, 2024-08-29 Fairacres Publications 106 Sometimes the message of optimism and hope of the fourteenth century writer Julian of Norwich is understood rather superficially Two lectures given at her Shrine in Norwich which can assist our understanding of her theology are reproduced here Kenneth Leech shows how Julian can help us to recover a sense of the goodness of creation and he challenges superficial interpretations of her saying that all shall be well Sister Benedicta reconsiders Julian in the light of the solitary tradition and contemporary medieval documents suggesting that Julian may have been a widow who had borne a child *Julian Reconsidered* Kenneth Leech, 1988 Two lectures on Julian's theology showing how she points us to a sense of the goodness of creation and considering her in the light of the solitary tradition and medieval documents **Julian of Norwich's Legacy** S. Salih, D. Baker, 2009-11-09 Julian of Norwich the best known of the medieval mystics today The text of her Revelation has circulated continually since the fifteenth century but the twentieth century saw a massive expansion of her popularity Theological or literary historical studies of Julian may remark in passing on her popularity but none have attempted a detailed study of her reception This collection fills that gap it outlines the full reception history from the extant manuscripts to the present day looking at Julian in devotional cultures in modernist poetry and present day popular literature and in her iconography in Norwich both as a pilgrimage site and a tourist attraction *Julian's Shadow* Bill Hughes, 2011-09-11 **A Strange Tongue** John D. Green, 2002 This book is the product of both historical and personal interest in the grounds of religious conviction It deals with the practice and development of the tradition of discernment of spirits in the late fourteenth century England and sixteenth century Spain as reflected in the classical texts of the mystics of the periods Julian of Norwich the Cloud Author and Walter Hilton in England and Ignatius of Loyola and John of the Cross in Spain The tradition of discernment came into being at the very beginning of the Church's history and has been appropriated adapted and developed throughout its history The book explores how the tradition is expanded and maintains continuity with its origins and suggests that it reaches some apogee in sixteenth century Spain for Christian lives of apostolic mission and contemplation It illustrates how the cultural circumstances of the times moulded the manner in which the experiences of the mystics were perceived Discernment of Spirits is about how Christians reach some conviction that the stirrings within consciousness which seem to originate so strangely and yet beckon so persistently are real in the sense of authentically divine They are stirrings which call for a response in the lives of mystics Rowan Williams at the beginning of his influential book *The Wound of Knowledge* refers to the intractable strangeness of the ground of belief that must constantly be allowed to challenge the fixed assumptions of religiosity it is a given whose question to each age is fundamentally one and the same This book illustrates how the question is addressed in the texts of the mystics In our own time the strange stirrings which intimate the question tend to be drowned by a multiplicity of competing voices The suggestion is made that when we listen to the voices of the past we may be

encouraged to wonder about the question posed by the stirrings within our own consciousness hitherto unheard or dismissed as simply strange *The Secret Within* Wolfgang Riehle,2014-02-25 Spiritual seekers throughout history have sought illumination through solitary contemplation In the Christian tradition medieval England stands out for its remarkable array of hermits recluses and spiritual outsiders from Cuthbert Godric of Fichale and Christina of Markyate to Richard Rolle Julian of Norwich and Margery Kempe In *The Secret Within* Wolfgang Riehle offers the first comprehensive history of English medieval mysticism in decades one that will appeal to anyone fascinated by mysticism as a phenomenon of religious life In considering the origins and evolution of the English mystical tradition Riehle begins in the twelfth century with the revival of eremitical mysticism and the early growth of the Cistercian Order in the British Isles He then focuses in depth on the great mystics of the fourteenth and fifteenth centuries Richard Rolle the first great English mystic the anonymous author of *The Cloud of Unknowing* Walter Hilton Margery Kempe and Julian of Norwich Riehle carefully grounds his narrative in the broader spiritual landscape of the Middle Ages pointing out both prior influences dating back to Late Antiquity and corresponding developments in mysticism and theology on the Continent He discusses the problem of possible differences between male and female spirituality and the movement of popularizing mysticism in the late Middle Ages Filled with fresh insights *The Secret Within* will be welcomed especially by teachers and students of medieval literature as well as by those engaged in historical theological philosophical cultural even anthropological and comparative studies of mysticism

Visions and Voice-Hearing in Medieval and Early Modern Contexts Hilary Powell,Corinne Saunders,2020-12-11 This book examines how the experiences of hearing voices and seeing visions were understood within the cultural literary and intellectual contexts of the medieval and early modern periods In the Middle Ages these experiences were interpreted according to frameworks that could credit visionaries or voice hearers with spiritual knowledge and allow them to inhabit social roles that were as much desired as feared Voice hearing and visionary experience offered powerful creative possibilities in imaginative literature and were often central to the writing of inner spiritual lives Ideas about such experience were taken up and reshaped in response to the cultural shifts of the early modern period These essays which consider the period 1100 to 1700 offer diverse new insights into a complex controversial and contested category of human experience exploring literary and spiritual works as illuminated by scientific and medical writings natural philosophy and theology and the visual arts In extending and challenging contemporary bio medical perspectives through the insights and methodologies of the arts and humanities the volume offers a timely intervention within the wider project of the medical humanities Chapters 2 and 5 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) **Women Medievalists and the Academy, Volume 2** Jane Chance,2018-05-22 Long overlooked in standard reference works pioneering women medievalists finally receive their due in *Women Medievalists and the Academy* This comprehensive edited volume brings to life a diverse collection of inspiring figures through memoirs biographical essays and

interviews Covering many different nationalities and academic disciplines including literature philology history archaeology art history theology or religious studies and philosophy each essay delves into one woman s life intellectual contributions and efforts to succeed in a male dominated field Together these extraordinary personal histories constitute a new standard reference that speaks to a growing interest in women s roles in the development of scholarship and the academy The collection begins in the eighteenth century with Elizabeth Elstob and continues to the present and includes among more than seventy profiles such important figures as Anna Jameson Lina Eckenstein Georgiana Goddard King Eileen Power Dorothy L Sayers Dorothy Whitelock Susan Mosher Stuard Marcia Colish and Caroline Walker Bynum among others

The Power and Vulnerability of Love Elizabeth O'Donnell Gandolfo,2015-02-01 Gandolfo constructs a theological anthropology that begins with the condition of human vulnerability as a site to answer why human beings experience and inflict terrible suffering This volume argues that vulnerability is a dimension of human existence that causes us great anxiety which forms the basis for violence but also affords the possibility of human openness to the redemptive work of divine love Poised paradoxically between tragic and redemptive vulnerability human beings need existential resources and empowering practices to cope with and manage our vulnerability in more compassionate ways

A True Easter: The Synod of Whitby 664 AD Sister Benedicta Ward SLG,2023-03-31 Fairacres Publications 151 Sister Benedicta gives an illuminating account of the Synod of Whitby 664 AD held to discuss the date on which Easter should be celebrated The Synod has been presented as a clash between Irish and Roman missionaries representing two different kinds of Christianity yet the two traditions mingled with no clear cut nationalistic divisions All participants were agreed upon the centrality of Easter as the feast of the Resurrection and through looking together towards Jesus as the risen Lord they resolved their difficulties

The Permeable Self Barbara Newman,2021-09-17 The Permeable Self offers medievalists new insight into the appeal and dangers of the erotics of pedagogy the remarkable influence of courtly romance conventions on hagiography and mysticism and the unexpected ways that pregnancy often devalued in mothers could be positively ascribed to men virgins and God

Bringing Forth Christ Saint Bonaventure,2024-03-21 Fairacres Publications 90 The short though profoundly mystical work The Five Feasts of the Child Jesus which is presented here in a new translation came from the pen of St Bonaventure Bishop and Doctor of the Church and one of the most renowned followers of St Francis of Assisi We are given five meditations on scenes in the life of Christ Contrary to what one might expect from the title however the theme of these meditations is spiritual motherhood namely the doctrine concerning the mystical birth of God s Word in the soul and the vocation of every Christian to become a mother of Christ Men and women alike are invited to fashion their spiritual lives on Mary the Mother of the Lord and the image of the Church and to develop the maternal element in their nature St Bonaventure brought the skills of a poet and a theologian to his task his work belongs to the rich heritage of Franciscan spirituality it is also a minor classic of the spiritual tradition of western Christianity and has a message pertinent to our times

Divine Love in the Song of Songs

Sr Edmée Kingsmill SLG,2024-11-12 The Song of Songs has exercised Jewish and Christian scholars for centuries and will probably continue to do so Its language and symbolism have fallen foul of modernist interpretations particularly since the time of Freud Sister Edm e however shows that understanding the Song its place in the Biblical canon and how we read it today is made possible by examining its history and the relationship of its language and content to the rest of the Bible and the New Testament This examination also illuminates the way in which it was read and understood by those who were closest to its author

Angels Sr Raphael SLG,2025-05-01 How often we use expressions like thank you for doing that you re such an angel without really thinking about it referring to angels as helpful and rather sweet possibly with a picture in mind of a tall female with big feathery wings Despite this typecasting scripture reveals angels as somewhat fearsome messengers from God who must constantly reassure people not to be afraid The messages they bring are for the benefit of God s people for salvation and healing In this exploration of angels Sister Raphael reflects on her reading of Bible passages and related texts to examine how angels might lead us into a greater understanding of God s love and purposes for us all

And We Shall Be Changed James Ramsay,2025-04-08 Most of us most of the time prefer not to think about the universal experience of death Death arouses disturbing instincts emotions and memories This is a book for those wishing to understand more about the Christian journey at the end of life but it is not just a book about death it is also about living with courage and grace and about facing our fears The author writes both for the dying and for those who accompany them He examines the questions that we are often too afraid to ask and helps us to encompass death through a deeper understanding of the promise of union with God and life everlasting

The Monastic Hours of Prayer Sister Benedicta Ward SLG,2022-04-23 Fairacres Publications 178 The heart of monastic prayer is based in the psalms In these essays Sister Benedicta Ward examines the origin and development of the use of the Psalter in the daily worship of monks She demonstrates that the traditional description of this activity as Opus Dei should be understood as God s work in us not our work of prayer The Psalter offers both monk and non monk prayers of great intimacy and in the context of the Offices a way to reorder our understanding of time She presents an example of the possibility of a unity of life and prayer here and now in time This study makes a noteworthy contribution to the literature on monastic history and spirituality and the Christian life of prayer

Landscape, Soul and Spirit Andy Lord,2025-02-11 How might we develop our spirituality in the context of an environmental crisis that demands changes to our individual and communal ways of life There is a challenge to develop our inherited patterns of spiritual life in the current ecological context This book aims to reflect on the Christian contemplative tradition in dialogue with writings of the leading nature writer Robert Macfarlane The argument is that each of his six books can be seen as nurturing a particular spiritual practice In this Macfarlane s focus on interactions between landscapes and the soul is extended to include the spirit At a time of crisis it is important to nourish contemplative approaches that engage our longings attentiveness and sense of time These enable us to discover renewal hear fresh voices and live in union with all of life This

book acts both as an introduction to Macfarlane and a stimulus to further reflection on spirituality and the environment
