*Cambridgeshire Customs and Folklore (RLE Folklore)* Enid Porter, 2020-07-26 Enid Porter spent many years collecting and recording from Cambridgeshire people the folk beliefs and customs held and observed in the country both past and present The subjects covered in the book first published in 1969 range from the folklore of courtship marriage birth and death of trees and plants and the whole world of nature to traditional Cambridgeshire food and drink from ghosts and witchcraft and the cure of disease to charity and land letting customs The traditional occupations of the county as well as the dress worn by the workers in the various crafts and the tools and implements they used are also recorded and there are accounts of various Cambridgeshire sports and pastimes There is a section on University customs ranging from the ancient procedure observed at examinations and degree ceremonies through College Stamps and Mock Funerals to the appointment made formerly of a Christmas Lord in the Colleges Miss Porter spent most of her life in Cambridge and her mother's family have lived there since the sixteenth century so she includes information based on her own observations and on those of members of her family The Fenland material has largely been provided by W H Barrett well known through his collections of Fen Tales *Witchcraft and Secret Societies of Rural England* Nigel Pennick, 2019-04-09 A comprehensive account of the rich folk culture preserved in the rural secret societies of the British Isles Describes the secret rites ceremonies and initiation rituals of guilds and rural fraternities such as the Shoemakers Horsemen Toadmen Mummers and Bonesmen Explains their use of masks black face and other disguises to avoid persecution Draws not only on scholarly research but also the author's personal contacts within these still living traditions Centuries ago the remote marshy plains of eastern England the Fens were drained to create agricultural land The Fens remained isolated up until the nineteenth century and it was this very isolation that helped preserve the ancient traditions of this area traditions ruthlessly eradicated elsewhere in the British Isles These magical folk traditions also owe their survival to secret rural societies from craft guilds and trade unions to Morris dancers and village bands Exploring the folk customs and magical traditions of guilds and rural fraternities such as the Shoemakers and Horsemen and the secrets guarded by the Free Gardeners Witches Toadmen and Bonesmen Nigel Pennick shows how the common working people of the Fens belonged to secret societies based on their specific trade He details the

hidden aspects of rural life that most historians ignore the magical current that flowed through the lives of working people and describes the secret rites ceremonies oaths and initiation rituals of the guilds and fraternities to which the folk belonged Drawing not only on scholarly research but also his personal contacts within these still living traditions Pennick explains their use of masks black face and other disguises to avoid persecution and describes how wise woman healers and witches in rural villages were sought after for their remedies He shares the secrets of the toad bone rite which gave the Toadman control over animals and members of the opposite sex and explores the guardian spirits thought to inhabit the Fens including those of the Wild Hunt Providing insight into a world that has largely disappeared one whose magic still echoes in lore and legend Pennick shows that the rites customs and ceremonies of guilds and rural fraternities connect individuals to a wider community and through collective action to the power of Nature and the Cosmos
