**The Hypnotic Power of Crop Circles** Bert Janssen, 2004 A guide to the mysteries and power of crop circles their symbols and patterns and what their purpose is      **Mysteries of Ancient South America** Harold T. Wilkins, 2000 The reprint of Wilkin s classic book on the megaliths and mysteries of South America This book predates Wilkin s book Secret Cities of Old South America published in 1952 Mysteries of Ancient South America was first published in 1947 and is considered a classic book of its kind With diagrams photographs and maps Wilkins digs into old manuscripts and books to bring us some truly amazing stories of South America a bizarre subterranean tunnel system lost cities in the remote border jungles of Brazil legends of Atlantis in South America cataclysmic changes that shaped South America and other strange stories from one of the world s greatest researchers      **Crop Circles** Mary Carroll Nelson, 2007 Since the late 1970s crop circles have been appearing in grain fields all across the globe but especially in Southern England These large graphic designs are created through the contrast between the light catching flattened grain swirled to the ground and the darker grain left standing in the fields The beauty of the art can be seen in its entirety from the air and such space filling dynamic patterns are evidence that creative intelligent CircleMakers are intentionally marking the Earth But why they do it and who they are remain mysteries In Crop Circles Mary Nelson speculates on possible answers to these questions Nelson takes the view that crop circles are a new art form The record of civilization can be read through a study of art history Today CircleMakers are using land as a canvas She asks what do crop circles reveal about our own period Are these huge artworks alerting us to increase our awareness to follow an elevated path more spiritual and less material more in harmony and less adversarial more of a circle than a box so that humanity can at last fulfill its evolutionary destiny instead of destroying itself In Crop Circles Nelson combines the viewpoint of an art historian with that of artist and seeker to probe the connection between the crop formations and developments in contemporary thought There is also a special hardcover edition available with a linen slipcase and accompanied by original artwork by Mary Carroll Nelson      **The Publishers Weekly** ,2004

**Signs on the Earth** Richard Leviton, 2005-06-10 Virgin Mary Apparitions UFO Sightings Crop Circles What do these have in common Earth energies expert Richard Leviton is convinced that these three seemingly distinct phenomena are all interconnected And he insists the signs indicate something very real and very important is happening we re fast approaching the end of the world as we know it and that might not be such a bad thing In Signs on the Earth Leviton combines newspaper and firsthand accounts with his own intuitive research to examine the exploding number of such reports from around the world He focuses his study by selecting a handful of Marian apparition sites including Lourdes Fatima Medjugorje and others as well as UFO hot spots such as California s Topanga Canyon and the Hudson River Valley For his investigation of the crop circle phenomenon Leviton takes you Wiltshire England an area he calls the crop circle mecca Encouraging you to think of the Earth as a cosmic bulletin board Leviton believes that these phenomena are messages from the galaxy and the spiritual

worlds offering us an unprecedented opportunity to enter the next level of reality Signs on the Earth shows that these signs are literally directions to a 3 step process for looking within as well as beyond yourself and unlocking your vast spiritual potential
