policy support for collective bargaining He argues that this development has serious implications for economic efficiency and competitiveness but above all for the health of the democratic process **Representation and Democratic Theory** David

Laycock,2011-11-01 With public confidence in representative institutions dropping to distressing levels it is time for political theorists to reconnect issues of representation to considerations of justice rights citizenship pluralism and community

world of empires These diverse interactions set into motion processes of globalisation but the emergence of a shared material and cultural koine across the Mediterranean was accompanied by the diverse ways in which Greek and non Greek cultures adopted and adapted elements of this global koine The book explores the paradoxical role of Greek culture in the processes of ancient globalisation as well as the peculiar way in which Greek culture was shaped by its interaction with non Greek cultures
