## **Logic Of Evangelism:**

The Logic of Evangelism Michael J. Gehring, Andrew D. Kinsey, Vaughn W. Baker, 2019-02-14 The publication of William J. Abraham's *The Logic of Evangelism* in 1989 marked a turning point in the field and practice of evangelism. Almost thirty years later, the book still provokes discussion as it stimulates both theorists and practitioners to comprehend evangelism as initiation into God's reign. Combining theological insight and historical analysis, Abraham's groundbreaking work remains the primary text to set the stage for how evangelism may be conceived. In these timely essays written by both theologians and church leaders, *The Logic of Evangelism Revisited* takes a critical and yet appreciative look into the ways Abraham's work still speaks to the church in today's world. The authors, coming from a wide array of backgrounds, show how *The Logic of Evangelism* remains a key text into the twenty-first century.

The Logic of Evangelism William James Abraham, 1989 Defining evangelism as initiating people into the kingdom, Abraham critiques contemporary church growth and evangelism from a theological perspective. A good text for a graduate-level course on evangelism.

The Art of Evangelism William J. Abraham, 2011-10-01 Following his best seller *The Logic of Evangelism*, this book takes further Professor Abraham's belief that evangelism should involve taking the whole gospel to the whole person. The book reveals his understanding that evangelism is more than winning people for Christ; it is a process of discipleship introducing new converts to all the riches of the Christian faith. Of course, anyone can undertake evangelism, but some do it with a slapstick attitude as though they were throwing paint on canvas. In this book, Professor William Abraham declares that evangelism is an art. Evangelism is to be crafted with care; it is to be undertaken thoughtfully; it is to be placed carefully in the overall strategy of church life. Moreover, Christians are not made by throwing words at people; they are won by the care and love of a Christian community that takes seriously its traditions and its Bible.

**Leaning Both Ways at Once** Jeffrey A. Conklin-Miller, 2020-08-26 How should the Methodist tradition continue to embody its evangelistic mission? Some believe effective evangelism requires ecclesial adaptation seeking relevance to attract outsiders. But does this strategy result in the church's embrace of consumer market practices pandering to a world of church shoppers? Others suggest the most evangelistic thing the church can do is to be the church displaying to the world the attractive beauty of a holy community. But could this ironically distance the church from its context and neglect the many ways the church is called to engage the world? The Wesleys formed a people called Methodist embodying an evangelistic mission combining commitments to disciplined spiritual life and vital social engagement. In this book, Conklin Miller suggests faithful United Methodist evangelism requires living in the tension between the church and the world, leaning both ways at once, emphasizing the holiness of the church as a particular people but at the same time being a people sent to intercede in the world as servants, advocates, and witnesses. This understanding constitutes not only a broader reframing of evangelistic mission but also a vision for the identity and agency of the church in the Wesleyan tradition: a Methodist missional ecclesiology.

**In-Between God** Stephen Pickard, 2011-12-28 In *Between God*

explores three important areas for contemporary Christianity theology community and discipleship Part One inquires into the rhythms of faith as it interacts with themes of uncertainty and doubt the nature of theological discourse the task of systematic theology evangelism and the various ways in which theology is done Part Two discusses the importance of place in relation to the church and themes of innovation undecideability and new forms of monastic community Part Three addresses themes in discipleship simplicity mysticism the passions and pilgrimage A red thread connecting these essays is the character of the triune God who is the energy and life in between all things

**Apologetics after Lindbeck** Jeremiah Gibbs, 2015-11-04 Postmodern challenges to the reliability of Christian belief have left many pastors and theologians wondering whether Christian belief should be rationally defended at all Gibbs investigates this possibility by a case study of postmodern theologian George Lindbeck Lindbeck's modern classic *The Nature of Doctrine* is a prime example of theology that is both faithful to the church and highly critical of modern conceptions of faith and reason Gibbs's careful analysis of Lindbeck shows a way forward that embraces Christian apologetics while transforming it to answer postmodern criticisms of modern apologetics The result is a sure confidence that the truth of Christian belief is reasonable even if not able to be proven Not only is Christian truth shown reliable Gibbs argues that apologists can and should defend the reliability of the Christian narrative as the most beautiful and good account of the world as well

**Apologetics after Lindbeck** is a transformation of apologetics that calls the church to faithfully form Christians who can tell a beautiful good and true story of the grace of Jesus Christ

**Immersed in the Life of God** Paul L. Gavrilyuk, Douglas M. Koskela, Jason E. Vickers, 2008-11-03 In this volume honoring William J Abraham noted theologians philosophers and historians offer erudite analysis of various aspects of the faith Scripture conversion initiation liturgy confession reconciliation and more and explore how those elements can serve to effect healing in broken lives Brilliantly highlighting the therapeutic function of the means of grace available in Christian tradition *Immersed in the Life of God* opens a conversation concerning an important theme too often neglected in the church today Contributors Frederick D Aquino Ellen T Charry Paul L Gavrilyuk Douglas M Koskela Sandra Menssen R R Reno Thomas D Sullivan Jason E Vickers Geoffrey Wainwright Robert W Wall and Jerry L Wals

**The Evangelistic Love of God & Neighbor** Bishop Scott J. Jones, 2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one's overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with

who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God's love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God

**The Oxbridge Evangelist** Michael J Gehring, 2017-11-30 In *The Oxbridge Evangelist Motivations Practices and Legacy of C S Lewis* Michael Gehring examines the evangelistic practices of one of the most significant lay evangelists of the twentieth century In the 1930s his contemporaries would never have predicted the scope of the legacy that Lewis was to leave behind him Although millions across the world have been influenced by Lewis's evangelical thought Lewis scholarship has not paid sufficient attention to this crucial side of this multifaceted author *The Oxbridge Evangelist* examines Lewis's loss and recovery of faith and it shows how his experience heightened his own awareness of the loss of the Christian faith in England Because of his ability to identify with others Lewis engaged in the work of evangelism with uncanny skill This work required singular courage on his part it cost him dearly professionally and in his relationships Gehring critically explores Lewis's motivations practices and legacy of evangelism In doing so he provides penetrating insight for those interested in the theory and practice of evangelism in a culture that too readily leaves it to the crazies of the Christian tradition or relegates it to the margins of church life

**The Westminster Handbook to Reformed Theology** Donald K. McKim, 2001-01-01 Compact yet comprehensive entries on theological terms as understood from a Reformed perspective are contained in this book With pieces written by esteemed Reformed scholars this book gives easy access to a wealth of theological information and summarizes the most significant aspects of Reformed theology

**The Negro's Church** Benjamin E. Mays, 2015-08-04 Benjamin E Mays 1894 1984 was President and Professor Emeritus of Morehouse College

**What is Mission?** J. Andrew Kirk, How should today's Church shape its response to the Gospel How can we set about making disciples of all nations in our post Christian multifaith world What does mission mean in our times Here is a book that addresses these issues and many more with honesty and openness It strips mission of its old associations with colonialism and militarism It looks anew at the underlying theology reminding us that our task is God's mission not a human construct It explores key aspects of contemporary mission from the familiar such as the relation of mission to evangelism and to people of other faiths to the unusual and thought provoking such as mission and the environment justice for the poor and the overcoming of violence Students of mission and Christians who wish to engage with today's world to integrate faith and life will find here an inclusive comprehensive and lucid presentation of all the relevant discussions

*Saving Women* Lacey C. Warner, 2007 *Saving Women* is a much needed study of women's contributions to the theology of evangelism Through a careful consideration of the primary sources of six Protestant women ministering in

America from 1800 1950 this historical and theological study demonstrates that these women combined verbal proclamation with other historic Christian practices in their roles as preacher visitor missionary educator activist and reformer

Evangelical Dictionary of Theology Walter A. James, 2018 Defying predictions of the inevitable decline of Christianity in the US Church Planting in Post-Christian Soil presents the untold story of new churches springing up in Seattle one of the most post-Christian cities in the nation **How to See the Holy Spirit, Angels, and Demons** Gordon James Klingenschmitt, 2013-12-01 Are God angels and demons really invisible Or can the spirits be seen with human eyes through the lens of Church Ethics The gift of discerning of spirits is indispensable to the study of church ethics Ignatius of Loyola founder of the Society of Jesus Jesuits wrote two sets of Rules for Discerning of Spirits in his Spiritual Exercises in the early 1500s He taught how the church can receive from God the gift to see otherwise invisible angels demons and the Holy Spirit Ignatius views were influenced by John Cassian Jacobus de Voragine Ludolph of Saxony and Thomas a Kempis Ignatius Rules are exegeted in dialogue with contemporary scholars Karl Rahner Hugo Rahner Piet Penning de Vries Jules Toner and Timothy Gallagher and applied to one study of ecclesial ethics in the narrative theology of Samuel Wells A four step Ignatian pneumatological ethical method is developed which any analyst can follow to see the spirits by consolation desolation consent manifestation and pneumatological discernment This method revolutionizes how we study ecclesiology soteriology missiology world religions liturgy worship Eucharist hermeneutics homiletics pastoral counseling church history and politics The spirits are not invisible at all They can be clearly discerned through the lens of ecclesial ethics **The Gift of Small** Allen T. Stanton, 2024-10-22 Most churches in the US are small membership congregations As Allen T Stanton notes most church leadership resources focus on membership growth as a central guiding paradigm for the work of the church The assumption is that membership growth is a natural outcome of a healthy congregation and successful ministry However Stanton argues that this assumption fails to engage theologically with the vocational gifts that small membership churches offer This oversight fuels the perception that small congregations are failing in their ministries or lack vitality Instead The Gift of Small argues that small membership congregations are well positioned for the faithful effective work of the church Stanton explores the roles that relationships play in faith formation and organizational leadership in small membership churches In doing so he highlights the profiles of people who belong to these congregations and examines the assets they bring The result is a renewed understanding of the critical role that small membership churches often play in their members vocational discovery and community leadership development Stanton grounds his observations in Jesus's teachings that use the imagery of small to represent powerful agents of transformation The Gift of Small can help clergy and lay leaders recover from discouragement and disillusionment regarding the often disregarded work done in small membership churches This book will serve as a reinvigorating guide to

help such clergy and leaders see their congregations vital impact with clearer and fresher eyes This book in turn will facilitate a renewed commitment to the work of small membership churches      **Recovering the Evangelical Sacrament**  
Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest though it frequently appears within broader studies of sacraments liturgy worship and ecumenical studies and within confessional bounds credobaptist or paedobaptist yet it is rarely discussed by Evangelicals This book however is neither an apologetic for credobaptism nor paedobaptism rather Cross believes that as practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4 5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting      *World Christian Trends Ad30-ad2200 (hb)* ,2001
