**The Linguist** Steve Kaufmann,2003 *How You Learn Languages is Wrong, A Guide to Learning Correctly* Megan DePerro,2014-05-17 This easy to read book gives you a plethora of insight on how to go about learning your second or third language I give plenty of examples in each section of what you need to do so that you know you re doing it correctly This book teaches you how to teach yourself another language using a format I have used for myself to learn eight languages that naturally comes to me Learning another language in public school left millions of us frustrated and forgetting but this method is a natural way to learn starting small with phonemes and working your way up to constructing sentences using the correct syntax and grammar **The Language Secret: How to Learn a Foreign Language** John Stedman,2021-10-02

What do you call someone who speaks three languages Trilingual What do you call someone who speaks two languages Bilingual What do you call someone who speaks one language English American Australian The author of this book spent many years as a linguist in Africa which is where I first heard the joke that begins this introduction and frequently met people who spoke eight nine or ten languages Most of these people would not consider themselves remarkable in any way Some of them could not even read But unwittingly all of them had stumbled upon The Language Secret And it is my pleasure to reveal it to you in the pages that follow None of the information we are about to present is new or unknown in academia It is however almost entirely absent from language teaching in classrooms and lamentably under used in self help language books Some very simple but powerful ideas and linguistic discoveries have remained a secret to non specialists even in countries where people tend to speak several languages as a matter of course But The Language Secret should be available to everyone who wants to know it In the course of our quest for answers we shall be meeting and learning from a varied cast

of characters including Inspector Clouseau he of Pink Panther fame Harold Godwinson and his nemesis William the Conqueror Lemmy from Mothead J rgen Klopp Dick Van Dyke Michel Barnier Nimrod the Hunter and Jane Birkin Seriously One of the neglected tools in the language acquisition toolbox is humour And although we shall be employing that instrument to the full do not be deceived this is an academically rigorous book But if you do want to learn and you have ever asked yourself any of the following questions this book is for you How long does it take to learn a language What is grammar and do I really have to learn it Can only gifted people learn languages How can I acquire an authentic accent Why have my previous attempts at learning a language ended in disappointment Are there any shortcuts to communicating quickly and effectively in other languages Since everyone speaks English anyway why make the effort to learn another language Are some languages easier to learn than others Why are we mother tongue English speakers notoriously monolingual Why are we in fact among the best placed in the world to be multilingual This modest tome will not though make you a specialist in any one language There are plenty of self help books and exhaustive grammars available if you want to master any particular tongue But what we will do is show the principles that apply to learning all languages any language And in case you don t want to plough through the next 200 odd pages to discover the secret here it is in one sentence If you want to communicate well in another language you first have to learn to speak it badly Not as easy as it sounds But we can show you how
