Timely Psychosocial Interventions in

Dementia Care Jill Manthorpe, Esme Moniz-Cook, 2020-03-19 This new edited volume seeks to meet the growing need for ways to support people with dementia across the whole course and trajectory of dementia care with a wide scope of expertise. The book addresses how practitioners and carers can apply psychosocial interventions which take into consideration the individual social and environmental aspects of a person's life across this trajectory right from the earliest stages through to practice in care home settings. Divided into four sections each covers a different context in which people with dementia can be supported at home in community settings, family and carer support and those in care homes and hospitals. In addition, there is a distinct focus throughout on evidence-based practice and its implementation in real world settings. This book is essential reading for any practitioner and caregiver wanting to support people with dementia.

Spiritual Assessment and Intervention with Older Adults Mark Brennan, Deborah Heiser, 2013-04-03 Stay up to date with the latest innovative methods of meeting the spiritual needs of the elderly. *Spiritual Assessment and Intervention: Current Directions and Applications* examines current state of the art efforts in the development and implementation of spiritual interventions for older adults. Academics and practitioners working in social work, social welfare, medicine and mental health and aging present innovative approaches to meeting major challenges in the field of gerontology including elder abuse, dementia care, giving palliative care and intergenerational relationships. The book provides practical methods for dealing with the problems and pitfalls of starting and evaluating interventions of a spiritual nature in a variety of community-based and institutional settings. *Spiritual Assessment and Intervention: Current Directions and Applications* provides you with an overview of current and future methods and means of providing spiritual support to the elderly as they struggle with the problems and possibilities of aging in today's complex world. Growing interest in the positive effects that religiousness and spirituality can have on life stress has created a growing need for research and practice models that strengthen, reinforce or promote the spiritual well-being of older adults. This collection first presented in 2003 at the 56th Annual Scientific Meeting of the Gerontological Society of America addresses the important care-giving and practice issues involving the physical and psychological health of older adults. *Spiritual Assessment and Intervention: Current Directions and Applications* examines how older adults use narrative therapy to manage adversity and maintain self-efficacy, how faith-based communities can be enlisted as important social resources, a pilot government-funded project to raise awareness of elder abuse in faith communities, an intergenerational project involving a preschool and a retirement community, spiritual activities for adults with Alzheimer's disease, the Creating Alternative Relaxing Environment (CARE) Cabinet intervention. *Spiritual Assessment and Intervention: Current Directions and Applications* is an essential resource for gerontological practitioners from the biological/clinical including physicians, physician assistants, nurses and dentists, behavioral and social sciences including anthropologists, psychologists, social workers, sociologists and researchers and for health care administrators.
