The Chaos Formula (Goddess Dark Fantasy) Richard Stooker, Can Jaxon Hampton love the Moon Queen enough to save Earth If Zeth the servant of her enemies the Shadow Giants defeats Jaxon in battle the Shadow Giants unleash chaos on Earth and destroy humanity Every night Jaxon experiences vivid recurring dreams in which 10 000 years ago he escorts a beautiful woman through many dangers to the top of a cliff overlooking the Nile River How come his boss's daughter dreams the same story And why does a strange man hypnotize Jaxon to take the young woman to a bluff overlooking the Mississippi River during the next full moon Jaxon works as head trader for a small money management business His boss tells him she came up with a sure fire trading system the Chaos Formula Her test account verifies a terrifyingly high number of winning trades Jaxon can't believe Stock market results form a random bell shaped curve Perhaps not a strictly normal distribution but unpredictable Yet this ability of his boss to foretell stock market results constitutes just one sign of reality going haywire What compels Jaxon to spend his evenings staring up at the moon even to the point he forces his girlfriend to leave him Every night he dreams he wields a bronze sword ten thousand years in the past at the mouth of the Nile River long before the pyramids He fights as a soldier for the king of a growing empire The other soldiers call him Blood Reaper One night the king assigns him to take a young woman far upriver for a sacrifice A strangely beautiful woman despite her white skin blue eyes and gold hair She must travel to where bluffs overlook the Nile River protected only by Jaxon against roving animals wild people and superstitious dirt farmers Jaxon does not understand why the sacrifice takes place so far from the temples but he must obey his king He figures a wealthy merchant wishes to sacrifice an ex mistress to gain merit with the gods instead of just selling her to a brothel When she reveals her true identity as the Moon Queen herself he does not believe until he meets her ancient enemies the Shadow Giants How and why does his boss's daughter Laura Ewing dream the same story only as the woman And how can he and Laura use her mother's Chaos Formula to win over five hundred dollars at a Mini Bac table at the Lumiere Place Casino Why does Mr bin Hasad the small dapper foreigner keep visiting Jaxon on his job even though he doesn't open up a trading account And Jaxon can't remember what they discuss How did Jaxon's brother Keith buy the most evil book in the world from Ken the Romani and Bosnian refugee who runs the largest occult bookstore in the New World when Keith claims he stops dealing drugs Why does someone calling himself Zeth kill young women and drain their blood into a crystal bowl to scry messages to and from the Shadow Giants Blood Reaper's story comes to a conclusion on top of the cliff overlooking the Nile

River Jaxon's story reaches its conclusion on top of a bluff overlooking the Mississippi River Who lives Who dies Do the Shadow Giants overwhelm life on Earth with chaos and destruction To find out scroll up and download the dark fantasy adventure The Chaos Formula now This paranormal fantasy adventure combines stories from ten thousand years ago a nitty gritty historical dark fantasy with a contemporary dark fantasy in the modern world A form of urban fantasy as well **Die besten Voll-und Nebenverdienste** Roland Benn,2022-07-25 Wenn Sie im Leben etwas erreichen wollen müssen Sie endlich für sich selber arbeiten Werden Sie Ihr eigener Chef Wie und womit Dieser Band 2 verrät Ihnen viele Konzepte mit denen es gelingen wird Neben und Vollverdienste die auch wirklich etwas einbringen Einige sind ganz neu und wurden erstmals veröffentlicht **Mexican Folk Narrative from the Los Angeles Area** Elaine K. Miller,2014-08-27 Urban Los Angeles is the setting in which Elaine Miller has collected her narratives from Mexican Americans The Mexican folk tradition varied and richly expressive of the inner life not only of a people but also of the individual as each lives it and personalizes it is abundantly present in the United States Since it is in the urban centers that most Mexican Americans have lived this collection represents an important contribution to the study of that tradition and to the study of the changes urban life effects on traditional folklore The collection includes sixty two legendary narratives and twenty traditional tales The legendary narratives deal with the virgins and saints as well as with such familiar characters as the vanishing hitchhiker the headless horseman and the llorona Familiar characters appear in the traditional tales Juan del Oso Blancaflor Pedro de Ordimalas and others Elaine Miller concludes that the traditional tales are dying out in the city because tale telling itself is not suited to the fast pace of modern urban life and the situations and characters in the tales are not perceived by the people to be meaningfully related to the everyday challenges and concerns of that life The legendary tales survive longer in an urban setting because although containing fantastic elements they are related to the beliefs and hopes of the narrator even in the city one may be led to buried treasure on some dark night by a mysterious woman The penchant of the informants for the fantastic in many of their tales often reflects their hopes and fears such as their dreams of suddenly acquiring wealth or their fears of being haunted by the dead Miller closely observes the teller's relation to the stories to the duendes the nimas Death God the devil and she notes the tension on the part of the informant in his relation to their religion The material is documented according to several standard tale and motif indices and is placed within the context of the larger body of Hispanic folk tradition by the citation of parallel versions throughout the Hispanic world The tales transcribed from taped interviews are presented in colloquial Spanish accompanied by summaries in English *The Writer's Digest* ,1927
