International Public Relations A Comparative Analysis:

International Public Relations Hugh M. Culbertson, Ni Chen, 2013-11-05 As a formal occupation public relations grew primarily in the United States through much of the twentieth century In recent years however it has spread rapidly throughout the world Broad outlines on how public relations practices differ from country to country have only recently begun to take shape in scholarly writing about the field The existing literature on international public relations tends to focus on how those working for western organizations particularly multi national corporations can best practice abroad Although useful such writings tend to focus on adaptation of western approaches not on development of new ones designed specifically for varied sociocultural settings around the world The editors have produced this book for a number of reasons There has been tremendous growth in the teaching of public relations around the world enhancing practice in many countries outside North America There has also been rapid growth in the number of professors who demand theoretical perspectives which might facilitate a unified comparative analysis across countries and regions Only a few U S universities six documented in this book now teach courses formerly called International Public Relations However many professors are going abroad to teach and do research This suggests increased interest in and a need for courses dealing with international public relations Furthermore there is a dearth of literature dealing in depth with international PR an important component of international communication This appears to be the first book length comparative analysis of public relations as practiced in various countries and regions around the world Although existing books on international PR focus largely on ways in which western practitioners employers and clients can operate effectively in other countries this volume views public relations in each country or region covered from the perspective of practitioners in that country It contains six chapters designed to provide a theoretical anchor for the 14 country and region analyses Given the intense interest in public relations education as a factor in professional enhancement it also discusses issues and practices relating to education

International Public Relations Amalia Mesa-Bains, Judith Shulman, 1996 As a formal occupation public relations grew primarily in the United States through much of the twentieth century In recent years however it has spread rapidly throughout the world Broad outlines on how public relations practices differ from country to country have only recently begun to take shape in scholarly writing about the field The existing literature on international public relations tends to focus on how those working for western organizations particularly multi national corporations can best practice abroad Although useful such writings tend to focus on adaptation of western approaches not on development of new ones designed specifically for varied sociocultural settings around the world The editors have produced this book for a number of reasons There has been tremendous growth in the teaching of public relations around the world enhancing practice in many countries outside North America There has also been rapid growth in the number of professors who demand theoretical perspectives which might facilitate a unified comparative analysis across countries and regions Only a few U S universities six documented in this book now teach courses formerly called

International Public Relations However many professors are going abroad to teach and do research This suggests increased interest in and a need for courses dealing with international public relations Furthermore there is a dearth of literature dealing in depth with international PR an important component of international communication This appears to be the first book length comparative analysis of public relations as practiced in various countries and regions around the world Although existing books on international PR focus largely on ways in which western practitioners employers and clients can operate effectively in other countries this volume views public relations in each country or region covered from the perspective of practitioners in that country It contains six chapters designed to provide a theoretical anchor for the 14 country and region analyses Given the intense interest in public relations education as a factor in professional enhancement it also discusses issues and practices relating to education

International Public Relations Patricia A. Curtin, T. Kenn Gaither, 2007-01-18

International Public Relations Negotiating Culture Identity and Power offers the first critical cultural approach to international public relations theory and practice Authors Patricia A Curtin and T Kenn Gaither introduce students to a cultural economic model and to the accompanying practice matrix to explain public relations techniques and practices in a variety of regulatory political and cultural climates Key Features Illustrates how theory informs practice The cultural economic model is built around the circuit of culture theory and the associated practice matrix shows students how to apply this theory to any particular problem or issue Offers a truly international scope Going beyond the Western democratic corporate perspective this book critically examines the global diversity of public relations practice with examples from countries around the world Represents a paradigm shift in international public relations scholarship Extending well beyond regional and case study approaches the integrated critical cultural technique of this book extends current theory Emphasizes values and ethics Guidelines for ethical practice are provided to more effectively negotiate the international terrain Intended Audience This text is designed for advanced undergraduate and graduate courses in International Public Relations In addition it is an excellent supplemental text for courses such as Public Relations Theory Public Relations Campaigns Public Relations Planning and Management and Public Relations Case Studies
