## **Interpreting The Revelation With Edgar Cayce:**

Interpreting the Revelation with Edgar Cayce J. Everett Irion, 1982      **Edgar Cayce's Amazing Interpretation of the Revelation** John Van Auken, 2015-03-20 From the first century AD to these times the Revelation has fascinated and puzzled spiritual people Its incredible imagery and often terrifying warnings have captured the attention of psychologists artists homemakers and rock musicians and provided fodder for TV evangelists In this amazing book Edgar Cayce s surprising interpretation turns the Revelation into a powerful study guide for all to use in spiritualizing body and mind Cayce taught that the visions the experiences the names the churches the places the dragons the cities all are but emblems of those forces that may war within the individual in its journey through the material or from the entering into the material manifestation i e physical body and this world to the entering into the glory or the awakening in the spirit With this in mind we take a very different tour through the wonders of the Apostle John s vision a tour that actually has much to give us Moving through the first several chapters of John s vision we find guidance for awakening the best within us physically and in the subsequent chapters John gives us insights for awakening the best within our minds Ultimately this all leads us to new body and a new mind And John Van Auken s easy reading manner and his use of many supporting sources opens the seemingly impenetrable Revelation to our understanding      **Edgar Cayce on Angels, Archangels and the Unseen Forces** Robert J. Grant, 2005-06 The next step for those who want to discover angels in their lives this book goes beyond angelic appearances to a keen new awareness of how angels influence world evolution and one s own personal psyche You will explore new research on angels roles in personal and planetary karma the angelic hierarchy the origin and destiny of Christ archangels and fallen angels and the meaning of angels in the Revelation      Edgar Cayce on the Revelation John Van Auken, 2005-12-19 From the first century A D to the new millennium The Book of Revelation s incredible imagery and terrifying warnings have captured the attention of psychologists artists homemakers and rock musicians and provided fodder for TV evangelists Revelation has also fascinated and puzzled spiritual people especially the legendary psychic Edgar Cayce 1877 1945 In this book compiled by Cayce expert John Van Auken Cayce s fresh interpretation of this Biblical text turns the Revelation into a powerful approachable study guide for spiritualizing body and mind back cover      **Edgar Cayce in Context** K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce

s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective The revelation of St. John Irma Korte,2020-01-03 Could the Revelation of St John inspire us even today in our own spiritual quest Yes answers Dr Korte an author of several books and articles interpreting myths and the Bible as she reads man s spiritual transformation in St John s visions Irma Korte questions the common view of Revelation as a prophesy of horrors and God s revenge and instead invites the reader into man s inner world Here St John contemplates in pictorial mythical language the most essential problems in religion such as the nature of man reality and evil As the visions proceed St John himself experiences a profound inner change He gives up alienating religious beliefs and moves toward ever deeper spirituality culminating in the final illumination Interpreting the visions much like myths are analyzed in Jungian thought Dr Korte compares the images in St John s visions to those from other religious texts psychological and philosophical theories mythology and yoga literature as well as from dreams and experiences of present day men and women The many quotations from the works of Occidental and Oriental mystics testify that they have used images similar to those of St John in recounting their own experiences These mystics include among others St Teresa of Avila St John of the Cross and Paramahansa Yogananda *Are We Listening to the Angels?* Robert J. Grant,1995 Author Grant takes readers beyond the fact of angelic appearances to show how angels influence the world He includes new research on angels role in personal and planetary karma the angelic hierarchy the origin and destiny of Christ archangels fallen angels and what the Revelation really means
