New Religious Movements in Modern Asian History David W. Kim,2020-09-30 This book provides evidence that the emergence of Asian new religious movements NRMs was predominantly the result of anti colonial ideology from local religious groups or individuals The contributors argue that when traditional religions were powerless to maintain their cultural heritage the leadership of NRMs adduced alternative principles and the new teachings of each NRM attracted the local people enough for them to change their beliefs The contributors argue that as a whole the Asian new religious movements overall were very ardent and progressive in transmitting their new ideologies The varied viewpoints in this volume attest to the consistent development of Asian NRMs from domestic and international dimensions by replacing old traditional religions **Forthcoming Books** Rose Army,2002 The Art of Living Foundation Stephen Jacobs,2016-03-09 The Hindu derived meditation movement The Art of Living AOL founded in 1981 by Sri Sri Ravi Shankar in Bangalore has grown into a global organization which claims presence in more than 150 countries Stephen Jacobs presents the first comprehensive study of AOL as an important transnational movement and an alternative global spirituality Exploring the nature and characteristics of spirituality in the contemporary global context Jacobs considers whether alternative spiritualities are primarily concerned with individual wellbeing and can simply be regarded as another consumer product The book concludes that involvement in movements such as AOL is not necessarily narcissistic but can foster a sense of community and inspire altruistic activity *Subject Guide to Books in Print* ,1991 *Social Responsibility and Corporate Governance* Matjaž Mulej,Grażyna O'Sullivan,Tjaša Štrukelj,2020-09-15 This book illustrates how CSR can be used as a tool to improve corporate governance in organizations and improve the relationship between business and society Connecting corporate social responsibility CSR with corporate governance CG is a 21st century challenge and the book argues that CSR and CG should be addressed together in synergy in the management literature Linking these two crucial business functions it describes the preconditions for successful integration and the tools for practical implementation Volume 1 covers corporate governance from the perspective of CSR where responsible and sustainable business is a common goal and the tasks are to create core values business policy and organizational strategies **New York Magazine** ,1993-01-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea The Sabbath Recorder ,1903 Indian National Bibliography B.
