Heymann, Robert Bloom, 1988-07-07 This book provides a broad based approach to decision support systems DSS and their applications to finance and accounting Heymann and Bloom go beyond mere description of DSS applications for particular system configurations to provide a comprehensive technical analysis They identify the changing roles over time of finance and accounting within organizational management and business control systems outline the foundation of economic models within the objectives and methodology of scientific research and provide an introduction to the logical structure of theoretical models in finance and accounting The systems approach is examined as an alternative to the traditional decision model approach and different tasks within a firm are presented in terms of complex and integrated management processes In addition the authors describe the role of DSS in the management of a firm present specific applications of DSS in the areas of finance and accounting and discuss the future outlook of DSS in computerized management systems as well as their possible effects on organizational structures and management control procedures

Advertising Self-Regulation and Outside Participation Jean J. Boddewyn, 1988-05-17 Boddewyn s book provides a rare insight into how advertising self regulatory bodies really work with or without outsiders Many other studies have lauded self regulation or dismissed it preemptorily but this book focuses on its logic limits and ultimate contributions to the societal control of advertising It shows how outsiders where available and willing to participate contribute to its functioning while the advertising industry remains in control of the standards applied by self regulatory bodies Practitioners consumerists and policy makers should greatly benefit from reading this multinational comparison of a dozen countries with very different economic and legal environments Sylvan M Barnet Jr Chairman Advisory Council International Advertising Association It is generally recognized that the development and application of voluntary industry standards is a necessary complement to governmental regulation of advertising With the expansion of advertising opportunities however the tasks of self regulation have grown along with doubts as to the industry s ability or willingness to enforce appropriate ethical guidelines In attempt to resolve this situation self regulatory bodies increasingly invite the participation of non industry members especially where consumer protection is at issue The first broadly based comparative study of advertising self regulation this book explores the global implications of recent trends through detailed analyses of self regulation in Europe Asia and the Western Hemisphere

Causes of Failure in Performance Appraisal and Supervision Joe Baker, 1988-06-27 Baker has written a practical procedure oriented book with the purpose of helping individuals identify the causes of failure of performance appraisal systems in order to improve their design and operation To

do this he describes procedures useful for identifying discrepancies in a performance appraisal system determining if the system is being effectively implemented and assessing whether the desired objectives are being achieved In general I would agree that Baker has met his goals and his book will be useful to practitioners if they are interested in understanding what they should be doing to conduct effective performance appraisals an organized generally well written book on the performance appraisal process Personnel Psychology Here is a practical procedure oriented guide for managers supervisors human resource professionals and training and development specialists to help identify the causes of failure of performance appraisal and supervision Baker begins with a discussion of the need for procedures to identify the causes of failure of performance appraisal and supervision and describes a sound practical concept of evaluation that can be used to meet this need Systems analysis is used to describe a comprehensive performance appraisal system that contains all of the parts necessary to function effectively The consequences of failure are also enumerated for each step of the process Procedures are included to identify discrepancies in the system design of an organization to determine if the parts of the system are being carried out in practice and to determine if the desired objectives are being achieved These procedures also include ways to determine if appropriate methods are being used to measure performance and ways to control human error Finally the requirements for a continuing evaluation effort are discussed *Effective Information Centers* Robert J.

Thierauf,1988-07-22 This book is designed to help MIS and information center managers and their staffs to efficiently and cost effectively meet the needs of end users in their organizations Focusing on managerial aspects of information centers Robert J Thierauf explores the ways in which new information technology spreadsheets query languages report writers word processing etc can be placed in the hands of end users without the interdepartmental conflict and loss of systems control often associated with such transitions Legal Structure of International Textile Trade Henry R.
