### **CHAPTER 1. Loomings.**

Call me Ishmael. Some years ago—never mind how long precisely—having little or no money in my purse, and nothing particular to interest me on shore, I thought I would sail about a little and see the watery part of the world. It is a way I have of driving off the spleen and regulating the circulation. Whenever I find myself growing grim about the mouth; whenever it is a damp, drizzly November in my soul; whenever I find myself involuntarily pausing before coffin warehouses, and bringing up the rear of every funeral I meet; and especially whenever my hypos get such an upper hand of me, that it requires a strong moral principle to prevent me from deliberately stepping into the street, and methodically knocking people's hats off—then, I account it high time to get to sea as soon as I can. This is my substitute for pistol and ball. With a philosophical flourish Cato throws himself upon his sword; I quietly take to the ship. There is nothing surprising in this. If they but knew it, almost all men in their degree, some time or other, cherish very nearly the same feelings towards the ocean with me.

There now is your insular city of the Manhattoes, belted round by wharves as Indian isles by coral reefs—commerce surrounds it with her surf. Right and left, the streets take you waterward. Its extreme downtown is the battery, where that noble mole is washed by waves, and cooled by breezes, which a few hours previous were out of sight of land. Look at the crowds of water-gazers there.

Circumambulate the city of a dreamy Sabbath afternoon. Go from Corlears Hook to Coenties Slip, and from thence, by Whitehall, northward. What do you see?—Posted like silent sentinels all around the town, stand thousands upon thousands of mortal men fixed in ocean reveries. Some leaning against the spiles; some seated upon the pier-heads; some looking over the bulwarks of ships from China; some high aloft in

**Rites and Passages** Margaret S. Creighton, 1995-08-25 This book contributes to what has recently been called a new social history of seafaring This new maritime history places sailors themselves at the center not the periphery of the maritime past and explores ways that the history of the sea and the history of the shore have intersected It differs from traditional accounts which celebrate exotic trades powerful merchants maritime technologies and military exploits Drawn on the evidence of nearly two hundred ship logs and sailors diaries Rites and Passages examines American whalers at the height of the whaling industry in the 1800s and argues that whaling life and culture was shaped by both the American mainland and by the exigencies of ocean life Unlike other published accounts of seafaring this work brings gender into the maritime equation not only with a discussion of the ways that women figured in this male world but also with an examination of the ways that seafaring served as a rite of passage into manhood

**Moby-Dick** Herman Melville, 2017-04-29 Moby Dick is a novel by American writer Herman published in 1851 during the period of the American Renaissance. Sailor Ishmael tells the story of the obsessive quest of Ahab, captain of the whaler the Pequod, for revenge on Moby Dick, the white whale that on the previous whaling voyage bit off Ahab's leg at the knee. The novel was a commercial failure and out of print at the time of the author's death in 1891, but during the 20th century its reputation as a Great American Novel was established.

Summary: Ishmael travels in December from Manhattan Island to New Bedford with plans to sign up for a whaling voyage. The inn where he arrives is so crowded he must share a bed with the tattooed Polynesian Queequeg, a harpooneer whose father was king of the fictional island of Rokovoko. The next morning Ishmael and Queequeg attend Father Mapple's sermon on Jonah, then head for Nantucket. Ishmael signs up with the Quaker ship owners Bildad and Peleg for a voyage on their whaler Pequod. Peleg describes Captain Ahab: He's a grand ungodly, god-like man who nevertheless has his humanities. They hire Queequeg the following morning. A man named Elijah prophesies a dire fate should Ishmael and Queequeg join Ahab. While provisions are loaded, shadowy figures board the ship. On a cold Christmas Day the Pequod leaves the harbor. Ishmael discusses cetology, the zoological classification and natural history of the whale, and describes the crew members. The chief mate is 30-year-old Starbuck, a Nantucket Quaker with a realist mentality whose harpooneer is Queequeg; second mate is Stubb from Cape Cod, happy-go-lucky and cheerful whose harpooneer is Tashtego, a proud pure-blooded Indian from Gay Head; and the third mate is Flask from Martha's Vineyard, short stout. Excerpt: I stuffed a shirt or two into my old carpet bag, tucked it under my arm, and started for Cape Horn and the Pacific. Quitting the good city of old Manhatta, I duly arrived in New Bedford. It was a Saturday night in December. Much was I disappointed upon learning that the little packet for Nantucket had already sailed, and that no way of reaching that place would offer till the following Monday. As most young candidates for the pains and penalties of whaling stop at this same New Bedford thence to embark on their voyage, it may as well be related that I for one had no idea of so doing. For my mind was made up to sail in no other than a Nantucket craft, because there was a fine boisterous something about everything connected with that famous old island which amazingly pleased me. Besides, though New Bedford has of late been gradually monopolising the business of whaling, and though in this matter poor old Nantucket is now much behind her, yet Nantucket was her great original, the Tyre of this Carthage, the place where the first dead American whale was stranded. Where else but from Nantucket did those aboriginal whalers, the Red Men, first sally out in canoes to give chase to the Leviathan? And where but from Nantucket too did that first adventurous little sloop put forth, partly laden with imported cobblestones, so goes the story, to throw at the whales in order to discover when they were nigh enough to risk a harpoon from the bowsprit.
