Eisenman,2013-10-15 The eighteenth century saw the rise of new and more sympathetic understanding of animals as philosophy literature and art argued that animals could feel and therefore possess inalienable rights This idea gave birth to a diverse movement that affects how we understand our relationship to the natural world The Cry of Nature details a crucial period in the history of this movement revealing the significant role art played in the growth of animal rights Stephen F Eisenman shows how artists from William Hogarth to Pablo Picasso and Sue Coe have represented the suffering chastisement and execution of animals These artists he demonstrates illustrate the lessons of Montaigne Rousseau Darwin Freud and others that humans and animals share an evolutionary heritage of sentience intelligence and empathy and thus animals deserve equal access to the domain of moral right Eisenman also traces the roots of speciesism to the classical world and describes the social role of animals in the demand for emancipation Instructive challenging and always engaging The Cry of Nature is a book for anyone interested in animal rights art history and the history of ideas The Collected Works Philip

Schaff,2022-11-13 Philip Schaff's The Collected Works stands as a monumental contribution to the field of Christian theology and ecclesiastical history This compendium comprises a thorough examination of the development of Christian doctrine drawing on a myriad of historical sources biblical texts and theological discussions Schaff's literary style is characterized by its scholarly rigor lucidity and a deep commitment to historical continuity offering readers an engaging narrative interspersed with critical analysis and contextual elaboration that is crucial for understanding the evolution of Christian thought The work reflects the late 19th century context in which it was produced a period marked by both the consolidation of Protestant scholarship and burgeoning ecumenical movements Philip Schaff 1819-1893 a Swiss born theologian arrived in America as part of the wave of European intellectuals seeking new opportunities in the wake of religious and political upheavals His extensive academic career including founding institutions and engaging in theological debates has provided him with profound insights into the interactions between faith and culture Schaff's profound passion for unifying the Christian Church and his extensive scholarly background in history and language shaped the vision for this comprehensive collection The Collected Works is an essential read for scholars theologians and laypersons alike who seek to delve into early Christian history and doctrine Schaff's meticulous scholarship invites readers to engage with the complexities of faith across centuries making it not merely a work of historical documentation but also a compelling narrative that inspires contemporary discourse on Christianity's relevance today

Expressionism Ashley Bassie,2023-12-28 Max Beckmann Otto Dix George Grosz Emil Nolde E L Kirchner Paul Klee Franz Marc as well as the Austrians Oskar Kokoschka and Egon Schiele were among the generation of highly individual artists who contributed to the vivid and often controversial new movement in early twentieth century Germany and Austria Expressionism This publication introduces these artists and their work The author art historian Ashley Bassie explains how Expressionist art led the way to a new intense evocative treatment of psychological emotional and social themes in the early twentieth century The book examines the developments of Expressionism and its key

works highlighting the often intensely subjective imagery and the aspirations and conflicts from which it emerged while focusing precisely on the artists of the movement

Subjectivity in Motion Naamah Akavia, 2013 Naamah Akavia delves deep into the history and life story of Hermann Rorschach the Swiss psychiatrist known today for his inkblot test and examines how the motif of movement figured into his psychological theory and psychiatric practice

Man and His Symbols Carl G. Jung, 2012-02-01 The landmark text about the inner workings of the unconscious mind from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses featuring more than a hundred updated images that break down Carl G Jung's revolutionary ideas What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society The Guardian Our psyche is part of nature and its enigma is limitless Since our inception humanity has looked to dreams for guidance But what are they How can we understand them And how can we use them to shape our lives There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G Jung It is in his life's work that the unconscious mind comes to be understood as an expansive rich world just as vital and true a part of the mind as the conscious and it is in our dreams those personal integral expressions of our deepest selves that it communicates itself to us A seminal text written explicitly for the general reader *Man and His Symbols* is a guide to understanding our dreams and interrogating the many facets of identity our egos and our shadows the dark side of our natures Full of fascinating case studies and examples pulled from philosophy history myth fairy tales and more this groundbreaking work profusely illustrated with hundreds of visual examples offers invaluable insight into the symbols we dream that demand understanding why we seek meaning at all and how these very symbols affect our lives Armed with the knowledge of the self and our shadow we may build fuller more receptive lives By illuminating the means to examine our prejudices interpret psychological meanings break free of our influences and recenter our individuality *Man and His Symbols* proves to be decades after its conception a revelatory absorbing and relevant experience

The Fate of the Animals Morgan Meis, 2022-09-15 In 1913 Franz Marc one of the key figures of German Expressionism created a masterpiece *The Fate of the Animals* With its violent slashes of color and line the painting seemed to prefigure both the outbreak of World War I and more eerily Marc's own death in an artillery barrage at the Battle of Verdun three

years later With his signature blend of wide ranging erudition and lively accessible prose Morgan Meis explores Marc's painting in depth guided in part by a series of letters Marc wrote to his wife Maria while he was a soldier in the war In those letters Marc explores the nature of art the fate of European civilization and the inner spiritual nature of all life Along the way Meis brings in other artists such as D H Lawrence Edgar Degas and Paul Klee to flesh out his argument The Fate of the Animals also explores the darker undercurrents of German apocalyptic thinking in Marc's time especially Norse mythology and the ancient Vedic texts as they influenced Schopenhauer Nietzsche and Heidegger The Fate of the Animals is the second volume of Meis's Three Paintings Trilogy the first volume of which The Drunken Silenus examined a painting by Rubens The third volume forthcoming will consider a painting by Joan Mitchell

Fine Books & Collections ,2007 The Visual Arts in Germany, 1890-1937 Shearer West,2000 This work provides an introduction to the visual arts in Germany from the early years of German unification to World War II The study is an analysis of painting sculpture graphic art design film and photography in relation to a wider set of cultural and social issues that were specific to German modernism It concentrates on the ways in which the production and reception of art interacted with and was affected by responses to unification conflict between left and right political factions gender concerns contemporary philosophical and religious ideas the growth of cities and the increasing importance of mass culture

Acrobatic Modernism from the Avant-Garde to Prehistory Jed Rasula,2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity's restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity recalibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both
