Free Fall Temptation No 251:

The Preacher's Storehouse ... James Edward Vaux, 1878 *The First Temptation* Edwin Zackrison, 2015-10-22 In Christian thought original sin is the theological term for describing the state or condition of universal sinfulness where humans are found as the result of Adams sin according to the Biblical account It stands distinct from actual sin or that voluntary conscious transgression of the law of God The doctrine of original sin purports to provide a systematic theological explanation of the Biblical data regarding the radical sinfulness of the human race This entails the Biblical data as well as the study of many significant Christian thinkers and writers The First Temptation explores the early attempts 1850 1900 of Seventh day Adventist theologians to understand where this doctrine fit into their understanding of human salvation Inheriting most of their theology from New England in the mid 1800s these SDA theologians set about to correct what they considered was a perversion of Protestant thought But in their pursuit they found the doctrine becoming the victim of battles between New England and New Haven Theology This book makes a profound contribution to the history of an idea central to the Christian faith As the saying goes If one does not understand the nature of the problem one cannot comprehend the fixing of the problem There is a difference between chronicle and history Chronicle records what happened history illuminates what happened Chronicle provides information history provides understanding Professor Zackrison's study is history in the best sense of the word It is an example of historical theology at its best RICHARD RICE LOMA LINDA UNIVERSITY PROFESSOR Original sin was committed by our first parents and has been passed on to every one of their descendants Adventists have always taught this as it is implicit in our teaching of the New Birth W G C MURDOCH SDA THEOLOGICAL SEMINARY DEAN AND THEOLOGIAN *The Works of William Bridge.
